# CHILSON'S Wrought or Plate-Iron Furnace. 1876, THE CENTENNIAL.

This superb furnace will show the greatest improvements yet made in wrought or plate-iron furnaces, including CHILSON'S Anti-Clinker Grate, decidedly the best plan ever seen for removing clinkers and keeping a continuous fire, ensures a large saving in fuel, and simplifies and lessens the work of attending the furnace. It has my Sifting Grate, which moves on rollers and dumps. It will show at a glance the most beautiful mechanical style and superior workmanship ever seen in a wrought-iron furnace. The wrought iron I have made to order of the best quality of stock. They are warranted gas-tight. Forty years of thorough practical and mechanical experience in the invention and manufacturing of furnaces in their various forms of wrought and cast iron, enables me to know how a furnace should be made to accomplish the best results, give the purchaser perfect satisfaction, and save the money which is frequently worse than thrown away on furnaces got up by those having no mechanical skill or practical knowledge of the business. Sizes suited to all classes of buildings, set either in brick-work, or portables in double sheet-iron casings.

## CHILSON'S ENTIRELY NEW AND GREATLY IMPROVED PORTABLE RANGE, THE ARLINGTON, 1875.

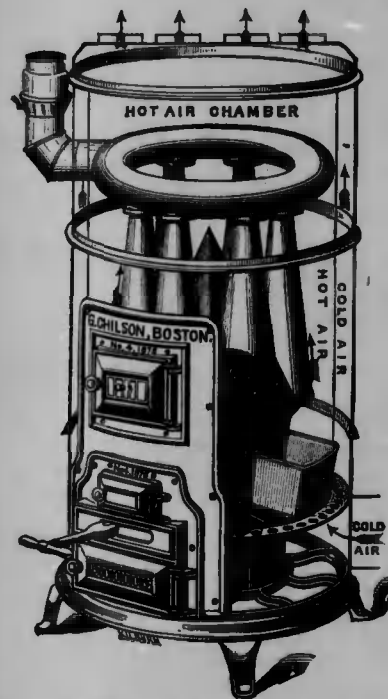

HOUSEKEEPERS be sure to see this splendid RANGE, which has been got up in the highest style of my well known first class work.

THE BROILING DOOR & MEAT-PAN-SHELF, will be appreciated for Nice Broiling. Do not be satisfied until you have seen the ARLINGTON OF 1875, and try it.

Messrs. WILLIAM H. FENNER & CO.,  
No. 131 BROAD STREET, PROVIDENCE, R. I.,  
Are my Agents.

# CHILSON'S STANDARD Cone Furnace.

Special attention is directed to the important improvements made in 1875 in my well-known STANDARD CONE FURNACE, including my ANTI-CLINKER GRATE, the most important improvement ever made for removing clinkers and keeping a CONTINUOUS FIRE, also ensuring a large SAVING IN FUEL. It also simplifies and lessens the work of attending the furnace. This celebrated furnace has had no rival since its first introduction, and with the improvements of 1875 it will be more appreciated than ever before. From the day this furnace was introduced into the market the demand for it has been constantly increasing, until there were about thirty thousand in use before the improvements of 1875 were made. Sizes adapted to all classes of buildings.

This furnace has received two GOLD and several SILVER MEDALS, first premiums, and the only Gold Medal ever awarded to any furnace in Massachusetts. Set either in brick-work, or portables in double sheet-iron casings.

With this full line of Wrought and Cast-Iron Furnaces, I am enabled to offer inducements to purchasers of furnaces which cannot fail to give perfect satisfaction both as to quality and price.

Also, my ARLINGTON BRICK-SET COOKING RANGE, with all the new and best improvements. This is the most substantial and splendid Range ever seen in any kitchen.

— ALSO —

## COOKING AND PARLOR STOVES, GRATES, &c.

Special attention given to Putting Up Furnaces and Ranges in any part of the country.

