An Old Colony Construction Mortgage

The Key to Home Ownership

OLD COLONY 12 Point MORTGAGE PLAN

Old Colony has financed the building of thousands of Rhode Island houses. Just note the details of its new, advanced 12-Point Mortgage Plan:

One Old Colony mortgage finances the house economically, both during and after construction. Old Colony pays the charges for title search and recording fees. Old Colony's preliminary counsel and its inspections during construction can help you to get what you pay for — a home soundly built as well as properly planned.

Your commitments may be made on a vacant site and the loan closed before building starts. But, note carefully . . . interest begins *only* when advances are made and only on the sums advanced for labor or materials . . . not on the entire amount or when the loan is closed. Besides . . . there are three reductions of ½% each at regular intervals during the term of the mortgage. These features save you real money!

Your first payment may be deferred until you move in, if this is within six months from the date of the mortgage. Here again, if you let Old Colony consult with you at the very start, a schedule of payments that your budget can easily carry without strain can usually be worked out.

After that, one regular monthly payment like rent, covers steady, direct reduction of principal, as well as current interest figured only on the lessening balance due.

All this means home satisfaction and independence . . . for *you.* See Old Colony . . . first!

***The* CITY DIRECTORY has a definite place in the Business Man's Post-War Plans**

The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to reanalyze the city—to see what it has gained and lost—to check the movements and trends—to secure a record of the vast army of removals —to organize for merchandising new products and services.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

QUICK SERVICE

"LET NATURE DO YOUR WORK"

CLEAN CONVENIENT ECONOMICAL LASTS LONGER

PUMPING or EMPTYING a CESSPOOL is NOT CLEANING IT. Your filter bed is clogged or your cesspool would not be full.

IT HAS TO BE FULL TO BE PROPERLY TREATED

The cleaner dissolves the solids and eats out the muck and slime that has clogged the pores in the ground outside of the cesspool wall releasing the water, correcting the fault which caused the cesspool to fill. The types of soil and the age and size of cesspool govern the quantity used.

CESSPOOLS serviced anywhere in RHODE ISLAND and VICINITY or WITHIN 50 MILES of the plant at FARNUM PIKE, GEORGIAVILLE, R. I.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

FACTS!!

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted — "User Circulation."

To be exact by actual survey in twenty-four average American cities, by actual count, each City Directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand Directories sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

1000 x 3½ x 305 **=1,067,500**

Consultations or "User Circulation"

The City Directory offers the most Specific Point of Contact Advertising Known

If You Are in a

BUSINESS FOG

In the Aftermath of War

★

Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deader than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Whatever Your Figure Problem
a
SPENCER
can solve it
because . . .

In Her Spencer

Before She Got Her Spencer

Each Spencer is **created especially for the wearer.** Every line is individually designed to effect some needed improvement. As a result,

HERE'S WHAT YOUR SPENCER WILL DO FOR YOU:

★IT WILL gently guide your body into gracefully poised posture, slimming and beautifying all your lines. Proper posture will **rest** you, too.

★IT WILL lift and flatten your abdomen — straighten your backline — slim your hips.

★IT WILL support your abdomen in position to enable abdominal organs to function better. This will improve your general health.

And you'll be amazed to find how little your Spencer will cost!

Spencer Breast Supports Are Also Individually Designed

Spencer Breast Supports hold breasts in the manner nature intended — without compression, and without strain on shoulders.

Properly supported breasts, your doctor will tell you, are less likely to disease.

Doctors prescribe Spencers for such conditions as . . .
Back derangements.
Dropped abdominal organs.
Breast support.
Maternity.
After childbirth or an operation.
Inoperable hernia.

TERMITES

Are Prevalent Throughout Rhode Island

An unsuspected and concealed destruction of wooden timbers in the understructures of a large number of houses and other buildings is taking place. Large expense for future repairs may be avoided by finding the infestations promptly and taking steps to apply **TERMINIX BONDED INSULATION** to stop the attacks. Over 100 Providence and Rhode Island structures are now termite-protected with Terminix.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
