USE **MONOGRAM OIL** AND PLAY SAFE

MONOGRAM is a pure Pennsylvania crude oil-straight run and uniform to the last drop. Don't take chances with so called "Just-as-good" oils. Most of them are of inferior grade and might cause trouble.

MONOGRAM is used and endorsed by the Packard, Cadillac, Hudson, Dodge, Overland—in fact by most motor makers. It's economical because it insures more mileage and less wear. Get your supply NOW

"YOURS FOR A STRAIGHT DEAL"

Over a Million Dollars to be invested in our combination savings and protection policy, in Rhode Island this year. Why? Because—
FIRST—This combination savings contract, pays $2,500, for death from any cause.
SECOND—It pays $5,000 or double the face of the policy, for death resulting from any accident.
THIRD—It pays $7,500, or three times the face of the policy, for death from travel accident.
FOURTH—It pays $25 weekly, for any accident for 52 weeks, after which the indemnity will be $12.50, per week, as long as the disability continues.
FIFTH—After you have made your savings deposits for ten, fifteen or twenty years, as you like, you will receive $2,500 cash.
Can a savings account do more? Then why should any one be satisfied with a contract that would do less? Strong and as safe as a Government Bond.
You can begin saving now, a small deposit will start you. Sold exclusively by

These are Important Considerations

This service is unique in all New England and does not add a penny to the cost because our fireproof construction with sprinkler system cares for the added expense.

R

Our PLANING MILL on the premises insures delivery as promised, a great factor where labor is involved, for delays are costly.

An Undying Record of Your Business

In a recent law suit involving many thousands of dollars the records of the Boston City Directories of 1870, 1871 and 1872 were accepted as reliable evidence. Such evidence is continually being quoted in important suits. How necessary that proper care should be used by responsible members of the firm that a record having such possibilities should be absolutely correct. It costs but a trifle to insert an advertisement giving all the details and on such a record may hinge in future the disposal of a fortune.

Only pure oak bark tanned leather is used in this quality of picker, and it is treated by a secret process, giving a maximum of resiliency in the cushion, or body where the shuttle strikes, which, it can be readily seen, represents the vital point of value in a loom picker.

The construction of this picker commends itself strongly. We should like to send all the samples you can use.

Pawtucket
A One-Newspaper City

The Pawtucket Times is located in a "one-newspaper city" and it has made good to the interests of its home people and those residing in the surrounding towns which make up its trade zone, to the extent that it has gained a paid for circulation exceeding 23,000 copies every evening.

Pawtucket and the adjoining city of Central Falls have a population of about 85,000. It is easy to understand therefore, how thoroughly the ***Times*** covers its own city and the adjacent towns. It is liberally patronized by Providence merchants because it furnishes the only direct method of reaching a big army of out of town and ready purchasers. There is neither waste nor duplication in its circulation, and every copy possesses a recognized purchasing power efficiency.

IT IS IMPORTANT TO YOU

That you should be correctly listed in the City Directory. In a recent law suit the records of the Boston Directories of 1869-1870 and 1871 were accepted as important evidence in the disposal of a fortune. Make *sure* you are correctly listed each year.

NAMES APPEARING IN BLACK LETTERS

in this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

BUYERS' GUIDE

CITY DIRECTORY

CONSULT IT BEFORE BUYING

ALL THE LEADING PROVIDENCE HOUSES IN EVERY LINE

Looking at the list of all those who sell—the modern way of buying goods.

The man who buys without looking at the list of those who sell does himself a gross injustice.

Using the classified directory of the whole City is like going to the market place; it brings to view each and every individual in any and all lines of trade, and here the intelligent buyer may select the best of everything at the lowest price.

The habit of using the classified directory will save large sums of money and will always secure the best in any line. It is the modern, up-to-date method of getting what you want.

To the advertiser the City Directory is the most economical and effective method of saying what he has to say to the entire population.

Mailing

Your results from any mail campaign depend, first of all, upon your mailing lists. We publish over thirty directories and our access to advance proof sheets enables us to compile up to date lists for thousands of special uses.

Tell us the kind of people you wish to reach and let us go over the details with you instead of spending postage on old lists, containing a large percentage of "deadwood".

In connection with our listing department we have the latest and most improved mechanical equipment for turning out circular letters which look right and get attention.

Phone or write and let us go over your problems. To do so puts you under no obligation. Phone Main 1837.

Any details connected with mail advertising handled promptly and well by our List and Mailing Department.
