A higher interest rate and lower death rate than secured by its competitors, with wise and economical management, have made the NORTHWESTERN the most successful life insurance company in the world. See page 1104.

ELECTRIC BATTERIES For Sale and To Let by GEO. L. CLAFLIN & CO.

POTTER, W. K. Manuf. TORTOISE SHELL GOODS. 252 & 254 WESTMINSTER STREET.

The NORTHWESTERN'S death ratio for 1888 was 0.89 of the mean amount at risk. Phenomenally low for a Company thirty years old. The average of all companies reporting to Mass. Ins. Department in 1887 was 1.39. See page 1106.

A higher interest rate and lower death rate than secured by its competitors, with wise and economical management, have made the NORTHWESTERN the most successful life insurance company in the world. See page 1106.

USE MAGIC CORN REMOVER, For Sale by all Druggists.

STEINWAY HALL, Westminster Street, Cor. Snow. **To Let by the Day, Week or Month.**

The NORTHWESTERN'S death ratio for 1888 was 0.89 or the mean amount at risk. Phenomenally low for a Company *thirty years* old. The average of all companies reporting to Mass. Ins. Department in 1887 was 1.32. See page 1106.

The Corliss Steam Engine Co.

PROVIDENCE, R. I.

Incorporated June, 1856; Established by

GEORGE H. CORLISS,

INVENTOR OF THE CELEBRATED

"CORLISS ENGINE."

DESIGNER & BUILDER OF THE FAMOUS

"CENTENNIAL ENGINE,"

Exhibited at the Philadelphia Exposition, 1876.

These works have been fully equipped, at great cost, with heavy special tools, of his invention, for the manufacture of this perfected engine, which is a guarantee of Superiority in workmanship, and interchangeability of parts, never before attempted in the line of steam machinery.

The public will understand that we have no relations with American or European Builders of so-called "Improved Corliss Engines," and that the final and perfected Engine of Mr. George H. Corliss, embodying his latest ideas, is to be obtained exclusively at our works.

ALSO MANUFACTURERS OF THE

Corliss Patent Vertical Tubular Water Leg Boiler,

Especially adapted for compound and triple expansion engines requiring superheated Steam and at very high pressure.

"CORLISS ENGINE."

DESIGNER & BUILDER OF THE FAMOUS

"CENTENNIAL ENGINE,"

Exhibited at the Philadelphia Exposition, 1876.

These works have been fully equipped, at great cost, with heavy special tools, of his invention, for the manufacture of this perfected engine, which is a guarantee of Superiority in workmanship, and interchangeability of parts, never before attempted in the line of steam machinery.

The public will understand that we have no relations with American or European Builders of so-called "Improved Corliss Engines," and that the final and perfected Engine of Mr. George H. Corliss, embodying his latest ideas, is to be obtained exclusively at our works.

ALSO MANUFACTURERS OF THE

Corliss Patent Vertical Tubular Water Leg Boiler,

Especially adapted for compound and triple expansion engines requiring superheated Steam and at very high pressure.

QUEEN ✣ CITY

J. A. PETTEY, Captain.

Makes Daily Trips from Providence, Doane's Wharf, foot of Planet St., to Seaconnet Point, From May 1st, to October 1st and Balance of year Try-Weekly.

The sail down Narragansett Bay by this line is unsurpassed. Leaving the heat and dust of Providence behind, you are soon on the clear bright water, which wends its way to the ocean. The cottages of the summer residents dot the shore on either side as you pass Silver Spring, Riverside and Nayatt on the one side, and Pawtuxet, Long Meadow and Rocky Point on the other. After passing Nayatt, Warren comes in sight; then Bristol and Fall River. Sailing up Mt. Hope Bay, you pass Mount Hope, celebrated in the early history of the State. After turning the northern extremity of the island of Rhode Island, you enter Seaconnet River and pass through the two bridges, and a short sail takes you by Fogland Point, and out where you can feel the gentle swell of the ocean, and soon arriving at Seaconnet Point, where ample time is allowed for getting dinner, and for a drive or a bath.