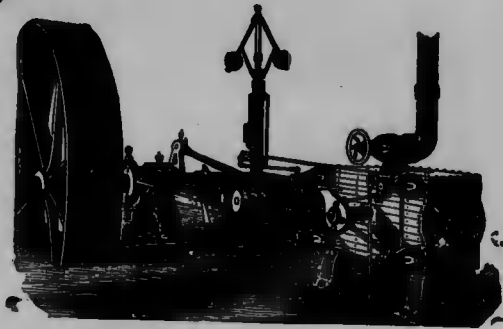

Nothing but what is strictly First-Class Work is manufactured by me.

Warerooms, Nos. 99 and 101 Blackstone Street, BOSTON.

## WARD BOUNDARIES.

**First Ward**—Including all that portion of the city lying north of the following line, to wit: Commencing at the intersection of the old line of North Providence with the Woonasquatucket river, and running thence easterly along said river to its junction with the Moshassuck; thence up the Moshassuck river to Church street, up Church to Benefit, thence in a direct line to Lloyd street, through Lloyd street and a line in continuation thereof, to Seekonk river.

**Second Ward**—Includes that portion north and east of the Woonasquatucket and Providence rivers, between the line of the first Ward as above described, and a line drawn from Providence river up Power street to Brown, through Brown to Charles Field, through Charles Field to Hope, up Hope to Benevolent, through Benevolent to Governor, through Governor to Pitman, through Pitman to Angell, through Angell to the Seekonk river.

**Third Ward**—Includes that portion of the city between the Providence and Seekonk rivers, lying south of the second Ward, as above described.

**Fourth Ward**—Includes that portion of the city bounded by the following lines, to wit: Commencing at Weybosset Bridge and running thence up Westminster street to Weybosset, up Weybosset to Broad, up Broad to High, up High to Dean, through Dean to Atwell's avenue, through Atwell's avenue to Acorn street, through Acorn street to the Woonasquatucket river, thence down said river to the point of beginning.

**Fifth Ward**—Includes that portion of the city bounded by the following lines, to wit: Commencing at Weybosset Bridge, and running thence up Westminster street to Weybosset, up Weybosset to Broad, up Broad to High, up High to Fenner, through Fenner to Broad, up Broad to Beacon, through Beacon, and Plane to the northerly line of the 9th Ward, thence along said line to the river, thence up said river to the point of beginning.

**Sixth Ward**—Includes that portion of the city bounded by the following lines, to wit: Commencing at the intersection of Fenner and High streets, and running thence up High to Cranston, up Cranston to B, through B to Central, down Central to Major, through Major to Broad, up Broad to Linden, through Linden to West Clifford, up West Clifford to Dudley, through Dudley to the northerly line of the 9th Ward, thence along said line to Plane street, through Plane to Broad, down Broad to Fenner, through Fenner to the point of beginning.

**Seventh Ward**—Includes that portion of the city bounded by the following lines, to wit: Commencing at the intersection of Dean and High sts., and running thence up High street to Cranston, up Cranston to Codding, through Codding to High, up

High to Almy, through Almy to Gesler, up Gesler to Ridge, through Ridge to Atwell's avenue, through Atwell's avenue to the Woonasquatucket River to Acorn street, through Acorn street to Atwell's ave., down Atwell's avenue to Dean street, through Dean street to the point of beginning.

**Eighth Ward**—Includes all that portion of the city lying westerly of the following line, to wit: Commencing at the intersection of Dudley street with the northerly line of the 9th Ward, and running thence through West Clifford to Linden, through Linden to Broad, down Broad to Major, through Major to Central, through Central to B, through B and Codding streets to High, up High to Almy, through Almy to Gesler, through Gesler to Ridge, through Ridge street to Atwell's avenue, through Atwell's avenue to the Woonasquatucket river.

