The Hon. City Council
City Hall

Gentlemen:

In response to Council Resolution No. 480, the Traffic Engineering Department investigated the intersection of Stanton Street and Moorefield Street.

Because of the very good visibility at this intersection, the very low volume of traffic using these two streets and the fact that there were no accidents reported since 1951, we feel that no controls are warranted at this time.

Very truly yours,

Roger T. Chandler
Traffic Engineer
