The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

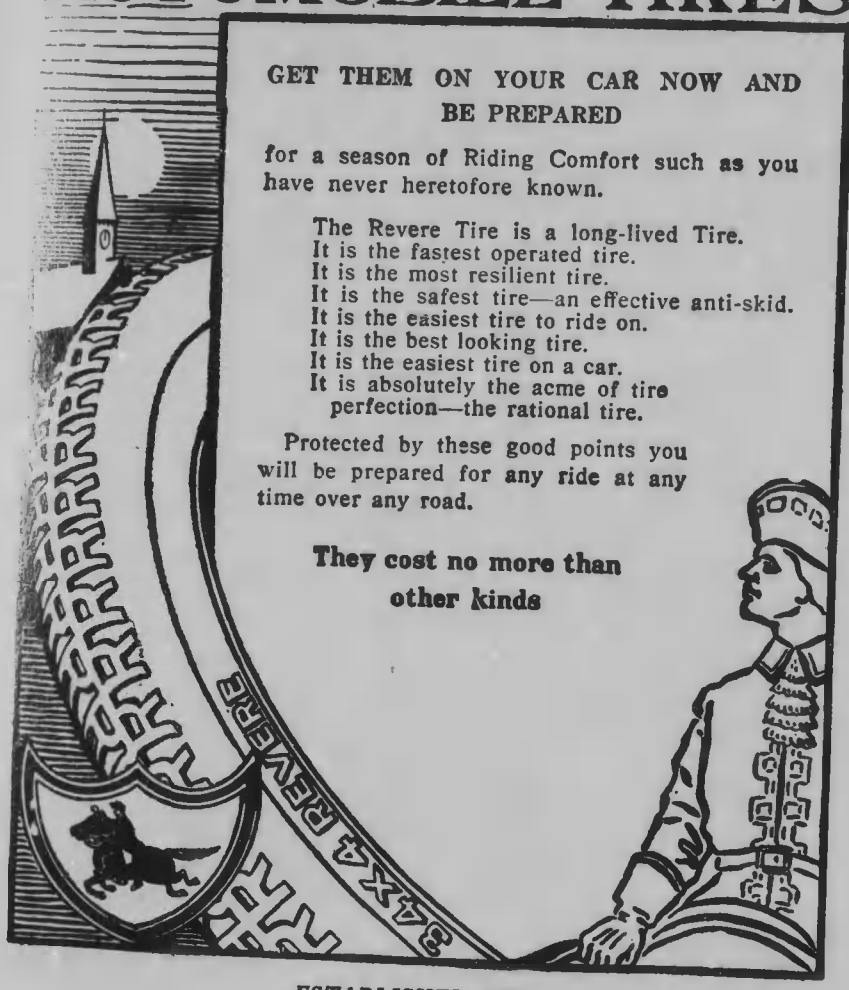
AUTOMOBILE TIRES



GET THEM ON YOUR CAR NOW AND BE PREPARED

for a season of Riding Comfort such as you have never heretofore known.

The Revere Tire is a long-lived Tire.
It is the fastest operated tire.
It is the most resilient tire.
It is the safest tire—an effective anti-skid.
It is the easiest tire to ride on.
It is the best looking tire.
It is the easiest tire on a car.
It is absolutely the acme of tire perfection—the rational tire.

Protected by these good points you will be prepared for any ride at any time over any road.

They cost no more than other kinds

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

USE **MONOGRAM OIL** AND PLAY SAFE

MONOGRAM is a pure Pennsylvania crude oil-straight run and uniform to the last drop. Don't take chances with so called "Just-as-good" oils. Most of them are of inferior grade and might cause trouble.

MONOGRAM is used and endorsed by the Packard, Cadillac, Hudson, Dodge, Overland—in fact by most motor makers. It's economical because it insures more mileage and less wear. Get your supply NOW

Integrity, Ability and Experience—Incorporated

The words printed above express in small compass the whole idea of trust company service as exemplified by the Rhode Island Hospital Trust Company.

A Corporate trustee or executor like this offers you several advantages over an individual undertaking to act in similar capacities. Among the outstanding advantages are these:

Collective and Extensive Experience of a group of trustworthy men who are specialists and experts in their particular lines.