FOR CHANGE OF TIME, SEE TIME TABLE.

PLASTICO

PLASTICO is properly Anti-Kalsomine and Anti-Wall Paper. It possesses advantages over paper and kalsomines that it ought to displace them entirely, both for plain, cheap work and the most elaborate, as it will keep buildings in better repair at a less cost, and much less, if the cost and inconvenience of removing old coats of kalsomine and wall paper is considered, and the same material is adapted to

Heavy Relief Work, Modeling, Combing, Stippling, Blending, Etc.

It produces any degree of this work in solid tints, the outer color being maintained all the way through to the wall or base, through the blended portions and all, so that any abrasions are the same color as the surface. Sets slowly, and yet harder than the wall itself, and hardens with age. Will dry out clear, even in quite damp rooms.

VARNISHING PLASTICO.

The heavy coats take varnish beautifully, without preparation, producing leather-like effects not possible to produce by varnishing other rough work; and any of its coats are the very best foundation for painting walls, and will hide cracks, etc.

THE MARKED SUPERIORTY of the ***U. S. Gutta Percha Paint*** over other Ready-mixed Paints, also the various Paste Paints, including White Lead and Linseed Oil, is owing to the combination of Gutta Percha and other valuable gums with pure Linseed Oil by a process owned and worked exclusively by this Company.

COLORED DOCUMENT

PLASTICO

Is Anti-Kalsomine and Anti-Wall Paper

READ THE CLAIMS.

The claims are no stronger than it will bear, and have been proven by many years of practical use.

With PLASTICO all painters can take their position in the trade according to their ability, with a chance to improve. Not so with paper; any paper hanger can hang the best paper, and he gets but a small amount of the money (the most of it going for paper and borders), and the customers get but a machine-made imitation of the real wall decorating that they can have with PLASTICO that will be handsome, sanitary and permanent, and at any outlay they wish to make, more or less than paper.

Ten Other Shades in Circular. Sent on Application.

Remember, PLASTICO makes a coating as permanent as the wall itself, that is, it forms a stone-like shell that is the best surface on which to apply more PLASTICO, as many thin layers as required, from time to time, and all will cement together, forming a porous, stone-like mass.

PLASTICO is the best "preparation" for walls before painting, and paper borders can be made to stick to painted or varnished walls by first giving them a coat of PLASTICO.

SOLD ONLY IN SEALED PAPER PACKAGES

NOTE--The packages are made with a moisture-proof wrapper inside, to protect the goods from moisture.

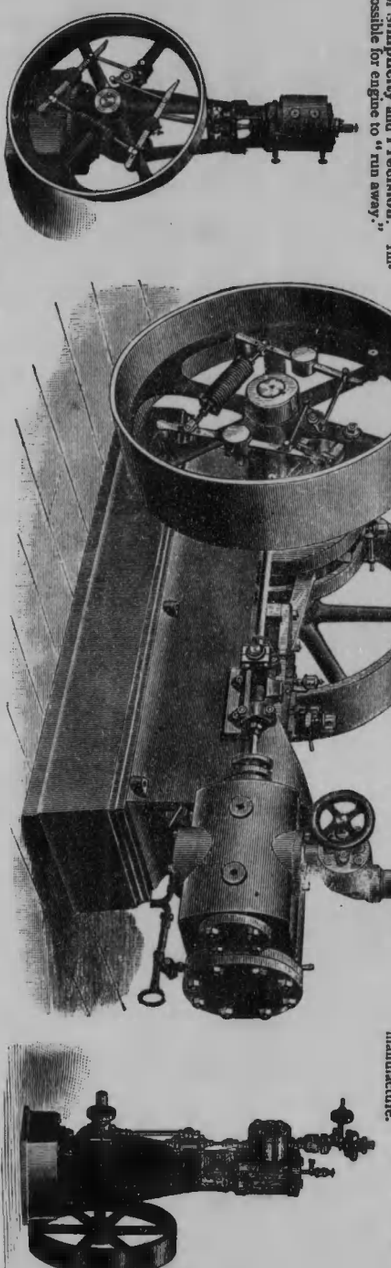
BUILDERS OF

Horizontal Automatic Cut-off Engines, and Vertical Engines,

PLAIN, REVERSING or MARINE, and with AUTOMATIC CTT-OFF.

