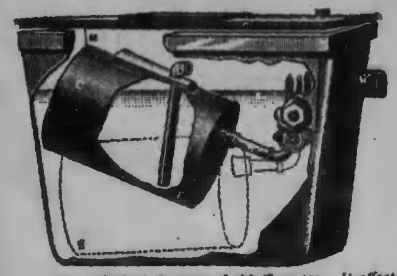
PROVIDENCE - STEAM - TRAP - COMPANY,

ESTABLISHED 1880.



R. NEWTON, Sup't. and Treas.

Received the Highest Award and Diploma at the Exhibition of the Franklin Institute of Philadelphia, Pa., for Steam Traps, 1885.

Patented Oct. 5, 1880, August 7th, 1883, Sept. 4, 1883, January 12, 1886.

Manufacturers of Newton's PATENT STEAM TRAP, Compensating Valve, Oscillating Furnace Bars, and Furnace Economizers. Temperature, Controller, Combined Steam, Water and Dirt Separator and Water Filters. (Patent Applied for.)

The principal features of this Trap are: It affects a large saving in fuel. It is perfectly automatic, requiring no attention. It can be seen in operation by removing the loose cover. All parts are easily accessible. The valve does not lift from its seat. The valve is immersed in water, consequently its temperature cannot rise above 212 degrees, as the box is open to the atmosphere. The water can be elevated from 1 to 6 feet. All Traps are tested up to 200 lbs. pressure and left to work at a pressure ranging from 1-2 ounce to 100 lbs. without requiring any adjustment. It works equally as well on high or low pressure. There is no expansion or contraction.

Warranted for Two Years. Thirty Days Trial Given.

We have sold **Six Hundred** of these traps to twenty of the largest manufacturing concerns in the New England States and Pennsylvania, Some of whose names are here given to whom we refer: Providence Steam and Gas Pipe Co., Providence, R. I., 13; Lowell Bleachery and Dye Works, Lowell, Mass., 86; S. H. Greene & Sons, Riverpoint, R. I., 60; B. B. & R. Knight, Mills in Rhode Island and Massachusetts, 44; Henry Disston & Sons, Philadelphia, Pa., 44; Providence Worsted Mills, Providence, R. I., 33; J. & J. Dobson, Philadelphia, Pa., 28.

Read the following statement of S. H. Greene & Sons, after using this Trap for more than eight years.

Established 1828. CLYDE BLEACHERY AND PRINT WORKS, RIVERPOINT, R. I., Jan. 17, 1881.

MR. R. NEWTON:

Dear Sir,—The Steam Trap we had of you is in successful and very satisfactory operation. Its simplicity in construction and undoubted durability will commend it to all who are in want of a superior Steam Trap. We shall order more when in need of any.

Yours truly, S. H. GREENE & SONS.

PREFACE.

The 49th number of the PROVIDENCE DIRECTORY AND RHODE ISLAND BUSINESS DIRECTORY is herewith presented to the citizens of this State and to our patrons in other States.

There are upon the pages of this book evidences of growth, prosperity and development in City and State. New industries have been started and new business enterprises have claimed and are receiving substantial encouragement from those of our citizens who have heretofore been obliged to go elsewhere for what is now furnished them at home.

It is nevertheless a fact that this growth, prosperity and development have been in a less proportion than could reasonably have been expected in a city of this size and commercial importance. There have been within the last twelve months some indications of our City's advancement in the direction of a solid and well equipped municipality, but this can be hastened, and a higher position among the cities of this growing country, attained, by wise, prompt and generous legislation with reference to all public improvements, and nothing but definite, courageous and vigorous action in dealing with the more important questions of public necessities will satisfy the people of Providence. When this is done, we invite to our citizenship the intelligent, industrious and law abiding, and create inducements for the investment of home and foreign capital, thus insuring great prosperity and the healthful development of our city.

The changes which have occurred among our citizens during the past year, so far as the Directory takes cognizance, are as follows:—

Of those whose names appeared in the Directory of 1888, 11,082 have changed the location of their residences, 2,455 their business location, 1,990 the nature of their business or occupation, and in 485 firms changes have been made either in their names or membership.

The following is a list of citizens whose names appeared in the first Directory of Providence, published in 1824, and are recorded in the Directory of 1889. The year of birth is also given:

Thomas Harkness, 1799; James C. Bucklin, 1801; James H. Read, 1801; David W. Pettey, 1801; R. H. N. Bates, 1801; Edward Congdon, 1802; Thomas R. Briggs, 1807; John S. Harris, 1809; Jeremiah S. Barrett, 1810.

