VOLUME  XCI

Containing

Alphabetical Section (Page 405). Gives names, occupations and addresses of men and women eighteen years old or over, also all business houses. Wives' names are listed immediately after that of the husbands; printed in italic and enclosed in parentheses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department, with much other information that cannot be found elsewhere.

Business Directory (Page 1395) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Advertising Department (Page 101) Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Street Directory (Page 43) A complete list of Streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.

Miscellaneous Information (Page 17) Organization of City Departments, giving officers—Post Office branches—Parcel Post zones and rates—State officers and departments—U. S. officers and departments—Courts—Population tables—Calendar, etc.

Providence was founded in 1636 by Roger Williams. Incorporated in 1832. The oldest bank in America and the first Baptist meeting house in the country are located in the city. Brown University, founded in 1764, and many institutions of the early eighteen hundreds are within the city limits. The first directory of names and addresses of persons located in the city was published in 1824.

Providence is the second city of New England in point of population, a fact of special significance, inasmuch as the figures of the United States Census Bureau credit the city with 252,981 inhabitants, yet its area is only nineteen square miles. This City is the trading centre for an immediately adjoining population of fully five hundred thousand people; furthermore, if we include an extended area, the population of which turns to Providence more than to any other city. that trading population is increased to seven hundred and fifty thousand. Recent statistical estimates prepared for the Census Bureau with a view to establishing boundaries for Metropolitan Providence place it seventh in area among cities of the United States.

Many factors contribute in making Providence a great city in respect, not only to population, but to industrial activity. Situated as it is on Narragansett Bay with its deep channel and other superior water facilities, the city is in a position to call to its service transportation by water as well as by rail. The activities of the Port of Providence increase year by year and they will expand at a tremendous rate when there shall be established in the city elevators which can supply grain cargo to fill the bottoms of ocean steamers.

Providence is more than usually well provided with excellent public utility facilities. Its Gas Company is known as the most efficient in the industry in New England. Its highly efficient electric service has grown to very large proportions. The street railway system, now embodied in the Rhode Island Public Service Company, furnishes service not only within the city, but to many outlying points. Its telephone service is the equal of the best in the New England Telephone and Telegraph system, of which it is a part.

The densely populated industrial district of Providence, with its large population to be fed and clothed, is known in all parts of the United States as a distributing point of great importance. Because of the excellent educational opportunities offered, there is a large student population attending Brown University, The Women's College in Brown University, Providence College and various smaller private schools.

Providence is particularly fortunate in having a diversity of manufactures. It is not dependent on any one industry. The great industries which have distinguished the city for many years include textiles, jewelry, silverware, iron and steel. It has, for instance: the largest machine shop in the world; the largest finger ring manufacturer in the country; the largest file manufacturers in the world; the largest silverware manufacturers in the United States; the largest screw manufacturer in the world; one of the leading newspapers of the country, the Providence Journal. Back of these industries and supporting them is a great variety of products, large and small, that have a national reputation. Few cities in the United States send out daily so many small packages of so great a variety of manufactured articles as does Providence.

The city government has been carefully administered, hence Providence has one of the lowest municipal tax rates in the country, a low bonded indebtedness and numerous other advantages. Among the most important of these is the wonderful water supply, now impounded in an area some seven miles from the city, and as large as the city itself, which ensures pure water for human consumption and a plentiful supply for fire emergencies.

Providence retail trade is prosperous, as it should be, in the centre of so great a population. Likewise the wholesale trade, which reaches out over an area extending into Connecticut, Massachusetts and other New England states.

Few cities have been more active in providing adequate facilities for the care of the sick and needy; its hospitals are equal to all demands. The municipality has been active in providing for its citizens those agencies, such as parks and playgrounds, that contribute to the promotion of life and health. The parks form the centre for annual events which attract hundreds of thousands of people for enjoyment and cultural development. Best known among these events is the Annual Festival of the Providence Festival Chorus in Roger Williams Park.

Providence is an attractive city in which to do business and to live in comfort and security. This is evidenced by its continued increase of population over that which follows a steady birth-rate, due to the coming from all parts of the country of investors of both capital and labor. Newcomers are accommodated in Providence as in few other cities with publicly conducted enterprises which ensure good health, excellent educational opportunities, good living conditions and satisfactory returns.

