REPORT OF THE COMMITTEE
ON

DISASTER RELIEF STUDY

PAGE 1.

To the Honorable the City Council of the City of Providence;

Gentlemen:

Your Committee created by Resolution 512 of the City Council, approved July 17, 1953, authorizing a study be made of methods employed by the City of Worcester in meeting the various complex problems caused by the Tornado that struck that City in June, 1953, respectfully reports:

A meeting of your Committee was held in the City Council Chamber, City Hall, Worcester, with Chairman Jerry Lorenzo and Messrs. Jacob J. Alprin, John A. Powers, Jr., Frank Lazarus, and Deputy Director of Civilian Defense David Joyce.

Also present by invitation were Fire Chief Lewis A. Marshall, Superintendent of Health Dr. Joseph Smith, Superintendent of Highways William V. Lee, and Deputy City Clerk Vincent Vespia.

Present and representing the City of Worcester were City Manager Francis J. McGrath, Director of Housing Authority Benedict, Regional Civil Defense Director Rossi, Director of Civil Defense Police Lieutenant Maloney, Fire Chief Travers, Police Chief Finneran, Commissioner of Public Health Withow, Commissioner of Public Works Perry, and Budget Officer Coughlin.

The proceedings were conducted in an informal manner starting with a report of the incident and then a question and answer period.

Subsequent to the November 6th meeting in Worcester, copies of transcripts were sent to your Committee which were digested by its members culminating in the following recommendations:

Planning whether to combat a natural or atomic disaster should be based on Civil Defense and an emergency with the Police, Fire, Public Works, and Health Departments being the first agencies of Municipal Government to be alerted. Alerting of all public utilities so that lighting, communications and transportation services may be utilized to the fullest extent possible should follow.

Security Measures should be invoked as it would prove to be an important problem.

A system of traffic control should be planned to minimize confusion with reference to movement of equipment and authorized personnel into the

REPORT OF THE COMMITTEE ON

DISASTER RELIEF STUDY

PAGE 2.

devastated area. Security orders should be issued to all off-duty policemen and firemen; and to insure approved traffic within the devastated area, only passes issued by the Chief of Police from a Central Post should be issued.

Immediately following the invoking of security measures, the complex problem of evacuation of people, especially those injured, should be undertaken followed by feeding and clothing them in designated places prearranged by Civilian Defense authorities. High on the priority of planning should be temporary housing augmented by the use of trailers set up in designated temporary trailer sites planned in advance.

The setting up of First Aid Emergency Stations for the donation of blood and the Administration of blood should be prearranged through the Red Cross.

A program of Radio broadcasting and Television should be planned so as to insure continuous information and communications through the Radio and Television Stations who would prove invaluable for the purpose of general information pertinent to the disaster.

The various cities and towns adjacent to the devastated area who may immediately offer aid in the use of equipment that may be required should be asked to stand by and not move into the area immediately so as to minimize confusion and congestion.

A three-way radio transmitter and receiver between the Police and Public Works Departments should be installed for rapid issuing of directives.

An up-to-date inventory of equipment owned by governmental and private industries should be compiled and available for Civil Defense Headquarters so that this equipment could be pressed into service when necessary.

Prearranged designated morgues should be considered with segregation of victims - male and female adults and male and female children.

Your Committee is of the opinion that without prior efficient planning in the organization of Civil Defense, it would be almost physically impossible to recover from either an atomic or natural disaster and therefore recommends that the members of this City Council set an example

REPORT OF THE COMMITTEE ON

DISASTER RELIEF STUDY

PAGE 3.

for the citizens of this City by joining the Civil Defense Volunteer Corps.

The City of Worcester speaking through its City Manager, Francis J. McGrath, expresses its most sincere appreciation of the aid given to it by the City of Providence following their disaster.

Your Committee further respectfully reports that it is most appreciative of the co-operation extended by the various City Officials in Worcester that made this conference possible.

Respectfully submitted
for the Committee

Jerry Lorenzo,
Chairman

89-A

Honorable Members of the City Council
City Hall
Providence, Rhode Island

Gentlemen:

I am in receipt of a copy of a petition of Daniel Podrat, et al. which was referred to me by you for my study and report.

The petition represents that on March 5, 1953 the petitioners purchased certain premises at 162-168 Dorrance Street, consisting of land with a then unoccupied five-story building. The petitioners state that they spent substantial sums of money in renovating the premises which were totally destroyed by fire on September 22, 1953; they they had received no income whatsoever from their ownership of the premises and that in view of the destruction of their property they requested that a portion of the real estate taxes assessed as of December 31, 1952 be remitted or abated.

No claim is made for an abatement of tax because of over-assessment or illegality. I find no legal justification for abating taxes because of economic hardship to the owner of the premises involved. In this case the petitioners are asking for relief simply because of the loss they have sustained but I respectfully advise you that the City Council has no authority to afford the requested relief.

Very truly yours,

William E. McCabe
CITY SOLICITOR

PETITION TO THE CITY COUNCIL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF PROVIDENCE:

~~The undersigned respectfully petition your honorable body~~

Respectfully represent the undersigned that on or about the 5th day of March, 1953, they purchased from Beverly Land Co., certain premises located at 162-168 Dorrance Street, and being delineated as lot numbered 198 on Plat 20 on file in the office of the Assessor of Taxes of the City of Providence, subject to taxes assessed by the City of Providence, December 31st, 1952.

Said premises consisted of a large five story masonry building which was then unoccupied.

Your petitioners took possession of said premises and spent substantial sums of money in and about the repair, decoration and renovation thereof.

On September 22nd, 1953, said premises were totally destroyed as a result of a fire.

From the time your petitioners took possession of said premises until their destruction, your petitioners received no income whatsoever therefrom but on the contrary spent substantial sums of money thereon.

Wherefore your petitioners respectfully pray that your Honorable Body will take said facts under consideration and will remit or abate a portion of said 1953 taxes assessed on said premises.
