RESOLUTION OF THE CITY COUNCIL

No. 509

Approved September 6, 1963

BE IT RESOLVED that the Town Council of North Providence be and is hereby requested to reject any proposal to develop a town dump on Woodward Road since the siting of such a development will impose undue and unnecessary hardships on both the communities of North Providence and Providence;

THAT such hardships will be reflected by a depression in the property values of the affected areas;

THAT such a depression in values will be occasioned by odors or threats thereof, rodents, flies, mosquitos, scavenger birds or threats thereof, and the heavy traffic of noisy and dangerous dump trucks regularly associated with the activation and operation of a town dump;

THAT, in summary, by virtue of the proposed dump's proximity to and adverse impact on desirable residential development in both North Providence and the City of Providence, the City of Providence respectfully requests the Town Council of North Providence to select a site, the location of which will be less injurious to both communities than will be the case in the instance of the proposed site in the vicinity of Woodward Road.
