INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1967 edition of the Providence City Directory.

Confidence in the continued growth of Providence's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Providence to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Providence Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a large commercial and industrial center like Providence, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Providence, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, the fourth major department, is printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

The Providence Directory Library

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Greater Providence Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

PROVIDENCE, R. I.

"Southern Gateway of New England"

(This information furnished through the courtesy of the Greater Providence Chamber of Commerce)

Statistical Review

Form of Government—Under the New Charter for the City of Providence, approved by referendum on Nov. 7, 1939, elective officers are a mayor, to be elected at large, and members of the council, which body consists of 26 councilmen, two from each of the 13 wards as the same are now constituted. The Charter became effective in its entirety on Jan. 1, 1941.

Population 207,498 (1960 U. S. Census). Predmoninating nationalities in city: Native American, Italian, Irish, Russian, Canadian, English, Polish and Swedish.

Area—18.91 square miles.

Altitude—Maximum, 252.99 feet; minimum, 3.46 feet (above sea level).

Parks and Playgrounds—28 parks covering a total of 700 acres; 46 playgrounds covering 250 acres.

Assessed Valuation—$1,058,346,810 (1965).

Tax Rate—$3.90 per $100 on real estate and tangible personal property; 40¢ per $100 on intangible personal property.

Bonded Debt—$54,169,119 (1965).

Financial Institutions—11.

Postal Receipts—$10,613,800 (1965).

Telephones in Service—451,000 (1965) entire state.

Church Buildings—84.

Building and Construction—Value of building permits in 1965 $13,556,000.

Real Estate—$589,328,500 (1965).

Trade Area—Retail area has radius of 30 miles, and population of 1,500,000.

Hotels—13: Principal downtown hotel is Sheraton-Biltmore.

Railroads—New York, New Haven & Hartford.

Air Transport—The State of Rhode Island owns one of the largest and very finest airports in the U. S. During 1961 a new, modern terminal building was opened at a cost of $3,500,000. The airport now handles 400,000 air passengers a year. It has 4 runways, one of which is 200 feet wide and 5,460 feet long. The other 3 runways are 150 feet wide and 5,000 feet long. They permit the landing and departure of the largest prop planes and medium range jets with the greatest possible safety and convenience. The field is equipped with radar, all lighting facilities. Current plans call for extension of runways to accommodate large jets by June of 1967. Air lines, including Allegheny, American, Eastern, Mohawk, National and United, give superior trunk line, passenger, mail, express and freight service from the airport, which is located at Hillsgrove, a 15 minute run by automobile from the heart of the city. The State also operates the North Central Airport in Smithfield.

Amusements—Largest auditorium in city seats 8,000 people. 11 theatres, with total seating capacity of 20,000 people. A State-owned auditorium seating 2,400 is in use.

Hospitals—8: Recent additions have increased the facilities.

Education—Number of public school buildings, 91, including 4 high and 8 junior high. Number of pupils in public schools, 28,816. Average number of teachers in public schools, 1,255. Value of public school property, $26,500,000.

Libraries—Approximately 2,000,000 volumes in the 10 libraries of the city. An addition to the Public Library has been completed. The Providence Public Library maintains a library for the special use of business interests, including files of city and 'phone directories from all leading cities in the U. S. and from many smaller communities; commercial indices; and technical volumes relating to many kinds of business.

City Statistics—Total street mileage: Platted streets, 421, with 365 miles paved. Miles of gas mains, 835.4; sewers, 442; motorbus lines, 250.94. Capcity of water works (municipal), 85 million gallons (safe yield); daily average pumpage, 43,330,000 gallons; value of plant, $13,853,515. Fire department employes 524 men, with the following equipment and facilities: 54 pieces of apparatus, 26 companies in 16 stations, fire alarm building, repair shop, training school and 3 rescue squads. Police department has 486 men, 94 women crossing guards and 12 women parking checkers, 64-non-uniformed civilian employees, one station, traffic division, detective division, and 85 pieces of motorized equipment, including 26 motorcycles. All fire and police vehicles are equipped with two-way radio. The city was rated the best in the nation in fire prevention for 1965 by the Chamber of Commerce of the United States.

