The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to install forthwith, a motor vehicle traffic signal light at the intersection of Lloyd Avenue and Wayland Avenue.

Disposition: On January 29, 1975, we installed a "STOP AHEAD" sign in both directions on Wayland Avenue. We will study this intersection again in a few months to see if the accident history has improved.

Very truly yours,
