MEMORANDUM

DATE: September 22, 1983

TO: Alec Scungio, Mechanical Engineer

SUBJECT: Woodfall Street-Main Drain and Sewer

CONSIDERED BY: Committee On Public Works

DISPOSITION:

Attached is a copy of the subject matter, for your study and report, back in writing to the said committee, it is requested that you provide the committee with a cost estimate of the amount of monies each abutting property owner along said street would have to pay, in order to construct the main drain or common sewer on Woodfall Street.

RE: WOODFALL STREET-MAIN DRAIN AND SEWER

Dear Chairman:

Attached herewith, please find plans for the above captioned. Included are the amounts to be assessed for owners of land along Woodfall Street to cover costs of material to be used in laying same.

There is no charge included in the estimate for labor if this work is done by City Personnel. However, if it is necessary that the construction of this drain be advertised for competitive bids and is done by a private contractor, the total cost and therefore the assessment will increase.

Sincerely,
