RECEIVED BY THE CITY CLERK

RESOLUTION OF THE CITY COUNCIL

No. 263

Approved April 7, 1961

Whereas, throughout recorded history the male of the homo sapien has expressed his courage by diversified actions, beginning with the requisitioning of his mate, to the present days program of outer space exploration, and

WHEREAS, in his unrelentless quest for recognition of his exploitations in courage he has invaded the fields of athletic competition, military battle, the sciences, government, and, in some instances became locked in mortal combat, with the opposite sex, for ocular honors, and

WHEREAS, often times, in the spirit of competition and with wreckless abandon, the courageousness of the species became so ^{incident (L E U)} event that the World paused, to reflect, to pay homage and to glory in the Victory, and

WHEREAS, is it not little wonder that this August Body having, at times itself been locked in deliberations of gargantuan proportions, pauses to exalt the courage of one amongst us, who by sheer tenacity of purpose and in spirit of true competition dares to cast aside the commonplace fashions of the latter part of the Twentieth Century to carry the banner and prestige of his colleagues in the Council to a Victorious conclusion,

NOW, THEREFORE, BE IT RESOLVED, it is hereby decreed that henceforth and in tribute to his Civic mindedness, our esteemed colleague Monsieur Henri E. Laliberte shall be known as "La Barbe Magnifique."

TRAFFIC ENGINEERING DEPARTMENT

ROGER T. CHANDLER
Traffic Engineer
JOHN I. LOGAN
Assistant Traffic Engineer

147 Fountain Street
Providence 3, R. I.

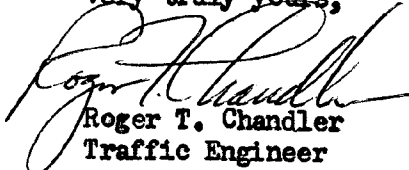

April 3, 1961

Honorable City Council
City Hall
Providence, Rhode Island

Gentlemen:

We have completed our investigation of the intersection of Niagara Street and Warrington Street. Our study showed low volumes of traffic on both of these streets. In addition the accident record for this location is good. Our records show only six reported accidents in the last four years. Therefore we do not recommend the installation of "STOP" or "YIELD" control at this intersection.

Very truly yours,

Roger T. Chandler
Traffic Engineer
