This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

SHEPLEY, INC. - INSURANCE

INTRODUCTION

R. L. POLK & CO., publishers of more than 800 city, county, state and national Directories, present to subscribers and the general public, this, the 1947 edition of the Providence City Directory.

Confidence in the growth of Providence's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Providence to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Providence Directory will fulfill its mission as a source of authentic information pertaining to the city.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 8 to 22, on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 754, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Providence, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, beginning opposite page 756 and separately paged from 1 to 208, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Providence and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Providence, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 757 to 892, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropiate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 893 to 1096. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

MUNICIPAL PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

THE PROVIDENCE DIRECTORY LIBRARY

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition of those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

PROVIDENCE, R. I.

"SOUTHERN GATEWAY OF NEW ENGLAND"

(Courtesy Providence Chamber of Commerce)

Statistical Review

Form of Government: Under the New Charter for the City of Providence, approved by referendum on November 7th, 1939, elective officers are a mayor, to be elected at large, and members of the council, which body is to consist of 26 councilmen, two from each of the thirteen wards as the same are now constituted. The Charter became effective in its entirety January 1, 1941.

Population: 253,504 (1940 Bureau of Census).

Area: 19.9 square miles.

Altitude: Maximum 253.02 feet; minimum 3.46 feet.

Assessed Valuation: $719,376,480 (June 15, 1946).

Predominating Nationalities in City: Native Americans, Italians, Irish, Russian, Canadian, English, Polish and Swedish.

Parks and Playgrounds: Sixty-five Parks covering a total of 961 acres, thirty-five Playgrounds covering 4,855,633 square feet.

Total City's Bonded Debt: $61,873,000 (Sept 30, 1946).

Financial: Eighteen banks, seven trust companies, six national, one state and four savings banks.

Post Office Stamp Sales Receipts: $3,428,732.54 (1945).

Telephones in Service: 87,653.

Church Buildings: 88.

Building and Construction: Value of building permits in 1945, $2,679,000.

Real Estate: $394,046,380 (June 15, 1946).

Tax Rate: $2.50 per $100 on real estate and tangible personal property; 40 cents per $100 on intangible personal property.

Trade: Territory (Retail) serves 1,500,000 people within the trading area covering a radius of thirty miles.

Hotels: There are twenty-two hotels. Newest hotel was built in 1922 (Providence Biltmore).

Railroads: New York, New Haven & Hartford R. R.

Steamship Lines: Colonial Navigation Co, Merchants & Miners Transportation Co, Providence Steamboat Co (operations suspended during war).

Air Transport: The State of Rhode Island owns and maintains one of the largest and very finest airports in the United States. Runways are 150 feet wide and 4,200 feet long which permit the landing and departure of the largest airships with the greatest possible safety and convenience. The field is also equipped with all lighting facilities. Planes, including American Airlines, Inc, Eastern Air Lines Inc and Northeast Air Lines give superior trunk line, passenger, mail and express service from the state airport which is located at Hillsgrove, a twenty minute run by auto from the heart of the city, to all parts of the country.

Amusements: Largest auditorium seats 8,000 people. There are seventeen theatres, with a total seating capacity of 25,000 people.

Hospitals: Nine.

Education: Number of school buildings 70, including 4 high and 8 junior high schools. Number of pupils in public schools 28,859. Total of all teachers in public schools is 1,226. Value of all public school property is over $20,960,080.

Libraries: There are 1,555,877 (1945) volumes in the libraries of the city.

Business Library: The Providence Public Library maintains a library for the especial use of business interests, including complete files of city and phone directories from all leading cities in the United States, and from many smaller communities; commercial indices; and technical volumes relating to many varieties of businesses.

City Statistics: Total street mileage: Platted streets 412.72 with 332.05 miles received. Miles of gas mains laid 386, of sewers 433.29, electric street railway 31.68, trackless trolleys 61.47, motor bus 187.64. Capacity of water works (municipal) 37,000,000,000 gallons, daily average 34,200,000 gallons with value of plant estimated at $13,700,000. Fire department employs 402 men with the following equipment: 51 pieces apparatus in 36 station houses, 1 fire alarm building, 1 repair shop and 1 training school. Police department has 100 officers, 309 patrolmen, 6 stations, 1 traffic division, 1 detective division, 93 pieces of motor equipment including 22 motorcycles.

