RE: Change Order to RWP Casino Renovations – Parks Department

ID Number: 15440

Original Award Date: October 16, 2017

Dear Mayor Elorza,

The Parks Department respectfully requests Change Order #1 to our contract with Martone Service Company, Inc in the amount of \$148,040.40. The total new contract amount not to exceed is \$413,040.40.

Original Contract Amount:	\$265,000.00
Change Order #1	\$148,040.40
Change Order #2 (if applicable)	\$
Change Order #3 (if applicable)	\$
Change Order #4 (if applicable)	\$
Final Contract Amount	\$413,040.40

(Sheet with additional change orders is or is not attached)

This change order is necessary due to unforeseen conditions at the Casino that caused a public safety issue that needed to be addressed immediately. A Notice to Proceed (attached) was issued as directed by Finance Director Mancini for immediate shoring of the compromised porch roof on the front and rear of the building. A more detailed description of the situation is attached.

Funds in the amount of \$148,040.40 are available in account 658-658-53400.

Martone Service Company, Inc
22 Sextant Lane, Narragansett, RI 02882

Respectfully Submitted,

Deputy Director: Brian F. Byrnes

Financial Approval: _____

Minority Participation:

Subject: RE: RW Park Casino - Change Order # 1

Sabrina:

I have reviewed the BOC correspondence from Brian Byrnes, Deputy Parks Department Director and it is consistent with my knowledge of the emergency measures necessary to invoke a notice to proceed to the on-site contractor due to time-of-the essence and in the interest of public safety and I hereby confirm that I recommended to subsequently seek a change order communication before the BOC.

Date: February 22, 2018
Re: RWP Casino Renovations – Change Order # 1

Mayor Elorza,

Due to the size and nature of change order we are requesting, please find further clarification of the issues related to the extra work and how it was discovered.

We are under contract with Martone Service Company for renovations to the RWP Casino related to damage from water infiltration. Through the investigations of the architect hired by the City for the renovation designs, the main scope of work was to repair the rubber roofing on the first floor porch. In addition, there was some replacement of the wood roof structure that had obvious deterioration.

Once the roofing was removed, we discovered that the main structural beam on the exterior roof line of the porch was severely deteriorated from the water infiltration. Further investigations resulted in the determination that five (5) of the beam sections in the front and rear of the building were compromised to a point that they had not structural quality. I directed the contractor to install temporary shoring immediately due to the existing public safety issue from these unforeseen structural deficiencies.

The collapse of the roof structure was a real possibility according to the structural engineer who observed the conditions on site. If the roof had failed, the structure would have sustained a lot of damage – beyond what is proposed in the attached quote. Also, as you may know, the Casino is a rental venue and there are many events scheduled there in the coming weeks and months.

www.providenceri.com

CITY OF PROVIDENCE

The immediate need for shoring and repairs, combined with the potential for further damage from the existing conditions and the loss of revenue related to refunding event holder deposits, has led us to the request for the change order. In addition, the contractor is on site and can start on the work immediately, forgoing the normal process utilized by the Board of Contract & Supply.

As you will see on the attached spreadsheet, the original change order request was for \$171,954.90, but with careful consideration and investigations we were able to save \$23,914.50 – resulting in the final change order of \$148,040.40.

Lastly, the work under the original contract was funded by the Champlin Foundation with no matching City funds. The additional work related to this change order will be funded by the Rhode Island Foundation. No city funds will be needed.

If you need any further information – please do not hesitate to contact me.

Thank you,

February 19, 2018

Mr. Michael Martone
Martone Construction
22 Sextant Lane
Narragansett, RI 02882

Notice to Proceed

Dear Mr. Martone,

On behalf of the City of Providence Parks Department, please accept this Notice to Proceed as approval for the work outlined in your February 15, 2018 proposal for extra work required at the Roger Williams Park Casino.

Upon the advice of the Director of Finance and due to the nature of the work required, a change order for this work will follow - however, you are directed to proceed immediately on this scope of work.

The work outlined in your proposal (\$148,040.40 - Attached) is required to alleviate the current public safety issue at the site related to the failure of the structural beam in several locations on the structure in the front and rear of the building. The work included in the proposal is as shown on the supplemental emergency drawings (dated 2/1/18) issued by the structural engineer upon discovery of the unforeseen issues uncovered during the construction operations you were undertaking under your current contract with the Parks Department at the Casino.

Please continue with the temporary shoring of the porch roof structure and provide a schedule for the work - mobilizing immediately.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Byrnes".

Mr. Brian Byrnes

Re: Roger Williams Park Casino
Subject: Veranda Beam Replacements

Dear Mr. Byrnes,

Upon review of the above subject work and plans prepared by Structures North Consulting Engineers, dated February 1, 2018, Martone Services inc. submitted a cost proposal in the amount of \$171,954.90. Upon several clarifications and possible Valued Engineered deductions compiled by the Architect we recalculated the project and submit a proposal in the amount of \$148,040.40 without any deductions to the original scope of work.

Upon inspection of the site the required work is critical to the structural integrity of the casino's veranda and is at a point of failure. The following picture depicts the extreme extent of the deterioration of major structure support beams. Martone Services Inc. is confident that our proposal will correct the issues the structural engineer compiled on their drawing. The picture also shows that the finish trim is also deteriorated.

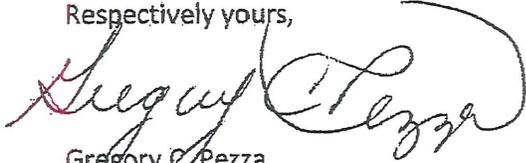

Typical Beam Deterioration

22 Sextant Lane * Narragansett, RI 02882 | Tel: (401)792-3847 | Fax: (401)792-3717

Upon review of the proposal and if awarded, Martone Services Inc. will immediately mobilize and stabilize the project to insure the safety and integrity of the structure. If you have any questions, please feel free to contact me. Hoping all is to your satisfaction, I remain,

Respectively yours,
