

RESOLUTION OF THE CITY COUNCIL

No. 454

Approved June 16, 2003

IT IS HEREBY RESOLVED, That His Honor, the Mayor, is authorized to grant a non-exclusive sub-surface easement below George Street in the City of Providence to Cox Com, Inc., d/b/a Cox Communications (Cox). Said easement shall be granted specifically upon the following provisions:

1. Said easement shall be utilized only for the installation and maintenance of underground conduit to serve 114 George Street. Said easement shall not exceed the area of approximately ninety-nine square feet, as delineated on the accompanying map marked as Exhibit A.

2. Said easement shall be deemed to run with the land and shall operate against any successors in title and the easement or a memorandum of same shall be recorded in the Office of Land Records for the City of Providence.

3. Said easement shall be subject to a right of reverter/right of reversion in the event that the situs of the easement is no longer utilized for the aforesaid purposes.

4. The Assistant Director for Project Management and Construction has valued the easement at \$400.00 in legal tender of the United States of America. However, since Cox has appealed the assessment of such charges to the Rhode Island Public Utilities Commission, the Director of Public Works may issue the permit, subject only to the payment of a \$75.00 fee by Cox, pending the resolution of the Public Utilities Commission appeal.

5. Any breakout necessary for installation and/or repair or replacement shall be resurfaced/rehabilitated to the approval of the Director of the Department of Public Works.

6. Any installation of utilities or utility lines shall be underground so as to preserve the public right-of-way.

7. Any installation of electrical mechanisms shall be to the approval of the Director of the Department of Inspections & Standards.

8. Petitioner shall ascertain that construction results in no adverse impact on any existing utility company and shall ensure the continued integrity of those existing structures.

9. Cox shall execute an indemnification and hold-harmless agreement with the City of Providence. Said agreement shall be approved by the Department of Law of the City of Providence.

10. Cox recognizes the applicability of Sections 23-107, 23-108 and 23-190 of the Code of Ordinances which read as follows:

23-107. Indemnity of city against claims arising out of electrical installations. No right of any person to maintain, use or operate any poles, wires, cables, conduits, ducts, pipes, manholes, handholes, or other appliances or appurtenances in any street or other traveled way in the city, shall be in preference or hindrance of public work in the city, and should any of the same in any way interfere with the construction, alteration or repair of any public work in, under, or over any such street or way, whether done by the city directly or by any contractor for the city, such person shall at his own expense protect, alter or move any of the same so interfering to some other location, or discontinue the use and operation thereof for the time being, as directed by the director of public works, without the city being liable for any damages suffered by such person thereby. The City shall notify such person not fewer than ninety (90) days prior to such public work, which will interfere with any of the same or the use or operation thereof. In case such person shall fail to comply with any such direction of said director, the city may protect, alter or move the same, and recover the cost thereof from such person.

23-108. Precedence of wires, apparatus of city signal service. The wires, poles, posts, structures and supports of the telephone, fire alarm and police signal service maintained by the city shall at all times take precedence and right-of-way as to all other wires, poles, posts, structures and supports maintained or erected in the city; and no lineman or other person, either in erecting wires, poles, posts, structures or supports in any way whatsoever shall interfere with, or disturb, disarrange or change any wires maintained by the city, or any appurtenance thereof; and in every instance of removal of any of said wires, poles, posts, structures or supports for the accommodation of any other corporation or party, or to place the same beyond danger from the electric current of any other corporation or party, the expense incident to said removal shall be paid immediately by such other corporation or party.

23-109. Indemnity of city against claims arising out of electrical installation.

Every person erecting, maintaining or using electric wires or poles, fixture or structures, for the support or conducting of the same shall indemnify and save harmless the city, its officers, agents and servants, from and against all lawful claims and demands for injuries to persons or property occasioned by the existence of such poles, wires, fixtures or structures or the transmission of electric current by means thereof or by the digging up, opening or keeping open of any street, highway, traveled way, public place or part thereof, which shall be or has been opened for the purpose of installing, constructing or repairing any underground conduit, duct, structure, appliance or appurtenance by or for such person, or by any failure of such person to restore and keep in sound and safe condition for the required time any ground opened or dug up in the prosecution of any of its work in any street, way or place. The city, city council, or the officers, agents or servants of the city, exercising the rights, powers or permission, and

subject to the restrictions, respectively given and reserved herein shall not be held liable by such person or corporation on account thereof, or by reason of any injury or damage caused thereby.

and Cox, for itself and its successors, agrees to comply with the same.

11. Cox shall repave all excavated roadways in accordance with relevant ordinances, industry standards and to the reasonable satisfaction of the Director of Public Works and Cox, its successors and assigns, shall guarantee the fitness of said repairing and shall make, at its own cost, all necessary modifications, alterations and repairs to said repaving for a period of not fewer than five (5) years.

12. Such other terms and conditions as may be reflected in the record and minutes of the City Council Committee on Public Works and/or as may be deemed appropriate by the Mayor or the Department of Law.

PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

The undersigned respectfully petitions your honorable body

RECEIVED
CITY OF PROVIDENCE
AUG 15 2002
CITY CLERK

Cox Com Inc. d.b.a. Cox Communications is hereby requesting permission from the city of Providence to excavate and place conduit at the following locations to service new customers.

