ORDINANCE SECOND READING

The following Ordinance was in City Council December 14, 2000, Read and Passed the First Time and is returned for Passage the Second Time:

An Ordinance in amendment of Chapter 21 of Article VII entitled "Tax Stabilization for Industrial Property" of the Code of Ordinances of the City of Providence, as amended.

Be it ordained by the City of Providence:

Section 1. Chapter 21 of Article VII of the Code of Ordinances of the City of Providence, is amended by adding the following:

21-170. Downcity Tax District.

The City Council has the authority under the General Laws of the State of Rhode Island to create a Downcity Tax District to provide special tax considerations for designated properties within the district, as defined below. Private investment is needed to rehabilitate and construct buildings as well as to introduce economically viable uses to the area, but investment has been insufficient because of the high cost of renovation and difficulty obtaining commercial tenants. It is therefore in the public interest to provide property tax incentives for owners of under-utilized property in the Downcity district in order that there may be substantial rehabilitation of the properties and attract new residential, commercial and institutional uses. It is also in the public interest to offer these incentives for a limited duration.

Eligible Property. Eligible properties shall be taxable properties located within the area abounded by Dorrance, Pine, Empire and Sabin Streets within the City of Providence; and shall

have been more than fifty percent (50%) vacant as of December 31, 1999 or, although more than fifty percent (50%) occupied, shall be eligible if certified by the Building Inspector as in need of substantial rehabilitation.

Buildings demolished after December 31, 1999 shall be ineligible. Properties already vacant as of this date shall be eligible if the owners construct new structures, including parking garages.

Property taxes levied on eligible properties as of December 31, 2000 shall reflect the adopted tax considerations. Owners of eligible properties are required to begin renovations by December 31, 2003 in order to qualify for continued tax considerations. Properties that fail to meet this deadline will be required retroactively to pay the difference between their actual tax payments and what they would have paid if ineligible for the specified tax considerations.

Substantial rehabilitation shall mean rehabilitation that adheres to the applicable building and fire codes, extends to all occupiable floors of the building, and equals at least fifty percent (50%) of the current replacement value of the structure, as certified by the city Building Inspector.

Tax Considerations. The City of Providence shall provide tax considerations for a period beginning with the assessments of December 31, 2000 up to and including December 31, 2010.

During this period, eligible properties shall pay annual taxes on land and buildings in an amount equal to the tax assessed as of December 31, 1998. This tax shall be fixed regardless of changes in the tax rate, or of changes in valuation resulting from periodic renovation. During this period of eligibility, the tax shall be fixed regardless of increased property value resulting from substantial rehabilitation.

During the period of eligibility, the City of Providence shall also use special considerations in taxing tangible property located in businesses in eligible properties. This tax consideration shall not be available for any business relocating from another area of the city of Providence unless that business has been involuntarily relocated or has been relocated as a result of a catastrophic occurrence. This shall apply, however, to expansion projects by businesses already located within this area. For the ten year period, the rate of thirty-three dollars and forty-four cents (\$33.44) shall be applied annually to tangible property value as it is determined and any change from year to year. This consideration shall apply to all taxable businesses occupying eligible properties during the period of eligibility, regardless of when they first occupied the property.

Transfer of exempt or stabilized property. Tax benefits for eligible properties shall be transferable to new owners or tenants, but the life of the tax consideration shall not be extended.

Other Considerations. This section shall not diminish the authority of any body to review and approve the construction plans for overall appearance or historical preservation standards. This section shall not limit or otherwise preclude the city council from also exempting

or stabilizing taxes on properties which would otherwise be permitted by the General Laws of the State of Rhode Island or by this code of ordinances, including but not limited to section 21-169. In the event another exemption or stabilization program is applied to the eligible property, the annual taxes on land and buildings would be the amount equal to the tax assessed as of December 31, 1998 and that will serve as the assessed valuation of the property from which the abatement shall be computed.

Forms and Procedure. The City Assessor shall develop forms and procedures as he or she deems necessary and proper. The procedure for eligible properties under this section shall be the same as in section 21-169(b)(1).

Revocation. The City Council shall terminate an exemption granted hereunder prior to the expiration thereof in the event of fraud or misrepresentation by an applicant regarding any statements or representations contained in the application.

Section 2. This Ordinance shall take effect upon passage.

Read and Passed the Second Time, on motion of COUNCILMAN ALLEN, seconded by COUNCILWOMAN WILLIAMS, by the following Roll Call Vote:

Ayes: Council President Lombardi, Councilmen Allen, Aponte, Butler, Clarkin, DeLuca, Councilwoman DiRuzzo, Councilmen Hassett, Igliozzi, Jackson, Councilwomen Nolan, Romano, Williams and Young—14.