**Ninth Ward**—Includes all that portion of the city lying south of the southerly line of the 5th, 6th and 8th Wards. Commencing at the dividing line of the town of Johnston and the 8th Ward, then running southerly to the westerly line of the N. Y. and Providence R. R., thence on the westerly line of said railroad to Cranston street, and across said street to the westerly line of Fenner avenue, thence along the westerly line of said avenue to Greenwich street, thence in a straight line easterly to the south-westerly corner of Jonas Manton's farm, so called, on the easterly side of Eddy street, thence on the southerly side of said farm to Providence river, and thence in a straight line easterly, passing through the most southerly portion of Starve-Goat Island at low water mark, to the channel of the river.

**Tenth Ward**—Includes that portion of the city bounded by the following lines, to wit: Commencing at the intersection of the boundary line of Ward 1, with the Woonasquatucket river, up said river to a point on the easterly bank of the pond north of the Village of Manton, being a large elm tree marked; running thence northeasterly in a straight line, to a chestnut tree marked, on Wilbur hill, on the easterly side of, and on the Woodward road, so called; thence on a straight line to, and across the Smithfield turnpike near the slaughter houses, where a post of the fence bounding said turnpike, is marked, and an iron spike driven therein; thence southerly, on the easterly side of said turnpike, and the Power road, so called, to the northeasterly corner of the railroad bridge crossing the Providence & Worcester railroad, thence easterly on a straight line to the northwest corner of Swan Point Cemetery; thence following the northern boundary of said Swan Point Cemetery to the Seekonk river, thence southerly to the boundary line of Ward 1, thence along the northerly and westerly boundary line of Ward 1 to the point of beginning.

## STREET DIRECTORY.

GIVING the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of High Street No. 324 comes, you look at High Street, upon page 16, and find that Spring Street runs from 324, and Winter Street from 332, showing that 324 High would come about half-way between Spring and Winter Streets.

BRANDYER DIRECTORY

# E. L. FREEMAN & CO.

## Letter-Press and Lithographic Printers,

UNION BLOCK,  
CENTRAL FALLS, R. I.

**T**HE undersigned would call the attention of all desiring a neat and correct job of Printing of any description to their well-known establishment, located in the village of CENTRAL FALLS, within a short distance of the Railroad Depot.

The numerous trains of cars between that village and the city render communication at all times prompt and easy.

They have received TEN DIPLOMAS from different Fairs in this State, and THREE BRONZE MEDALS from the New England Agricultural Society, for the

### BEST BOOK, JOB AND LITHOGRAPHIC PRINTING,

having taken the FIRST PRIZE whenever they have competed for it. A sample of colored Letter-Press Printing in Oil Colors can be seen on the preceding page.

We desire to return our thanks to our friends and customers and also to assure them that we shall not rest contented on the laurels already gained, but shall give our best endeavors to merit their patronage in the future.

We have many advantages over any office in the State for the production of all kinds of PRINTING, as we alone execute both Letter-Press and Lithographic work in the same establishment. We have arrangements with some of the best artists in the country to furnish Designs and Engraving for CHECKS, CARDS, BILL-HEADS, LETTER-HEADS, INVITATIONS, LABELS, etc., and can warrant their work equal to any in the country.

We are ready to give estimates, furnish Designs, and execute all kinds of BOOK AND FANCY PRINTING, and, if desired, can refer by permission to some of the largest and best known houses in the State.

E. L. FREEMAN,  
J. E. GOLDSWORTHY.

 PROTECTIVE COMPANY NO. 1. Organized February 1, 1875, house on Exchange place.—C. H. Swan, foreman.

**TELEGRAPHIC FIRE ALARM.**

New Code of Fire Alarm Signals. Gamewell & Co.'s Automatic System.

Directions to be observed when a fire is discovered:  
 1. Go to the nearest box and open the door, pull the hook down as far as you can (firmly, without jerking), and then let it slide back, close the door and remove the key.  
 2. On giving an alarm, if the small bell inside is heard ringing, it is an indication that an alarm is being sent over the wires; in all such cases, count the signals being sounded, and be certain whether it is for the same fire or not; if not for the same fire, wait until the signals have entirely ceased, before pulling the box.  
 Key holders are cautioned not to give an alarm until certain of a fire; not to give an alarm for a fire seen at a distance; and to be sure, after giving an alarm, that the door is securely closed before leaving the box.