Both our Horizontal and Vertical Engines are carefully built of sterling material, and for High Speed, High Pressure, High Duty and well adapted for Electric Duty. They are designed to embody great strength in small compass. For Efficiency, Economy, Durability—Equall'd by few, Excelled by none. NOISELESS, ACCURATELY BALANCED, SELF CONTAINED. Automatically lubricated throughout. Governor unequaled for Simplicity and Precision. Impossible for engine to "run away."



Our Plain Vertical Engine, from 1 to 100 horse power, and our Combined Vertical Engine and Boiler, from 2 to 12 horse power, both comprising all the merits and excellence of manufacture of the Automatic Engines, are kept in stock or in process of manufacture.

Nichols & Langworthy Machine Company,

Machinists and Iron Founders, Builders of Engines, Boilers and Printing Presses. Hope Valley, Rhode Island.

WILLIAM J. DANIELSON,

Newspaper Advertising

—AND—

SUBSCRIPTION AGENT.

No. 62 Westminster Street, Providence, R. I.

JUDICIOUS ADVERTISING PROMOTES TRADE.

Mr. Danielson for more than twenty years connected with the "Providence Journal," has established a general Newspaper Advertising and Subscription Agency, in the Lyceum Building, No. 62 Westminster Street.

Large experience in the newspaper business, and a familiarity with the best mediums for advertising, enable him to offer practical advice and assistance in so placing advertisements that the advertiser may reap the best results from the money expended.

Advertisements and Subscriptions received for all the leading Newspapers and Magazines at low rates. Special attention given to "locals" or reading notices in the Providence papers.

Libraries, Societies, or individuals requiring any considerable number of Newspapers and Periodicals will find it to their advantage to send for terms.

Estimates for any amount of Advertising and information as to best medium cheerfully furnished.

MIDDLETOWN, CONN.

CAPITAL, - - $600,000. - - FULLY PAID.

Offers the safest possible investment for money in Debenture Bonds with First Mortgage Real Estate Collaterals. The closest investigation invited.

It has superior advantages of much inportance to those seeking absolute security.

Its liabilities are limited by law, being required to have not less than 10 per cent. more assets constantly on hand than its liabilities. As a matter of fact it has over twice that amount.—See Bank Commissioners' Report.

It is under the supervision of the State Bank Commissioners, the same as other Banks in Connecticut.

ITS RECORD.

Fourteen years in the business without a dollar lost, or a day's delay in the payment of Principal or Interest.

THOMAS EVANS,

Steam ∴ Engineer.

FRONT.

Examinations and Tests of Steam Plants for securing economy of fuel. Steam Engines Indicated and Power carefully measured.

Investigations made on the performance of Steam Engines and Boilers under all working conditions.

Thomas Evans' Patent Steam Damper Regulator and Economizer.

Also Patent Grate Bar.

TO STEAM USERS:

One of the chief features of this grate bar is "*A Uniform Air Space,*" free from sharp angles and curves, the air flowing through this bar meets with the least possible resistance, enabling a large amount of air to pass through with minimum amount of draught. The very large amount of air necessary to form a perfect combustion under ordinary conditions in burning coal demands a carefully designed grate bar, one that will allow free access of air or oxygen to the incandescent fuel and at the same time allow of the refuse ashes to fall through freely. This bar contains from 46 to 65 per cent. air space, according to nature of fuel used. To all parties using grate bars, it is worth their serious consideration. Yours truly,

THOMAS EVANS, Steam Engineer.

