RESOLUTION OF THE CITY COUNCIL

No. 124

Approved March 16, 1990

Whereas, significant traffic congestion has been noted near the intersections of Elmwood Avenue and Park Avenue in the City of Cranston, and

Whereas, the citizens of both Providence and Cranston are affected by the dangerous conditions now existing at this location,

Now therefore, be it Resolved, that the Director of the Rhode Island Department of Transportation is requested to cause a study of this intersection to be conducted, to determine if changes in the traffic signalization or "Right Turn on Red" regulations would improve safety and traffic flow in this area, and

Be it further Resolved, that the Director of the Rhode Island Department of Transportation is respectfully requested to convey the results of this study to the City Councils of the cities of Providence and Cranston.
