MEMORANDUM

DATE: **March 6, 1975**

TO: *

SUBJECT: **PROPOSED ONE-WAY STREETS**

CONSIDERED BY: **City Clerk Vincent Vespa**

DISPOSITION: **Attached is copy of correspondence from Traffic Engineer Tibaldi, relative to meeting with representatives of the Elmwood Avenue Block Club, as it concerns the proposal to establish certain streets within the ward you represent as "One-Way Streets."**

May I please have your comment on the same for the benefit of the Committee on Public Works, to whom the subject correspondence was addressed.

It is my opinion your feeling on the matter should be in the Committee's possession for subsequent consideration.

Dear Larry:

I am in receipt of your Committee's request for opinion on a recent proposal for establishing certain streets within Ward 9 as "One-Way Streets".

I have worked closely with the Elmwood Block Clubs who originally initiated this proposal. It is my feeling that this program will help to alleviate the current problems of excessive speed and use of neighborhood streets for through traffic. These problems are posing a threat to children in the area and are destroying our neighborhood.

For this reason, I am in favor of this new pattern of one-way streets and I urge your Committee to act promptly and affirmatively on this proposal.

Thank you for your concern in this matter.

Sincerely,

PETITION FOR ELMWOOD TRAFFIC PATTERN

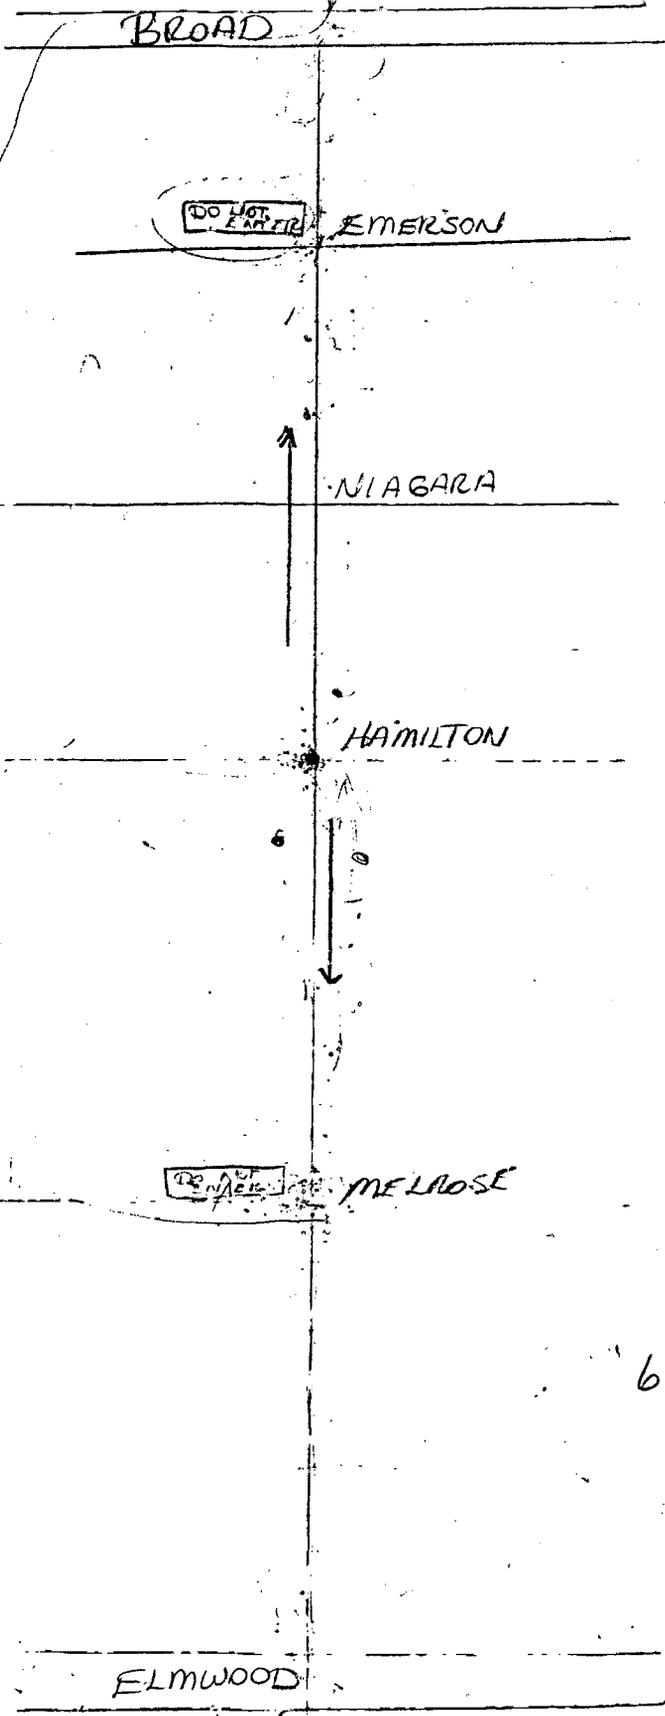

100+

We, the undersigned residents of Lenox Ave Street, request that the City Council implement the Experimental Elmwood Traffic Pattern, as it applies to our street. This means we would like our street to be one-way east from Hamilton Street to Emerson and one way west from Hamilton Street to Melrose Street. We understand that this would be a six-month experimental trial.
