107 FRIENDSHIP STREET,

Tel. 3099-8. Providence, R. I.

Before and after taking the White Enamel letter work to do I heard lots of complaints of letters falling off and the bad discolorments of the backs of letters, where dirt and water had lodged, making an eyesore to look upon as you look into the street or toward the window.

When I took this work to do I made up my mind to overcome as much or all defects. Many letter pushers had said it can't be done, only with the suction or empty places in the backs, as the right and only way to put them on.

When I got Mr. A. G. Mink's order, December, 1898, for Snow Street and 59 Weybosset, I made up my mind to change from the old rut of suction backs and fill the backs of all letters. I took three times as long and double the cement. The effect was fine, as good looking as paint, and appreciated by Mr. Mink. The first filled signs in this town. I continue to put on filled back letters yet, or can fill orders the old style way with suction backs, which in time fill with water and dirt and soon drop off. The reason "letter men" talk suction back is its very little cement and little outlay of time, a good price and small amount of labor, they will not contract to fill the backs because it's work and not so much speed. Any orders I receive will have the same attention and care as though I was doing it for myself, and they will not be ashamed of the work. Its good work or nothing and best cement, no botch.

REFERENCES :— Frank Church, Turk's Head, Narragansett Bay Line, Gibsons, Wymans, Wolfs, Shattucks, Restaurants, Dammers, Wm. Grimes & Bro., and G. Buettner, tailor, Pawtucket, all filled back letters.