WEATHERHEAD & SHEPLEY, INC.—INSURANCE

Providence was founded in 1636 by Roger Williams. Incorporated in 1832. The second oldest bank in America and the first Baptist meeting house in the country are located in the city. Brown University, founded in 1764, and many institutions of the early eighteen hundreds are within the city limits. The first directory of names of addresses of persons located in the city was published in 1824.

Providence is the second city of New England in point of population, a fact of special significance. inasmuch as the figures of the United States Census Bureau credit the city with 253,504 inhabitants, yet its area is only eighteen square miles. This City is the trading centre for an immediately adjoining population of fully six hundred thousand people; furthermore, the Greater Providence trading area is populated by 1,500,000 people. Recent statistical estimates prepared for the Census Bureau with a view to establishing boundaries for Metropolitan Providence place it eleventh in area among cities of the United States and second in New England.

Many factors contribute in making Providence a great city in respect, not only to population, but to industrial activity. Situated as it is on Narragansett Bay with its deep channel and other superior water facilities, the city is in a position to call to its service transportation by water as well as by rail. The activities of the Port of Providence are increasing and should continue to expand year by year.

Providence is more than usually well provided with excellent public utility facilities. Its Gas Company is known as the most efficient in the industry in New England. Its highly efficient electric service has grown to very large proportions. The street railway system, now embodied in the Rhode Island Public Service Company, furnishes service not only within the city, but to many outlying points. Its telephone service is the equal of the best in the New England Telephone and Telegraph system, of which it is a part.

The densely populated industrial district of Providence, with its large population to be fed and clothed, is known in all parts of the United States as a distributing point of great importance. Because of the excellent educational opportunities offered, there is a large student population attending Brown University, Pembroke College, Providence College, Rhode Island School of Design, R. I. College of Pharmacy, R. I. College of Education, Bryant College and many private business and trade schools.

Providence is particularly fortunate in having a diversity of manufactures. It is not dependent on any one industry. The great industries which have distinguished the city for many years include textiles, jewelry, silverware, iron and steel. It has, for instance: the largest machine shop in the world; the largest finger ring manufacturer in the country; the largest file manufacturers in the world; the largest silverware manufacturers in the United States; the largest screw manufacturer in the world; one of the leading newspapers of the country, The Providence Journal and Bulletin. Back of these industries and supporting them is a great variety of products, large and small, that have a national reputation.

Providence industries were almost 100% engaged in war production. A large volume of the machine tools, textile goods and a host of implements, parts and subassemblies for war use poured in a steadily increasing flood from hundreds of plants. Several new war production plants and a great shipyard were established.

The city of Providence has one of the lowest municipal tax rates in the country and numerous other advantages. Among the most important of these is the wonderful water supply now impounded in an area some seven miles from the city, and as large as the city itself.

Providence retail trade is prosperous, as it should be, in the centre of so great a population. Likewise the wholesale trade, which reaches out over an area extending into Connecticut, Massachusetts and other New England states.

Few cities have been more active in providing adequate facilities for the care of the sick and needy; its hospitals are equal to all demands. The municipality has been active in providing for its citizens those agencies, such a parks and playgrounds, that contribute to the promotion of life and health. The parks form the centre for annual events which attract hundreds of thousands of people for enjoyment and cultural development. Best known among these events is the Annual Festival of the Providence Festival Chorus in Roger Williams Park.

Providence is an attractive city in which to do business and to live in comfort and security. This is evidenced by its continued increase of population over that which follows a steady birth-rate, due to the coming from all parts of the country of investors of both capital and labor. Newcomers are accomodated in Providence as in few other cities with publicly conducted enterprises which ensure good health, excellent educational opportunities, good living conditions and satisfactory returns.

For those who are interested in obtaining general information or detail particulars regarding the municipality and business opportunities its is recommended they write to The Providence Chamber of Commerce, 36 Exchange Place.

POLK'S PROVIDENCE CITY DIRECTORY 1947

Copyright, 1947, by R. L. Polk & Co.

Wife's Name—Appears in parentheses following husband's name when obtainable.

Removals—Against names showing removals from the city, the post office is given; if into another state, both the post office and state are given.

Deaths—The date of death of citizens whose names appeared in the Directory, dying since the last issue, is recorded against the name in the present book.