THE DIFFERENCE IS DARIO

Providence is loated at the head of Narragansett Bay, which offers one of the finest ports on the U. S. Coastal line, whether on the Atlantic or the Pacific. The Bay not only is suited for shipping, but it furnishes recreational playgrounds for Rhode Islanders and people from all parts of this country and the world. Newport, which is located at the entrance to the Bay, has long been famous as a resort and showplace. Narragansett, on the opposite side of the Bay entrance from Newport, also is a well-known summer resort. The fishing industry thrives on many parts of the Bay, which yields an abundant supply of fish and shellfish. Many eating places on the Rhode Island shores of Narragansett Bay are well-known for shore dinners, clambakes and Rhode Island johnny cakes.

Providence is one of the nations leading cities in Urban Renewal, with a total investment of 200 million dollars in projects completed, in process, and planned. The "Downtown Master Plan—1970" is one of the most significant projects. Others include the East Side Renewal Project, Lippitt Hill, Weybosset Hill, and the Central-Classical Development Project. The Westminster Mall, dedicated in August of 1965, is an outstanding pedestrian mall, and a feature of Providence's downtown renewal effort.

PROVIDENCE . . . *A New-Old City*

New in Spirit and Vigor—

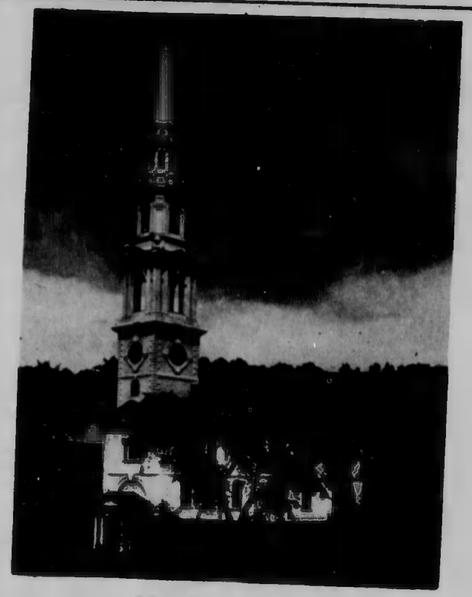
Old in History and Tradition

State Capitol Building, Providence, R. I.

Providence was founded in 1636 by Roger Williams, who received a deed for the land from the Narragansett Indians. The primeval forest were gradually cleared from the hills, and what is now a thriving city gradually developed during the intervening centuries. The fame and importance of Providence has given it a high place among the nation's cities. The name of Roger Williams will always be perpetuated in Providence because it was here for the first time that a charter proclaimed a doctrine of non-interference with the religious beliefs of the people. This doctrine of religious freedom has had much to do with the spirit and growth of the city. People of many nationalities and diverse religious faiths live together in tolerance and mutual respect.

The forefathers of many families which still reside in Rhode Island contributed greatly to the original enterprise of the city and state. These early inhabitants established mills, factories, shipping yards, counting houses, and sailing fleets by which means Providence became an important commercial and industrial center of the Thirteen Colonies. Its prestige has been maintained and broadened so that today metropolitan Providence includes some of the largest single industries in the country and is the largest center in the world for certain industrial products.

Providence is of interest historically by reason of its fine old houses and public edifices that are excellent examples of Colonial architecture. There are the First Baptist Meeting House, built in 1775; the old State House, the old Market Building in Market Square, and private residences too numerous to mention which principally are located on the hill. It is safe to say that there are more varied examples of residential architecture in Providence than in any other city in the U. S., each one a type of the best in architecture covering the period from the Colonial days to the present.



First Baptist Church

The population of Rhode Island is the largest per square mile of any state, and is the smallest state in the Union. Providence is considered the world's largest jewelry manufacturing center and one of the nation's largest centers for the distribution of petroleum products. The city is important in the manufacture of machine tools, rubber goods, iron and steel products, silverware, and textiles, including silk, rayon, cotton, woolen and worsted products. Situated between New York and Boston, which furnish large markets, Providence is in a strategic location for the distribution of goods and services of all kinds. Also, a very considerable foreign trade originated in Providence factories, which send their products to all corners of the world.

