ORDINANCE SECOND READING

COUNCILMAN ZURIER

An Ordinance Amending Section 21-28.1 Entitled "Qualifications of Parties Doing Business with the City" and Adding Sections 2-403 through 2-410, Entitled: "Prohibition of Awarding Public Contracts to Certain Campaign Contributors" to the Code of Ordinances

SECTION 1. The Providence City Council hereby makes the following legislative findings:

1. The City relies extensively upon outside vendors to support and provide City services, including but not limited to those obtained through the competitive bidding process, on a sole source basis, and by consideration of a broader range of factors applicable to professional services.
2. The City procures services in numerous different ways, including but not limited to competitive bidding, sole source awards, and contracts for professional services based on a broad range of factors.
3. Regardless of the manner in which a vendor is selected, it is important for the public and for other bidders to have confidence that the selection decision was based on the best interest of the City.
4. The City of Providence and its residents have a significant interest in preventing both actual and perceived corruption and/or improper influence in the awarding of contracts to vendors of services and goods.
5. The awarding of a contract to a company that has made significant campaign contributions to City officials or candidates for office may cause or raise a perception of corruption and/or improper influence in the City's awarding of the contract. The appearance of impropriety may be affected by the size of the campaign contributions and the value of the contract awarded.
6. In order to minimize any perception of corruption and/or improper influence in awarding contracts in the City, the City Council wishes to establish campaign contribution limits from contractors, while still affording candidates the ability to raise funds to seek election to public office. Mayoral campaigns typically cost hundreds of thousands of dollars. The cost of campaigns for election and/or re-election to the City Council can reach into the tens of thousands of dollars.
7. The annual contribution thresholds set forth below balance the goals of this legislation with the free speech interests of City vendors, their owners and key employees.

SECTION 2. Section 21-28.1 of the Code of Ordinances is hereby amended to add new Subsections (d) and (e) which read as follows:

Sec. 21-28.1. Qualifications of parties doing business with the city.

- (a) In awarding bids for purchase of materials or services by the City of Providence, the Board of Contract and Supply and the Purchasing Department of the City of Providence shall take into consideration, among other factors, the background and reputation for honesty and integrity of the parties who have bid on the particular materials or services.
- (b) No contract shall be awarded to any party who is not current with all taxes which have been levied against that party by the city, including, but not be limited to, property, excise and tangible taxes; provided, however, that this section shall not apply to any party who has disputed the taxes assessed pursuant to provisions of the State of Rhode Island, nor to any party who, while delinquent, has entered into an agreement with the city collector for the payment of its taxes and is current in that agreement. All bidders shall submit with each bid a certificate from the City Tax Collector certifying that there are no outstanding taxes due and owing to the City, or that any tax delinquency is subject to a properly filed tax dispute.
- (c) In order to assist the board of contract and supply and other departments of the City of Providence in considering the foregoing, the Mayor, the Finance Director of the City of Providence or the chairperson of the Finance Committee of the City Council of the City of Providence may request the Chief of the Providence Police Department to conduct a background check on any party bidding or submitting bids for sale of services or materials to the City of Providence and/or any owner, officer or director of any such party. Upon receipt of any such request, the chief of police shall conduct such an investigation including, without limitation, to determine whether any such bidding party or any officer, director or owner thereof has been convicted of any criminal offense and shall report his findings to the party requesting such information and to the board of contract and supply. The results of any such investigations shall be public records of the City of Providence.
- (d) Any construction project subject to subsection (a) that is or is budgeted to be one hundred thousand dollars (\$100,000.00) or more shall:
 - (1) Contain a provision requiring all contractors and subcontractors have or be affiliated with a state registered apprenticeship program as defined in 29 C.F.R. § 29 et seq.
 - (2) Require that not less than fifteen (15) percent of the total hours worked by the contractors' and subcontractors' employees on any one (1) project are completed by apprentices registered in state registered apprenticeship programs as defined.
 - (3) Subsequent to the City's award of the contract and prior to commencement of work, the prime contractor may petition the awarding agency to adjust the apprenticeship work hours requirements in subsection (2). The awarding agency may lower the fifteen (15) percent requirement only if it determines in writing that compliance is not feasible or that it would be unduly cost prohibitive to the project.

(4) Contain the following enforcement provisions:

a. All contractors and subcontractors shall submit written reports documenting compliance with their apprenticeship obligations prior to approval and issuance of any periodic and/or final payments being made by the contracting party.

b. Any contracting governmental subdivision or agency or its designee shall have the power to impose sanctions on any contractor or subcontractor found not to be in compliance with its obligations under this Ordinance. Such sanctions shall include, but not be limited to:

1. Termination of contract.
2. Debarment from future city projects.
3. Recovery of any benefits which accrued to the business during the period of violation.
4. Referral for civil sanctions and/or prosecution under the False Claims Act.

(5) Any and all bidders shall certify in writing, as a condition precedent for bidding on any City of Providence-sponsored project worth in excess of fifty thousand dollars (\$50,000.00), that the bidder shall comply with the following: ("Bidder" shall include all construction managers, contractors, and subcontractors bidding on a construction, repair, or demolition contract).

a. All bidders shall adhere to air quality protocols outlined in the Green During Construction initiative. These refer specifically to: (1) the implementation of dust controls - especially silica control measures - during construction; (2) the substitution of all gasoline, propane, and diesel-powered construction equipment - either stationary and mobile - with equipment designed to reduce toxic emissions, either through engine modification, the use of alternative fuels, or the implementation of electric or hybrid power systems; and (3) the prohibition of idling motors on gasoline and diesel vehicles as published by the Rhode Island Committee on Occupational Safety and Health.

b. All bidders who are awarded or otherwise obtain contracts with the City of Providence shall comply with all obligations set forth in paragraph a. for the entire duration of the contract. Any bidder performing work pursuant to this initiative shall be obligated to immediately notify the City of Providence regarding any material changes relating to concurrence with this initiative. Failure to notify the city of any material change shall be considered a submission of false information and the city shall have the discretion to impose any and all sanctions authorized by this section.

c. Any bidder who negligently or willfully fails or refuses to comply with any of the obligations set forth in paragraph a., above, for any period of time, shall be subject to sanctions at the discretion of the City of Providence, which may or may not include one (1) or more of the following: 1) cessation of work on the project until compliance is obtained; 2) withholding of payment due under any contract or subcontract until compliance is obtained; 3) permanent removal from any further work on the project; 4) debarment from eligibility to contract with the City of Providence; 5) declaration of any contract held by the bidder null and void.

d. Each bidder shall be responsible for, and shall ensure that any and all subcontractors to the bidder shall comply with all the requirements of the section, and each bidder shall certify the compliance of any and all subcontractors with the provisions of this section in the manner provided in paragraph b. above.

(e) As part of any bid to provide services or goods of \$100,000 or greater for any City of Providence-sponsored project, the bidder (referred to below as "the Business") shall submit a "Bidder's Affidavit" which shall contain "Reportable Contributions" (as defined below) for "Business Contributors" (as defined below) covering the twelve (12) month period immediately preceding the date on which the bid is submitted ("Reporting Period"):

(8) The Affidavit shall be a public record.

(9) Prior to executing any contract with the City of Providence to provide goods or services of a value of \$100,000 or greater, and as a condition for entering into such a contract, all prospective vendors will submit a "Vendor's Affidavit" supplementing the information set forth in subsection (d) for the period between the time of the submission of the initial Certificate and the execution of the contract.
