PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned respectfully petitions your honorable body

Whereas the Providence Redevelopment Agency has selected the petitioners as preferred developers of land bordering Linden Street, and whereas the City of Providence, through his Honor the Mayor of Providence, has applied for and been awarded a \$ 1,100,000 Housing Development Grant to be used by the petitioners for the purposes of developing 36 units of safe, decent and affordable rental housing in Trinity Gateway, and whereas the abandonment of Linden Street will not adversely affect the neighborhood's traffic patterns, and whereas such abandonment action will, in fact, diminish the existing hazard posed by speeding vehicles, and whereas the Indian Village Housing Development Venture aims to create a safe and communal living environment for 36 families with children, we therefore petition the Providence City Council to abandon one block of Linden Street between Pine and Friendship Streets so that this space may be regenerated as a Commons.

Dear Councilman Petrosinelli:

This department received a copy of a Petition for the abandonment of Linden Street between Friendship and Pine Streets, Providence. The letter of March 2, 1987 is hereby withdrawn.

Because the Water Supply Board has a 6" C.I. Water Main and one active water service in the portion of Linden Street to be abandoned, we cannot approve the abandonment.

The Water Supply Board will accept an easement subject to our review and approval of the plans. The Water Supply Board shall require full-street width easement from curb to curb. The easement should contain a clause that no obstructions, landscaping, or improvements shall occur within the easement area to insure that maintenance and repair to the water main can be effectively accomplished.

Re: Abandonment of Linden Street, Providence

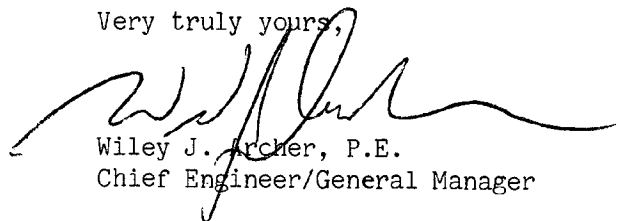

Dear Councilman Petrosinelli:

This is to further clarify the letter of March 5, 1987 to your committee regarding the abandonment of Linden Street, Providence. Further clarification was requested by the petitioner, Alma Green, Managing Partner, Indian Village Housing Development.

The Water Supply Board has a 6" C.I. water main and one active water service in the portion of Linden Street petitioned for abandonment. The abandonment of the water main cannot be approved.

For the abandonment of the street to be approved by your committee, the Water Supply Board will accept an easement subject to our review and approval of the plans. The Water Supply Board shall require full-street width easement from curb to curb. The easement should contain a clause that no obstructions, landscaping or improvements shall occur within the easement area to insure that maintenance and repair to the water main can be effectively accomplished.

Re: Referral No. 2208 - Abandonment of Linden Street between Pine
and Friendship Streets

Gentlemen:

The City Plan Commission at its January 21, 1987 regular monthly meeting reviewed and evaluated the subject referral from your Committee.

The petitioner is Ms. Alma Felix Green, Managing Partner of Indian Village Housing Development, a joint venture located at 861 Broad Street, Providence, Rhode Island.

The Indian Village Housing Development Project sponsored by the City of Providence has been awarded a \$1,100,000 Housing Development Grant for the development of 36 units of affordable rental housing within the Trinity Gateway Redevelopment Project.

The portion of Linden Street to be abandoned is to be used as a common for this project. The abandonment of the aforesaid portion of Linden Street would not adversely affect the neighborhood traffic patterns and in fact, this abandonment would increase the safety of the proposed communal living environment.

The existing one-family structure at 478 Pine Street will be acquired by the developer upon completion of the project and converted into a cultural center.

Since the proposed abandonment is consistent with the redevelopment plan for the area the Commission voted to advise the Committee on Public Works that no objection is offered to the aforesaid street abandonment under the following conditions:

- the public safety offices concur with it
- that utility easements be retained

RE: PROPOSED ABANDONMENT OF PORTION OF LINDEN STREET

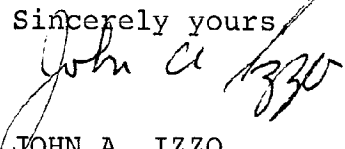

Dear Mr. Clement:

In researching the Department of Public Parks site map and records, our conclusion is that the proposed abandonment of a portion of Linden Street, from Pine Street to Friendship Street, will in no way conflict with any Parks Department facility or future plans for the area.

Therefore, the Department of Public Parks has no objection to the proposed abandonment.
