RE: HAYES STREET

FOR: Transmittal to Committee on Public Works,  
Councilman James Petrosinelli, Chairman

In reference to City Council Resolution No. 669, approved December 12, 1985, be advised that due to an error in my previous memorandum on "HAYES STREET", the passed resolution needs to be rescinded and a new one introduced to read that HAYES STREET be made one-way easterly from Park Street to Francis Street (the reverse of R. 669). The one-way easterly is part of the CAPITOL CENTER REDEVELOPMENT PLAN and accordingly, thus recommended. Please contact me when the subcommittee meets, and if desired, I will be in attendance to answer inquiries.

RE: Hayes Street

---

Be advised that as part of the Capital Center Project, I recommend that Hayes Street be made one-way westerly from Francis Street to Park Street.

Also, NO THROUGH TRUCK signs will be required on Hayes Street and Brownell Street.

The attached letter to Mr. Norman Chopy, Special Project Director, at the Rhode Island Department of Transportation explains the reasons in detail.

Accordingly, I request the appropriate resolutions be passed on the aforesaid matters.