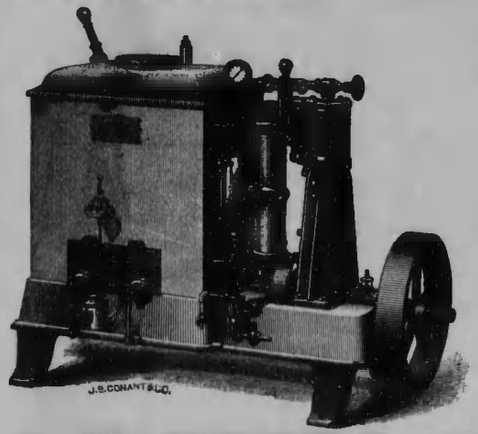
SHIPMAN AUTOMATIC STEAM ENGINES,

One to Eight Horse Power. Kerosene Oil for Fuel.

Simple, Efficient and Economical. - - - - - No Dirt! No Dust!



Shipman Steam Launches, 18 to 40 feet complete, one to eight horse power.

During the past four years, over twenty-five hundred Shipman Automatic Steam Engines have been built and sold.

The Shipman Engine, using kerosene oil for fuel, has been in actual service, doing hard work for four years. We have experimented, tested, and improved, and have now a long experience in this business and perfected machines. We know that we can serve all persons who are in need of small automatic, economical power, to their satisfaction.

The engines and boilers are complete and ready to run, and contain all parts, such as governor, steam gauge, feed water pump, safety valve, diaphragm and atomizers. They are ready to go at once to work, as soon as water and oil are connected.

Estimates will be furnished upon application, for compound engines from eight to sixteen horse power.

—THE PROVIDENCE—

Steam Carpet Beating Company,

NEW NUMBER 151 SUMMER STREET.

Economy! Neatness!! Despatch!!!

Old Carpets made to look nearly as good as new by the use of the **Patent Carpet Beating Machine.** Grease removed by a new process. Special rates for renovating. By this method of cleaning carpets they are uniformly beaten their entire length and breadth, by revolving flexible whips, which will not injure the finest fabric, *yet thoroughly expel all the Dust and Moths.* The dust and dirt, as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an **EXHAUST FAN,** which also removes and carries out of the room any moth or larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

If it be found necessary, we can apply our *heated steam process* in addition to the machine for removing dust and dirt; and this process will effectually relieve the carpet of all impurity, and in doing this bring the colors out almost like new. The moths and vermin are killed and not likely to trouble the fabric for a long time to come. Health and comfort are both promoted thereby. The carpets are not only beaten and cleaned, but are thoroughly aired, there being a constant supply of fresh air going through the machine at all times.

Orders sent by Mail or otherwise to the Factory will receive prompt attention. Open every working day of the year. ☞ ALL WORK GUARANTEED.

Carpets called for, Cleaned and returned without regard to weather. Cartage free. Carpets taken up and re-laid when desired. Send for circulars.

Northwestern Mut. Life Ins. Co.,

MILWAUKEE, WIS.,

Commenced business Nov. 25, 1858, on a purely Mutual basis, and has always been conducted on that plan.

Paid in death losses,	$17,045,769 97
Paid to its living policy-holders,	28,288,572 34
Total,	$45,334,342 31
Add present assets,	32,672,811 36
Paid policy-holders and held for them	$78,007,153 67
Total premiums received,	68,289,832 26
	$9,717,321 41

The Company has therefore paid to policy-holders, and has invested for them *more than Nine Million Seven Hundred Thousand Dollars in excess of the entire premium receipts.*

Assets,	Jan. 1, 1879,	$17,974,879 20	Jan. 1, 1889,	$32,672,811 36
Liabilities,	" " "	15,061,746 89	" " "	27,987,373 62
Surplus,	" " "	2,913,132 31	" " "	4,685,437 74

No. of Policies in force, Jan. 1, 1889, . . . 73,130
Amount Insured Jan. 1, 1889, . . . $172,518,891

Significant Facts Concerning Interest Receipts, Death Losses, Real Estate and Rentals.