Freedom from any Personal Bias or partiality in the management of property or the handling of trusts.

Uninterrupted and Permanent Attention to the interests placed in its hands.

Strict Supervision by Banking Authorities.

And all these advantages are secured at no greater fee than that to which the individual trustee or executor is entitled

CITIES OF THE WORLD

DETECTIVE AGENCY

IN PROVIDENCE SINCE 1901

Representing Jewelers' Protective Association Since 1906

Our Specialty is PREVENTING STRIKES instead of CREATING them

If you have money to give away, why not give it to Charitable Institutions? Why allow others to "bunco" you out of it under false pretences? You are no doubt pestered daily with warnings of impending trouble and advised by those "good Samaritans" to keep posted. If you fall for it, it is going to cost you money—and it will keep on costing you as long as you deign to "shell" out, and the trouble will continue for the same period.

Now, honor bright, has a representative of ours ever called on you for that purpose? Think it over. We are not creating trouble for anybody to get their money, but if they come to us with their troubles we tell them honestly, after a thorough investigation, whether they are real or imaginary. See the difference? Ask the other fellows about us, they will tell you.

"What You Want—The Way You Want It"

This service is unique in all New England and does not add a penny to the cost because our fireproof construction with sprinkler system cares for the added expense.

Our PLANING MILL on the premises insures delivery as promised, a great factor where labor is involved, for delays are costly.

Pawtucket
A One - Newspaper City

The Pawtucket Times is located in a "one-newspaper city" and it has made good to the interests of its home people and those residing in the surrounding towns which make up its trade zone, to the extent that it has gained a paid for circulation exceeding 23,000 copies every evening.

Pawtucket and the adjoining city of Central Falls have a population of about 80,000. It is easy to understand therefore, how thoroughly the Times covers its own city and the adjacent towns. It is liberally patronized by Providence merchants because it furnishes the only direct method of reaching a big army of out of town and ready purchasers. There is neither waste nor duplication in its circulation, and every copy possesses a recognized purchasing power efficiency.

Barrett Everlastic Roofings and Specialties

TRADE B MARK

FOR over sixty years we have been making roofings and other materials for farm and home. Every article on our list, therefore, may be bought with absolute assurance that it will be found thoroughly practical and reliable in every way.

EVERLASTIC MULTI-SHINGLES—Four shingles in one, each strip being as easily laid as a single shingle of any other kind. Saves labor and nails. The surface is "slated" in red or green. These Everlastic Multi-Shingles give a double thickness all over the roof, with three thicknesses where the wear is most severe. Fire-resisting.

EVERLASTIC SLATE-SURFACED ROOFING—A really splendid roofing, beautiful and artistic when laid. Slate-surfaced, yet sold in rolls. Made from the same materials as Everlastic "Rubber" Roofing with a special wearing-surface of crushed-slate particles, either red or green. Makes a fire-resisting and very durable roof.

EVERLASTIC TYLIKE SHINGLES—Same material as the Multi-Shingles, in red or green. Cut in single shingles, 8 x 12¾ in. Laid like ordinary wooden shingles and provide a triple thickness all over the roof. Make a beautiful, fire-resisting roof that will give long service.

EVERLASTIC "RUBBER" ROOFING—The most widely used of all our roll roofings, protecting hundreds of thousands of buildings all over the world. Tough, pliable, water-proof, and low in price. Very easy and economical to lay as no skilled labor is required. Nails and cement packed in each roll.

ELASTIGUM—This wonderful water-proof cement has a hundred different uses. Especially useful for mending gutters, joints around chimneys, parapets, skylights, etc. It is easy to apply, is acid-proof, damp-proof, and it sticks. Can be used in wet weather.

BARRETT'S CARBOSOTA LIQUID CREOSOTE OIL—Is the most efficient wood-preservative on the market today. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growth and insects, and resistance to the action of water and air. Its use will cut your wood-preserving bills in half.

EVERJET ELASTIC PAINT—Everjet is a high-grade carbon paint for industrial use; has no equal for protecting metal of all kinds against corrosive action of acids, alkalis, fumes, vapors, etc. Being elastic, extremes of heat or cold do not affect it. Water-proof and fire-retarding. Gives a perfect coating unbroken by pinholes or blebs. Try it.
