PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned respectfully petitions your honorable body

as follows:

That Resolution No. 222, approved April 10, 1974 be amended as, and for the reasons, hereinafter set forth.

1. Said Resolution as adopted and approved neither defines the specific land donated nor the details of the relocation of Gay Street.

2. The Director of Public Works had determined the detailed engineering requirements for the relocation of Gay Street which your petitioner agrees to and accepts.

3. The Director of Public Works requires that the donation of land already accepted and approved by said Resolution No. 222 be specifically defined.

4. The Chief Engineer of the Public Works Department has approved a plan for the relocation of Gay Street, which plan is identified as "Street Line Section, Plan #063841, Date Sept. 4, 1974--Drawn by Waterman Eng.--Scale 1"=30'" (a copy of which is attached hereto as Exhibit A) which plan indicates the specific land required for the relocation of Gay Street.

Wherefore, your petitioner prays that this Honorable City Council amend said Resolution No. 222 by adding a specific reference to Exhibit "A" attached hereto.

Providence City Council
City Hall - Prov., R.I. 02903

Dear Sir:

Enclosed please find correspondence regarding the Public Works Department's position on the relocation of Gay Street, and a print of the plan and profile of same for submission for Council acceptance.

I have reviewed the plan and profile of Gay Street and found the proposed grades to be acceptable within the guidelines of sound engineering practice.

Sincerely,

A handwritten signature in cursive script, reading "Joseph J. Campo", is written over the typed name.

November 29, 1973

Chairman of the Public Works Committee
Providence City Council
City Hall - Providence, Rhode Island 02903

Dear Sir:

The Department of Public Works has no objection to the abandonment of:

East Beacon Street - from Beacon Avenue to Landor Street, providing the sewer line in East Beacon Street is cut and plugged at the property line, and that curbing be installed across East Beacon Street at Beacon Avenue and Landor Street.

Wellington Street - from East Beacon Street to Pearl Street, providing that curbing is furnished and installed across Wellington Street at Pearl Street.

Harrison Street - from Cranston Street to Durfee Street.

Hammond Street - from Cranston Street to Durfee Street, providing that the existing sewer is relocated at the petitioner's expense.

Melissa Street - from the extension of the northerly line of Lot 301, Assessor's Plat 113, to the State Highway Line.

Landor Street - from Pearl Street to a line which is the westerly extension of the southerly line of Lot 489, Assessor's Plat 23, providing that the existing sewer line is extended to Lot 489, Assessor's Plat 23, and turning at a manhole, also that a curbed cul-de-sac be constructed of a 50 ft. radius.

Portion of Gay Street - from Pearl Street to a line which is the extension of the easterly line of Wellington Street, providing that the petitioner dedicate for highway purposes the required area for the relocation of Gay Street.

The Department of Public Works has no objection to the relocation of Gay Street providing the construction of said relocation is at the petitioner's expense and in accordance with D.P.W. standards. Also, the Department of Public Works must review plans and profile of the relocated Gay Street.

The Department of Public Works has no objection to the renaming of Glasgow Street between Virginia Lane to Sherwood Street, providing the numbering of addresses be resolved by the Assessor's Office.

November 29, 1973

The Department of Public Works objects to the abandonment of the following streets because of the existing sewer within the public right-of-way. The existing sewers are part of a major sewer distribution system and cannot be relocated.

Lockwood Street - from Beacon Avenue to Landor Street - 60"x36" combined sewer.

Pearl Street - from Dudley Street to Wellington Avenue - 57"x38" combined sewer.

The Department of Public Works objects to the abandonment of Durfee Street from Dexter Street to Harrison Street. Recent construction by the Department of Planning and Urban Development indicated that a new sewer line will be installed in Durfee Street.

Very truly yours,

Lawrence P. McGarry
Director of Public Works