According to the U. S. Census of 1960, Providence has 207,498 inhabitants. It should be borne in mind however, in regard to the population figure, that the city limits include only 18.91 square miles, in contrast to the 100 or more square miles of most cities of comparable importance. The State of Rhode Island has 929,000 people, all of whom are in the immediate trading territory of the city, much of which can be considered "bedroom communities" for those who do business and work in Providence. From a commercial standpoint, the trading area of metropolitan Providence includes not only all of Rhode Island, but southern Massachusetts and eastern Connecticut, with a total population of well over 1,500,000.

In addition to excellent port facilities, including both State and Municipal piers, Providence has rail transportation furnished by the New York, New Haven & Hartford Railroad System, extensive overland truck lines, bus service by the New England Transportation Co., Greyhound Lines, Short Line and others, and air service in all directions furnished by the American, Eastern, National, United, Mohawk and Allegheny Air Lines.

Providence is distinghuished for its cultural and educational institutions. Colleges and schools which draw students from all over the world include Brown University, one of the oldest and most distinguished institutions of learning in the U. S. Other colleges are Providence College, founded by the Dominicans; Rhode Island School of Design, Rhode Island College, Pembroke College of Brown University, Bryant College, and the University of Rhode Island, at Kingston. Other cultural and educational advantages include a concert series by the Boston Symphony Orchestra; the Rhode Island Philharmonic Orchestra, which presents a regular schedule of concerts; the Community Concert Association, the Providence Art Club, which sponsors many art exhibits; and the Players, which presents a series of dramatic productions each year.

The excellent library facilities include the Providence Public Library; the John Hay, Rockefeller Carter Brown and Ann Mary Brown libraries at Brown University, the Providence Athenaeum, and the Medical Library of the Rhode Island Medical Association. The museums include a natural history exhibition of Roger Williams Park, and a comprehensive museum display at the Rhode Island School of Design, which houses the famous Pendleton collection of furniture.

The people who work and live in Providence have ample and exceptional opportunities for play and recreation. Rhode Island is a natural playground, with miles of coast line and with beautiful sandy bathing beaches. As mentioned before, the Bay is a great recreational area. The hinterland is beautiful rolling country, dotted with many ponds, lakes and streams. Golf courses, tennis courts, yacht clubs and other recreational facilities are scattered throughout the state. Fine roads and short distances make them all accessible.

Roger Williams Park in Providence is a showplace, with its beautiful flower gardens, acres of shady fields, and a large body of water. This park maintains a zoo and public tennis courts. In winter, residents and visitors also have recreational advantages and sposrts. The state has developed an area at Diamond Hill for skiing and other winter sports. Professional hockey and other winter sports are enjoyed at the Rhode Island Auditorium. The world's first fully automatic post office is located in Prov-

idence's West River Industrial Park, and the city is now protected from hurricane flooding by the Fox Point hurricane barrier which became operative in September of 1965.

Providence is a city small enough to be thoroughly hospitable and have its people know one another, and at the same time large enough to include the advantages of a great city.

Providence Skyline

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber, "◎"—Homeowner.

The City Directory Will Answer Your Everyday Questions - - -

About an Individual

How does he spell his name?.....Alpha.
Is he married? What is his wife's name?.....Alpha.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Colony MOTOR HOTEL

PHONE 467-8800

WILLIAM D. POTTER
General Manager

EAT?
There's no finer food and drink served than at the Marco Polo Restaurant and Cocktail Lounge. Colony Motor Hotel chefs are European-trained and the continental cuisine is the answer to a gourmet's dream. The delightful atmosphere, the striking decor, make this the ideal place to entertain guests.

SLEEP?
You compliment your guests when you put them up at the Colony Motor Hotel. The 137 rooms and suites have been superbly designed for comfort and relaxation. You get motel conveniences with hotel service. There's ample free parking.

MEET?
The handsome Empire Ballroom, or North and South Ballrooms, seat up to 500 . . . and for smaller groups there are impressive Executive Suites, smartly decorated, quiet and comfortable. For either social or business gatherings —large or small—Colony Motor Hotel is the best answer.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Q. How do you get this form and texture across to the reader?

A. With GRAVURE printing.

Photographs are more definite than words, more exact than words, quicker than words and more convincing than words.

They are excellent salesmen if your product appeals because of its texture, taste, color, pattern or general superior quality.

In printing fine photographs Gravure is the ultimate in quality reproduction. Investigate its sales possibilities.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
