RESOLUTION OF THE CITY COUNCIL

No.

Approved

RESOLVED, That the Traffic Engineer is requested to cause the traffic signal light located at the corner of Broadway and Battey Street, (south to north) to be removed.

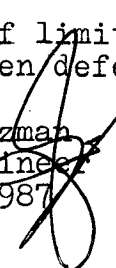

Disposition:

It is planned and scheduled that this summer the Traffic Engineering Department will reposition the signal lights at this intersection and Broadway and Depasquale.

The lights at the two intersections work together and must remain so; however, repositioned, the problem of conflicts with the overhead lights and pole-mounted signals will be resolved.

Due to staff limitations and budgetary matters, this project has been deferred to FY '88, hence, this summer.

B. James Suzman
Traffic Engineer
