Section 14-178. Findings.

In order to limit congestion, to ensure the safe passage of pedestrian and vehicular traffic and to improve the quality of life of the citizenry, it is necessary to control the number, location and operation of peddlers, traveling restaurants and lunch carts, so-called farmers' markets and arts-and-crafts shows licensed in accordance with the provisions of this Article.

Section 14-179. Vending zones — establishment and purpose.

Vending zones are hereby established in order to control the placement, duration, location, number and out-of-doors operation of peddlers and hawkers licensed in accordance with this Article and traveling restaurants and lunch carts licensed in accordance with the provisions of Section 10-21, et seq., and farmers' markets and arts-and-crafts shows.

Section 14-180. Vending zones — Creation.

(a) The City Plan Commission shall, after appropriate study, prepare a "Vending Zone Plan" based on the Commission's consideration of the totality of the circumstances affecting hawking and peddling in the City, including but not limited to (a) daytime and evening populations, (b) intensity of vehicular traffic, (c) vehicular traffic patterns, (d) existing traffic control devices, (e) existing parking, (f) intensity of pedestrian traffic, (g) pedestrian traffic patterns, (h) roadway and/or sidewalk size and condition, (i) commercial-residential-industrial mix of the area, and (j) established zoning regulations applicable to the area. The Plan shall designate vending zones and shall describe the same; determine the number of out-of-doors vendors most appropriate to the zone, and the type(s) of vendors most appropriate to the zone. The Plan shall establish a minimum bid amount

for a license for each designated peddler's site in each vending zone and may establish minimum license requirements for farmers' markets and arts-and-crafts shows. In addition, the Plan may establish rules relating to peddler cart design, product mix and zone, proximity of peddlers to similar existing outlets, and to each and other controls deemed necessary. The City Plan Commission shall review and shall revise, if necessary, said Plan, not less frequently than once in every five (5) years. Upon completion of the "Vending Zone Plan" by the City Plan Commission, the commission shall hold at least one public hearing thereon. After making such changes as it deems necessary, the Commission shall adopt the Plan by a majority vote of its members and thereafter submit it to the City Council for approval.

(b) The following types of peddling shall be regulated by this ordinance:

(1) Stationary Peddler — a peddler, hawker or lunch cart which sells from a peddler's designated site on a public sidewalk, or a public right-of-way or from private property in a designated peddler zone.

(2) Mobile Peddler — a peddler, hawker or lunch cart which sells merchandise from a motorized vehicle.

(3) Farmers' Markets/Arts-and-Crafts Shows — a management organization that coordinates and manages the sale of goods, wares, merchandise, food or other articles by a number of individuals or businesses at a set location at specific times and days of the week.

Section 14-181. Licensing.

(a) Upon the adoption of this Ordinance and at the end of each calendar year thereafter, the Board of Licenses shall solicit bids for the designated peddlers' sites in the various vending zones. The bids shall be submitted on the forms provided by the Board of Licenses, and shall require:

- (7) Such other information reasonably necessary to evaluate the bid.

Any bid(s) submitted which does not meet the minimum bid amount for each designated peddler's site offered in a specified vending zone shall be eliminated from the bidding process. The Board of Licenses shall award each designated peddler's site in vending zones to the highest qualified bidder for that site. Among the factors to be utilized in determining the highest qualified bidder shall be the similarity of the goods to be offered by the bidder to the goods offered by others in close proximity to that site in the vending zone.

(b) The Board of Licenses shall issue to each successful peddler a license for the designated peddler site assigned in a vending zone. This license shall be valid from May 1 to April 30 of the following year. This license, along with the peddlers and hawkers badge, or the transient restaurant or lunch cart license, shall be incorporated as part of the cart design and shall be displayed at all times of operation as proof of license in the City.

- (c) Peddlers shall maintain, per site, liability insurance for bodily injury and property damage in an amount not less than \$500,000 per accident. Proof of insurance must be submitted at the time of application for a license. Any license holder who shall fail to maintain the required insurance for the duration of the license shall be deemed, for the purposes of these Sections, to be uninsured.
- (d) All carts shall maintain the requirements of the cart construction specification as set forth in the Vending Zone Plan.

Section 14-183. Mobile Peddlers.

Any individual or corporation which holds a peddler's and hawkers license in accordance with this Ordinance, or a traveling-restaurant or lunch-cart license in accordance with Section 10-24, et seq.; of this Code, may sell merchandise in any location not otherwise zoned by this Ordinance provided that:

- (a) The vehicle is legally registered;
- (b) The vehicle is licensed by the Department of Health, if necessary;
- (c) The peddler does not stop on public property or in a public right-of-way for more than five (5) minutes; and

(3) The peddler has applied for and has received a stationary peddler's license in accordance with the provisions of the Ordinance for a specified site on private property. The application for a stationary peddler's license shall specify the site. The fee for said license shall be equivalent to the winning bid for the highest priced designated peddler's site in that vending zone.

Section 14-184. Farmers' Markets/Arts-and-Crafts Shows.

(a) Any individual or corporation which holds a peddler's and hawker's license in accordance with Section 14-171 of this Ordinance may apply to operate a farmers' market or arts-and-crafts show at a site designated for the same. (2) Require a separate license for each site;

(3) Maintain liability insurance for bodily injury and property damage in an amount of not less than \$500,000 per accident. Proof of insurance must be submitted at the time of application for a license. Any license holder who shall fail to maintain the required insurance for the duration of the license shall be deemed, for the purposes of these Sections, to be uninsured.

(b) Every individual sale or offer for sale made contrary to the provisions of this Ordinance shall be deemed and construed as a distinct and separate offense.

(c) In the event an individual is not the holder of a license in accordance with this Section and is found to have violated this Section, he/she shall not be eligible for any license granted hereunder for a period of one year from the date of violation.

Section 14-186. Vending Zone Plan.

In the event that a designated peddler's site in a Vending Zone becomes available after May 1 in any year, the Board may accept bids for the same in like manner to the procedure provided above.

No Department, board, bureau, commission, agency or other municipal entity, other than the Board of Licenses, shall grant any license, permission, grant or lease to any cart, farmers' market, or arts-and-crafts show.

Nothing herein shall supersede any portion of existing zoning or land-use ordinances, as the same may be amended.

Parking regulations are specifically limited, to the extent necessary, to effect the purposes of this Ordinance.

The Board of Licenses shall promulgate necessary rules and regulations, not inconsistent herewith, to effect the purposes of this Ordinance.
