A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or produce, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

For Savings and Home Financing
See Old Colony First

Profitable Savings Plans

Old Colony Monthly Payment Shares help you build up funds for retirement, the down-payment on a home, college expenses for your children, or any worthwhile purpose. You may buy any number of shares you please. Even small amounts grow rapidly; for example — $5. per month to $1000. — $10. per month to $2000., etc.

Old Colony Savings Shares enable you to save what you can when you can. You may open a Savings Share Account with as little as $5. It's the easy way to accumulate cash for such yearly expenses as taxes, fuel bills, insurance premiums, and other lump-sum payments.

All Shares earn liberal dividends compounded semi-annually.

Low Cost Home Financing

When you buy a home, just make a reasonable down-payment—then repay your 12-Point Mortgage monthly, like rent. With liberal loan periods from 10 to 20 years you can choose a repayment schedule to fit your budget. The low interest rate is reduced by ½% three times during the life of the loan.

When you build, Old Colony advances funds as construction progresses. Thus you have ready cash for advances to the contractor and for materials. No monthly payment on principal is required until you move in, if this is within 6 months of the date of the mortgage.

A 12-Point Mortgage cannot be called while your monthly payments are up to date.

FACTS!!

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted — "User Circulation."

To be exact by actual survey in twenty-four average American cities, by actual count, each City Directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

1000 x 3½ x 305 = **1,067,500**

Consultations or "User Circulation"

The City Directory offers the most Specific Point of Contact Advertising Known

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