SAMPSON, MURDOCK & CO.

DELBERT L. BARKER, CONTRACTOR,

Mechanics' Exchange, Opp. Post Office,

9 Custom House Street, - Providence, R. I.

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **1,612,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.

I can refer to any of my patrons, a few of whom are

PROVIDENCE STREET DIRECTORY.

GIVING the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of High Street No. 324 comes, you look at High Street, upon page 16, and find that Spring Street runs from 296, and Winter Street from 352, showing that 324 High Street would come about half-way between Spring and Winter Streets.

DELBERT L. BARKER, CONTRACTOR,

Mechanics' Exchange, Opp. Post Office,

9 Custom House Street, - Providence, R. I.

We have the most complete and extensive outfit and the widest experience of any party in New England. With new and special tools we can sink or deepen Cement Tube Wells so that they will never go dry; have left twenty-six feet of water in a thirty-inch tube. We can sink wells in ledge for one-half the price of blasting. We can show any Water Supply Committee **1,612,800** gallons of pure water per day being pumped from our wells. We will show one drilled well earning $25.00 per day, one earning $5.50 per day, one $65.00 well earning $180.00 a year.

I can refer to any of my patrons, a few of whom are

PROVIDENCE STREET DIRECTORY.

GIVING the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of High Street No. 324 comes, you look at High Street, upon page 16, and find that Spring Street runs from 296, and Winter Street from 332, showing that 324 High Street would come about half-way between Spring and Winter Streets.

This Company was organized for the purpose of giving indemnity to steam-users in case of disaster arising from the explosion of steam boilers. We assume the liability of the steam-user, if his boiler explodes, by paying for whatever damage he may become liable for, whether it is for destruction of property owned by himself, or owned by other persons, or whether his liability is for killing or wounding his fellow men—all comes under the protection given by the policy of the American Company, and our indemnity is paid with promptitude. Having large amounts at risk, for our own protection we inspect our boilers with vigilance and care. This Company has rendered effective service to the public in reducing the premium on boiler insurance, and on this account claims the support of all steam-users.

During its entire history, the rate of interest earned by the Northwestern has been and is now higher than that of any other company. W. P. GANNETT, Gen'l Agt., 91 Westminster St., Providence, R. I. See page 1106.

GEO. L. CLAFLIN & CO. Keep in Stock a large line of CHEMICALS, and CHEMICAL GLASSWARE.

The NORTHWESTERN'S death ratio for 1888 was 0.89 of the mean amount at risk. Phenomenally low for a Company *thirty years* old. The average of all companies reporting to Mass. Ins. Department in 1887 was 1.39. See page 1106.

BEDDING PLANTS AT WHOLESALE, W. S. HOGG, 173 Benefit Street.

A higher interest rate and lower death rate than secured by its competitors, with wise and economical management, have made the NORTHWESTERN the most successful life insurance company in the world. See page 1106.

INK that Writes BLACK from the Start, W. K. POTTER, 252 Westminster, cor. Snow St.

During its entire history, the rate of interest earned by the Northwestern has been and *is now* higher than that of any other company. W. P. GANNETT, Gen'l Agt., 91 Westminster St., Providence, R. I. See page 1106.

A higher interest rate and lower death rate than secured by its competitors, with wise and economical management, have made the NORTHWESTERN the most successful life insurance company in the world. See page 1106.

Druggists' Sundries and Fancy Goods, FOR SALE BY GEO. L. CLAFLIN & CO.

Valuing *quality* above quantity the Northwestern has preferred to secure its business under *salutary restrictions*, rather than a sacrifice those valuable points which have made it pre-eminently the POLICY-HOLDERS' COMPANY. Page 1108.

JAMES C. GOFF, Selling Agent For **NAYATT BRICK CO., 2, 4 & 6 Point St.**

A higher interest rate and lower death rate than secured by its competitors, with wise and economical management, have made the NORTHWESTERN the most successful life insurance company in the world. See page 1106.

Jewelers' Tissues, Twine, Wax, SNOW ST. PAPER STORE, 36 SNOW STREET, Providence.

Average mortality of all other companies for ten years, fifty per cent. higher than the NORTHWESTERN. W. P. Gannett, Gen'l Agt., 91 Westminster St., Prov., R. I. SEE PAGE 1106.
