Department of Public Works

Dear Mr. Cesaro:

Constituents of mine, Leonard Rotenberg and Harry Limer, who own a house at 553-555 Lloyd Avenue have complained about the sidewalk in front of the house which has been raised and broken by the roots of city trees. The sidewalk is now a hazard to pedestrians and the owners have requested that the city repave it before someone takes a bad fall.

I hope you will give this request your attention. The condition of the sidewalk is not only unsightly, but dangerous and should be attended to before there is a serious accident.

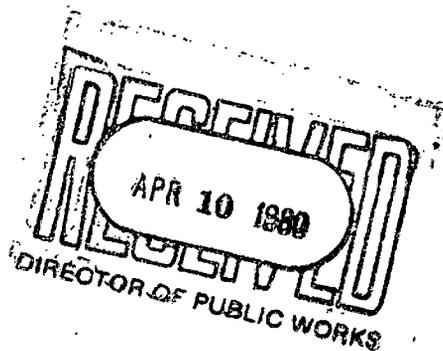

Thank you for your attention to this matter.

Sincerely yours,

Lila M. Sapinsley

Dear Senator Sapinsley,

After a recent inspection, brought about by your concerned correspondence, of the premises of your fellow constituents Leonard Rotenberg and Harry Limer of 553-555 Lloyd Avenue; I submit the following information.

My investigation of the nature of your complaint reveals evidence of approximately (15) blocks of cement, due to tree root damage.

The results of this inspection concurs with the contents of your complaint, pertaining to the extent of damage sustained at this site. I have presented my analysis of this entire matter to my immediate supervisor, Mr. Richard Barbato who expressed his concern upon initial receipt of your letter. A work order has been issued in order to resolve the problem confronting both Mr. Rotenberg and Mr. Limer.

Respectfully yours,
