SKANDINAVIA
(Established 1886)
The Leading and Largest Swedish-American Newspaper in Rhode Island and the other New England States

Published every Wednesday by the SWEDISH PUBLISHING COMPANY. Rhode Island has a Scandinavian population of 30,000; its trade is worth having. To reach them and solicit their patronage, advertise in SKANDINAVIA, a clean family newspaper; its popularity with the Scandinavian people is gaining steadily through its wholesome, clean and honest methods. Rates for advertising very reasonable and furnished on application.

REAL ESTATE.

AS BROKERS, with more than twenty years' successful experience, we claim to be competent to handle for you your realty affairs in a prompt and satisfactory manner. We aim to give advice founded upon the practical results in the experience of ourselves and others. We particularly solicit the business of those who are satisfied with a reasonable market value rather than of those who, through sentiment or indifference, place high values upon their properties. We would thus assure buyers that what we offer is worthy of consideration. We have had first hand and extensive experience in the improvement of land to hasten its sale and believe our service in this particular can be an expectionally valuable aid to anyone having property requiring development. We have also engineered a good many large and small exchanges of properties, which is one good way of working off otherwise obdurate propositions. Much of the time we have on hand good real estate mortgages which we will transfer to you without charge or publicity. We almost always have money on hand to loan. Fire, plate-glass and other insurance business we solicit and will give our very best attention.

AS CONTRACTORS, we agree for a sum stipulated in our contract to procure a lot of your selection, erect thereon a dwelling to suit your requirements, and deliver the whole estate to you complete, ready to live in, with concrete walks laid and lawns graded, and take a large part payment on mortgage if your convenience requires. As such contractors we can be of greater service and economy to you than any concern in Providence, we believe. We are closer buyers of land than most individuals seeking homes, and certainly we obtain better discounts on building materials than the ordinary contractor, besides saving considerable of the architect's commission, the brokers' commission for a loan, and the usual legal expenses, and for ourselves are satisfied with a reasonable per cent net profit on the contract. We are able to show exactly what style of house and workmanship we have recently accomplished and will produce for you—and when you can purchase from a sample dwelling you should never trust to building from a plan, as only experts can read plans understandingly. And perhaps the greatest argument in our favor is that you hold but one contract for a completed property and that contract with a financially strong and reputable concern, and there can be no possibility of mechanics' liens or other entanglements and disappointments.

ENERAL SECRET SERVICE

CORPORATION, CIVIL, CRIMINAL

r immense success is due to the following facts, viz:

We know our profession from A to Z
We are absolutely reliable
We can furnish highest references from leading Police Officials and the most prominent Manufacturers, Business and Professional Men in regard to our ability and standing—hence our clients can rest assured that they will not be required to pay for experiments;
And in short—
We deliver the goods

Our Motto is: "THERE'S NO SUCH WORD AS FAIL," and we challenge contradiction

ELECTRICAL and MECHANICAL ENGINEERS

Specializing in: the relative economy of purchased power vs. power generated by individual plants, application of individual and group motor drive in factories, mills, steam laundries, etc. Expert advice on the generation, transmission and distribution of electrical and mechanical power.

The difference between merely realizing a profit on a factory and obtaining from it all the profit it can yield is the difference between a fairly successful business and one that is truly successful. There are factories in which 75 per cent. of the generated power is lost in transmission through cumbersome line shafting and sagging slipping belts. With the proper precaution some such tremendous and expensive losses have been reduced to as low as 33 per cent.

ARE YOU SURE THAT YOUR MACHINERY IS BEING DRIVEN THE CHEAPEST WAY?
REDUCE YOUR POWER BILL 20 PER CENT. EFFECT A SAVING OF 25 PER CENT. ON THE COAL PILE!
SERIOUSLY! HOW MUCH WOULD IT MEAN TO YOU A YEAR?

Examinations and reports made. Estimates and specifications drawn up for the electrification of industrial plants

We are equipped with machines for spraying Road Oils under pressure. This Machine makes it possible to control the flow of oil so that it is put where you want it, and in an even coat so that the high places in the road get the same amount as others, this insures there being no puddles or pools of Oil at any point.

We can apply Oil to the exact width of road, in a perfectly straight line at the sides or edges. In this way a gallon of Oil is made to do exactly the amount of surface allotted.

We can apply any kind of Road Oil at a pressure varying from 10 to 75 pounds, and can lay any amount of Oil to the square yard that is required.