For those who are interested in obtaining general information or detailed particulars regarding the municipality and business opportunities it is recommended they write to The Providence Chamber of Commerce.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$1000 \times 3\frac{1}{2} \times 305 = 1{,}067{,}500$

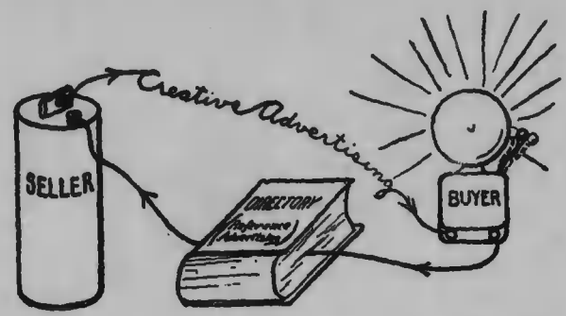
The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find ***You?***

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1931, SAMPSON & MURDOCK CO., Providence, R. I.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained: for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street and find that Knight Street runs from 1069 and Bridsham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridsham Streets.

Intelligent Directory Advertising describes desirable merchandise attractively and directs you to the door of the man who has it for sale.

TOWN CRIERS OF

RHODE ISLAND INCORPORATED

The Town Crier Idea

We believe in the square deal.

We believe in our city, our state and our nation; in the sovereignty of each individual and the effectiveness of cooperation.

We believe in giving every man his chance.

We believe in looking up and out—not down and in.

We believe in the welcome hand, the alert ear and the open mind

We believe in living in the future, not the past.

We believe in strenuous work, intensive study, wholesome play.

We believe in boosting when we can; keeping quiet when we can't.

We believe in the cultivation of fellowship; in doing business in a fair, human, business-like way that will permit and encourage those with whom we deal to make us their friends.

We believe in the power of the Truth, the Whole Truth and nothing but the Truth.

We believe modern Advertising to be the economic twin of Sales.

We believe in Salesmanship as the final link in the chain which binds Supply and Demand.

We believe in Vision yoked in harness with the Practical.

We look to the "Things That Are" as a basis—a justification—on which we may build the visioned structure of "Things That May Be."

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

The Sign Over the Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

COMPILING DEPARTMENT

The City Department has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

DIRECT MAIL DIVISION
111 SUMMER ST., BOSTON, MASS.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company

PROVIDENCE REAL ESTATE EXCHANGE

Organized 1908

905 New Industrial Trust Building
Providence, Rhode Island

The Term "REALTOR" has a very definite significance. Its use is RESTRICTED to real estate brokers who are pledged to observance of high professional standards.

A REALTOR in this city, is a member of the Providence Real Estate Exchange, which is in turn a member group in the National Association of Real Estate Boards

Membership in the Exchange means more than a stake in the real estate business. It means professional knowledge, experience and reputation worthy of recognition; it means a broader scope in information and opportunity; but most of all—

It means public subscription to the Realtor code of ethics. It is your assurance of a square deal.

Our Motto:—"A Man's Need not his Creed."

Provides a Good Clean Home, with Wholesome Influences, to Homeless and Destitute Men
Lieut. Colonel L. M. SIMONSON, Officer in Charge

It is supported by donations of books, magazines, old newspapers, discarded clothing and furniture, rags, junk, etc.

The collecting, sorting and repairing of these articles is done by the men themselves, in exchange for room, board, clothing and cash allowances.

Furniture, clothing and books are sold at the store at the lowest possible figure, consistent with the cost of operation. A telephone message or card will bring the wagon to your door.

The First Place the Buying Public Goes!

Why the City Directory first. It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because it's an index to the city.

Beat Them To It -- Advertise in the NEW CITY DIRECTORY

Thousands upon thousands will consult it for a whole year. The price of space is so small, compared with the valuable publicity you get, that you can't afford to be left out.

A Good Opportunity

To put information about your business where people will see it, is right here.

It will be indexed and cross indexed from the headings people look at when they want to do business.

Good Business Insurance

YOUR advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.

Our representative will be pleased to call and explain in detail the value of reference advertising.

THERE IS A DIFFERENCE

Sampson & Murdock Co.

509 WESTMINSTER ST. PROVIDENCE, R. I.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
