PERSONAL PRIVILEGE

COUNCILMAN TOMASSO requests and is granted the Privilege of the Floor and Reads the following Statement:

To my Brother and Sister Members of the City Council:

I rise to the floor of this City Council this evening to express my dismay at the recent action of the administration of Classical High School in acquiescing to a recent student's Mafia Day. While it is not my desire to suppress the rights of students to bring attention to their na-

tional origin, I question the avenue sought by these students at Classical High School with the attendant acquiescence by the school's administration. The emphasis of the Italian heritage is not one of criminal activity, but one imbued in literature, the arts and the professions. In our modern society, people of Italian ancestry have made a mark for themselves in the areas of politics, finance, economics and business, only to mention a few. Think of the names that affect each and every one of us . . . Columbus, Michael-

angelo, DaVinci, Dante, etc. . . to look to the past.

In our modern times we can look to our community and find leaders of Italian heritage in all walks of life who live an honorable life. To impinge these citizens with the taint attendant to the conotation of "Mafia" is reprehensible. I can understand the lack of insight of a student in participating in the activity they held, but I am dismayed to find a lack of leadership among the high-paid professionals who are supposed to provide guidance to our public school students.
