The goods are pressed uniformly throughout their entire length and breadth, and any extra thickness of the cloth does not strain the machine in any way, as is the case where screws are used to give pressure.

We also manufacture Patent Friction Couplings, Shafting, Hangers and Pulleys, for all classes of work.

PREFACE.

The 57th number in the series of the Providence Directory and Rhode Island Business Directory is now in the hands of the public.

It is compiled with the same care and systematic effort as has always been applied to the work. We find as Providence and the State increase in population and commercial importance, the variety and extent of business enterprises alike increase, and every year a closer scrutiny and more careful criticism are necessary, while a larger comprehensiveness both in fact and detail is demanded. By an intelligent response to these requirements we are able to give to the public, clearly and fairly, what a Directory should afford.

From a recent publication we copy the following: "Few people realize what a great task a Directory maker undertakes. The work in its complete form bears little evidence of the tremendous amount of detail the work requires. There is no class of publications which involves in the production more labor, care and preparation than the collecting, compiling and printing of material for a Directory, yet this fact is by many, little considered."

We have this year greatly improved our Providence map, by not only making the changes upon it which have taken place in the last twelve months, but by employing the aid of expert draughtsmen, lithographers, and colorers. All can see at a glance the excellent result of this labor.

Of those whose names appeared in the Providence Directory of 1896, 13,141 have changed the location of their residences, 4,340 their business location, and 3,555 the nature of their business or avocation.

The House Directory and Family Address Book, which is published simultaneously with this book, has again been enlarged in the detail and a Home Edition, elegantly bound, is issued this year.

The name of Thomas R. Briggs, which appeared in the first Directory of Providence, published in 1824, is here recorded and in every Providence Directory issued. Mr. Briggs is the only citizen remaining in our veteran list.

Attention is called to the changes tabulated below, also to Contents on page 3.
