PUBLICITY ENGINEERING

Is the Systematic Science of Developing Business through

ADVERTISING

DISPLAY ADVERTISING depends on subconscious attention and retention. It is of value where a desire to purchase does not exist, and must be created.

DIRECTORY ADVERTISING recognizes conscious intention in most business, and places its story where keen minds seek information before buying.

Note the attempts to classify advertisers in newspapers and magazines under caption of "Business Directory" then compare with a Real Directory for completeness. Consider length of life of advertisement, and cost and form your own conclusions of relative value to your own business.

Efficiency

Does not lie in trying to remember everything, but rather in knowing how and where to find what you want with the least loss of time and effort.

This book is designed to serve as an aid in efficiency. It gives in the most convenient form for reference, vital information about the life of the city, its inhabitants and its business.

Especially valuable to the busy man is the section at the back of the book devoted to giving more detailed information about thousands of the most progressive houses in the city, than possible to find in any other form.

A glance at the index on page 2 will surprise you if you are not familiar with the great amount of useful information this book contains.

Educators in Provision Buying

Table Economy without curtailment in Quality or Quantity

OUR 1914 POLICY——THE CUSTOMER IS ALWAYS RIGHT

In our endeavor to extend our service in the interests of our customers we have eliminated all argument and shall maintain the policy that "the customer is always right" by correcting any error, replacing any unsatisfactory purchase or refunding the amount paid, without argument or question. Our only argument will be along the line of "Food Economy" and the education of those who desire to know the different cuts of meat and their uses.

Hotel, Restaurant and Family Supplies

We help you anticipate your needs, by preparing various cuts to provide more than one meal, reducing the cost of each and adding to the variety of your table menu.

Consult the Chart

And then let us show you how the cuts may be adapted to the uses of former single purchases at a saving of nearly half.

WE ARE DIRECT RECEIVERS OF

If these Peaches were policies, which would YOU choose?

Forget for a moment that you are a seller of Life Insurance and put yourself in the place of the man who buys it. Other things being equal, wouldn't you choose the policy that costs you the least? Today most companies are safe and sound. PRICE and PROFIT are the points that win the buyers decision. That's why "It pays to work for the Union Central"—the company with the last word in "LOWEST NET COST."

Mailing Lists

From our library of directories covering the entire country we compile accurate mailing lists which are up-to-date. Wrong addresses not only mean wasted postage, but loss of possible prospects.

Addressing

Our List and Letter Service Department has competent help trained to do addressing quickly, neatly and correctly.

Letters

Letters do reach the right man. They help your salesmen, they secure business from any part of the country and cost but little. These things are accomplished if the letters really look like typewritten work.

Our letters are not the ordinary "form letter". It is difficult to distinguish them from individual typewritten copies.

Mailing

We are equipped to handle every detail of your mailing. The quality of our directories is well known. Our addressing and mailing department gives you the same kind of work.

A Public Service Publication

Few lines of Business have such a varied clientel as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and who's life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

When You Build

You build to last, if you are wise. An advertisement in this book lasts a whole year, and is worth as much the last day as the first, for it is the only place people can be sure to find out something about you.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising ***suggests*** wants and ***creates*** desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased, and gives information that the buyer wants ***when he wants to buy.***

A Connecting Link

The weakness of display advertising is that often a need is not realised until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying, and where is so logical a place to look as ***in this book***

A Help to You

In your buying, use the lists in this book. If you see a name in ***heavy type*** it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page ", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to ***you*** as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you ***now*** how little it costs to be ***protected.***