Companies.	Death Losses.	Interest Receipts	Per Cent.	Real Estate Owned.	Rent Received	Per Cent. of Rents.
Mutual Life,	7,231,665	6,771,625	.93	11,753,125	384,580	*3.27
Equitable,	6,341,274	4,911,164	.77	22,695,389	729,384	†3.21
New York,	4,412,050	4,310,564	.95	9,308,152	92,772	‡ .99
Northwestern,	1,346,898	1,771,209	1.31	1,243,468	79,580	6.40

* Over Nine per cent. of the Mutual Life Assets earned about 3¼ per cent.
† Nearly Twenty four per cent. of Equitable assets earned less than 3¼ per cent.
‡ One tenth of New York Life assets earned *less than one per cent.*

The following table shows the relation between Interest Receipts and Death Claims from Dec. 31, 1871, to Dec. 31, 1888.

	Interest Receipts.	Death Claims.	Interest More or Less than Death Claims.
Mutual Life,	87,423,800	80,501,202	6,922,598 Excess.
New York Life,	43,111,954	37,961,713	5,148,241 "
Ætna Life,	27,463,309	23,462,459	4,000,850 "
Connecticut Mutual,	49,871,024	47,923,474	1,947,550 "
New England,	15,225,242	16,426,722	1,201,480 Short.
Mutual Benefit,	34,567,334	39,063,757	4,496,423 "
Equitable,	41,987,758	52,668,002	10,680,244 "
Northwestern,	22,563,541	15,362,914	7,200,627 Excess.

Notwithstanding the Mutual Life received about *four times* the amount of interest, there is a difference of $278,000 in favor of the Northwestern.

The New York Life received about *double* the amount of interest, with a difference in favor of the Northwestern of $1,052,386.

The Equitable, also, with nearly *double* the interest receipts of the Northwestern, shows a difference of $17,880,871 in favor of the latter Company.

The above record reveals and emphasizes two facts:

1st. Neither the age, size nor the rapid growth of a life insurance company make it "The Best," since of the above companies the "oldest and largest" is beaten by several younger and smaller companies, while the eastern company which boasts of "the largest new business" is put to blush by an eastern company which writes the smallest annual amount of new business of any in the list.

2nd. Mere aggregate of figures, no matter how large and formidable, do not indicate superior merit. Quality is not determined by quantity.

MEDICAL ECONOMY.

Nothing Succeeds Like Success. Dr. Lewis is Always Successful.

THE GLORY OF A MAN IS IN HIS STRENGTH!

NERVE OR PHYSICAL FORCE WHEN LOST QUICKLY REGAINED BY CONSULTING

DR. C. J. LEWIS,

WHO after intense study and deep research, has lately discovered a new, extraordinary, quick, certain and inexpensive cure for diseases incident to deranged functions of the nervous and generative system. THIS NEW AND MARVELOUS MEDICAL TREATMENT has cured the most desperate forms of nervous disorder in both young and old. To debilitated youth it bestows the vigor of manhood and in advanced age it establishes the vigor of youth without the possibility of failure. Patients whose cases have been neglected, badly treated or pronounced incurable are particularly invited to visit Dr. Lewis. A written guarantee of cure given to all cases arranged and undertaken. In practice upward of thirty years.

☞ Dr. Lewis is frequently consulted by many who have been completely discouraged of ever being cured after having experimented with various advertised nostroms, which invariably do more harm than good, as every phase of disease demands different and special treatment. To those who may have been disappointed, Dr. Lewis would say consult him and he will restore the disappointed one to all the duties of life whether they be physical or mental, pertaining to married life or single blessedness.

Consultations, Medicines, etc., $5.00; Working classes, $2.50.

DR. LEWIS is permanently located at

129 Friendship Street,

One door from Richmond Street, (off Broad Street,) Providence, R. I. Office Hours, all the year round from 9 to 2, and 5 to 9; Sundays, 10 to 2, not later.

Country Patients corresponded with until cured.

Female Complaints Skillfully Treated.

FOURTH EDITION.

Medical + Minutes.

A volume of facts of interest to the debilitated.

Price 25 cents by mail to any address, from the author, DR. C. J. LEWIS, or from the agent, Anchor Drug Store, 51 Snow Street, one door from Westminster Street.