1. **89 Ship Street**, From side walk at intersection of Chestnut Street within sidewalk 23 ft. over to Ship Street, 65 ft. across Ship to sidewalk in front of 89 Ship Street.
2. **114 George Street**, From existing manhole 22 ft. to edge of sidewalk, another 11 ft. of concrete driveway to edge of property line.

Attached is a set of Engineered plans detailing the routes to be excavated for both locations. Thank you for your time and I will be available to answer any questions that you may have regarding this request.

RESOLUTION OF THE CITY COUNCIL

No. 454

Approved June 16, 2003

IT IS HEREBY RESOLVED, That His Honor, the Mayor, is authorized to grant a non-exclusive sub-surface easement below George Street in the City of Providence to Cox Com, Inc., d/b/a Cox Communications (Cox). Said easement shall be granted specifically upon the following provisions:

1. Said easement shall be utilized only for the installation and maintenance of underground conduit to serve 114 George Street. Said easement shall not exceed the area of approximately ninety-nine square feet, as delineated on the accompanying map marked as Exhibit A.

2. Said easement shall be deemed to run with the land and shall operate against any successors in title and the easement or a memorandum of same shall be recorded in the Office of Land Records for the City of Providence.

3. Said easement shall be subject to a right of reverter/right of reversion in the event that the situs of the easement is no longer utilized for the aforesated purposes.

4. The Assistant Director for Project Management and Construction has valued the easement at \$400.00 in legal tender of the United States of America. However, since Cox has appealed the assessment of such charges to the Rhode Island Public Utilities Commission, the Director of Public Works may issue the permit, subject only to the payment of a \$75.00 fee by Cox, pending the resolution of the Public Utilities Commission appeal.

5. Any breakout necessary for installation and/or repair or replacement shall be resurfaced/rehabilitated to the approval of the Director of the Department of Public Works.

6. Any installation of utilities or utility lines shall be underground so as to preserve the public right-of-way.

7. Any installation of electrical mechanisms shall be to the approval of the Director of the Department of Inspections & Standards.

8. Petitioner shall ascertain that construction results in no adverse impact on any existing utility company and shall ensure the continued integrity of those existing structures.

9. Cox shall execute an indemnification and hold-harmless agreement with the City of Providence. Said agreement shall be approved by the Department of Law of the City of Providence.

10. Cox recognizes the applicability of Sections 23-107, 23-108 and 23-190 of the Code of Ordinances which read as follows:

23-107. Indemnity of city against claims arising out of electrical installations. No right of any person to maintain, use or operate any poles, wires, cables, conduits, ducts, pipes, manholes, handholes, or other appliances or appurtenances in any street or other traveled way in the city, shall be in preference or hindrance of public work in the city, and should any of the same in any way interfere with the construction, alteration or repair of any public work in, under, or over any such street or way, whether done by the city directly or by any contractor for the city, such person shall at his own expense protect, alter or move any of the same so interfering to some other location, or discontinue the use and operation thereof for the time being, as directed by the director of public works, without the city being liable for any damages suffered by such person thereby. The City shall notify such person not fewer than ninety (90) days prior to such public work, which will interfere with any of the same or the use or operation thereof. In case such person shall fail to comply with any such direction of said director, the city may protect, alter or move the same, and recover the cost thereof from such person.

23-108. Precedence of wires, apparatus of city signal service. The wires, poles, posts, structures and supports of the telephone, fire alarm and police signal service maintained by the city shall at all times take precedence and right-of-way as to all other wires, poles, posts, structures and supports maintained or erected in the city; and no lineman or other person, either in erecting wires, poles, posts, structures or supports in any way whatsoever shall interfere with, or disturb, disarrange or change any wires maintained by the city, or any appurtenance thereof; and in every instance of removal of any of said wires, poles, posts, structures or supports for the accommodation of any other corporation or party, or to place the same beyond danger from the electric current of any other corporation or party, the expense incident to said removal shall be paid immediately by such other corporation or party.

23-109. Indemnity of city against claims arising out of electrical installation.

Every person erecting, maintaining or using electric wires or poles, fixture or structures, for the support or conducting of the same shall indemnify and save harmless the city, its officers, agents and servants, from and against all lawful claims and demands for injuries to persons or property occasioned by the existence of such poles, wires, fixtures or structures or the transmission of electric current by means thereof or by the digging up, opening or keeping open of any street, highway, traveled way, public place or part thereof, which shall be or has been opened for the purpose of installing, constructing or repairing any underground conduit, duct, structure, appliance or appurtenance by or for such person, or by any failure of such person to restore and keep in sound and safe condition for the required time any ground opened or dug up in the prosecution of any of its work in any street, way or place. The city, city council, or the officers, agents or servants of the city, exercising the rights, powers or permission, and

subject to the restrictions, respectively given and reserved herein shall not be held liable by such person or corporation on account thereof, or by reason of any injury or damage caused thereby.

and Cox, for itself and its successors, agrees to comply with the same.

11. Cox shall repave all excavated roadways in accordance with relevant ordinances, industry standards and to the reasonable satisfaction of the Director of Public Works and Cox, its successors and assigns, shall guarantee the fitness of said repairing and shall make, at its own cost, all necessary modifications, alterations and repairs to said repaving for a period of not fewer than five (5) years.

12. Such other terms and conditions as may be reflected in the record and minutes of the City Council Committee on Public Works and/or as may be deemed appropriate by the Mayor or the Department of Law.