- LOCATION OF SIGNAL BOXES.

**AMERICAN STEAMBOAT COMPANY.**

DAILY EXCURSIONS!

Providence, Rocky Point, Conanicut Park, & Newport.

1876.

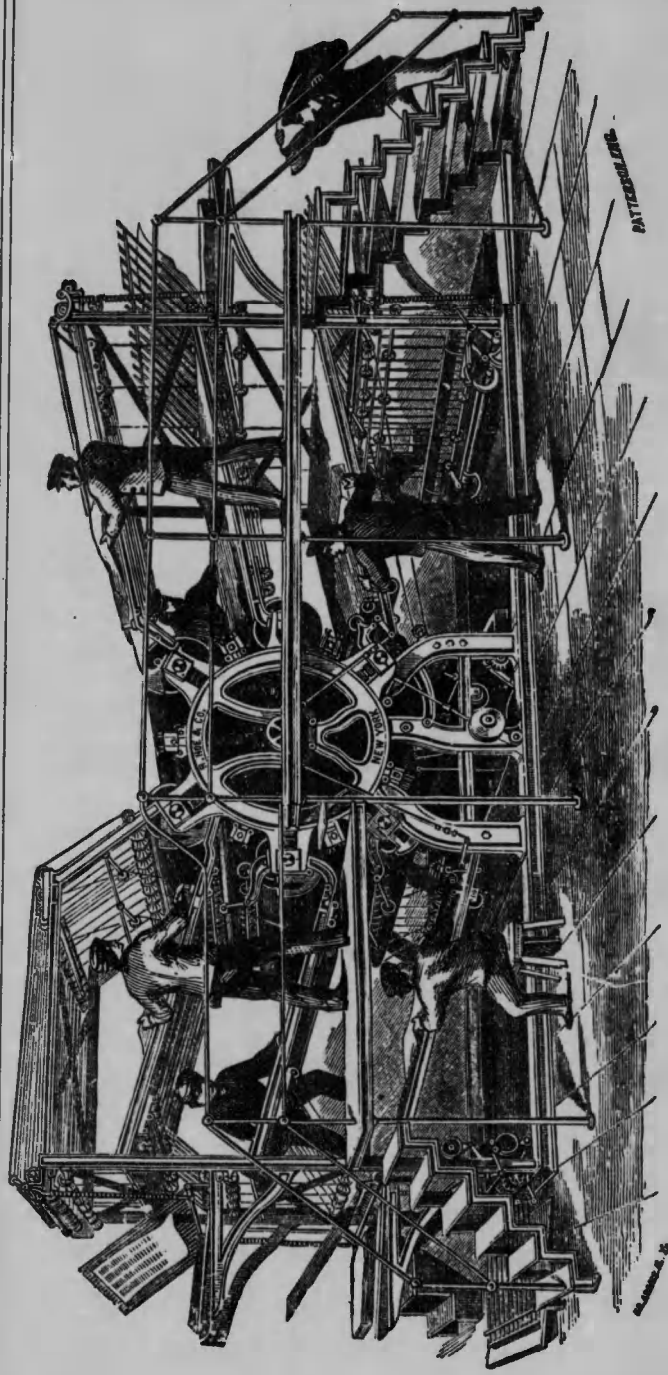

**SUMMER ARRANGEMENT.**

1876.

The American Steamboat Company's Steamers **"CRYSTAL WAVE," "DAY STAR," "BAY QUEEN,"**  
and **"CITY OF NEWPORT,"**

Will run daily until further notice (Sundays excepted). For hours of leaving, reference may be had to all of the daily papers.

N. B.—Sabbath School Societies, Military Organizations, etc., desiring to make Excursions down the Bay, can make satisfactory arrangements by applying to F. MAURAN, Superintendent, at the Office on Steamboat Wharf.

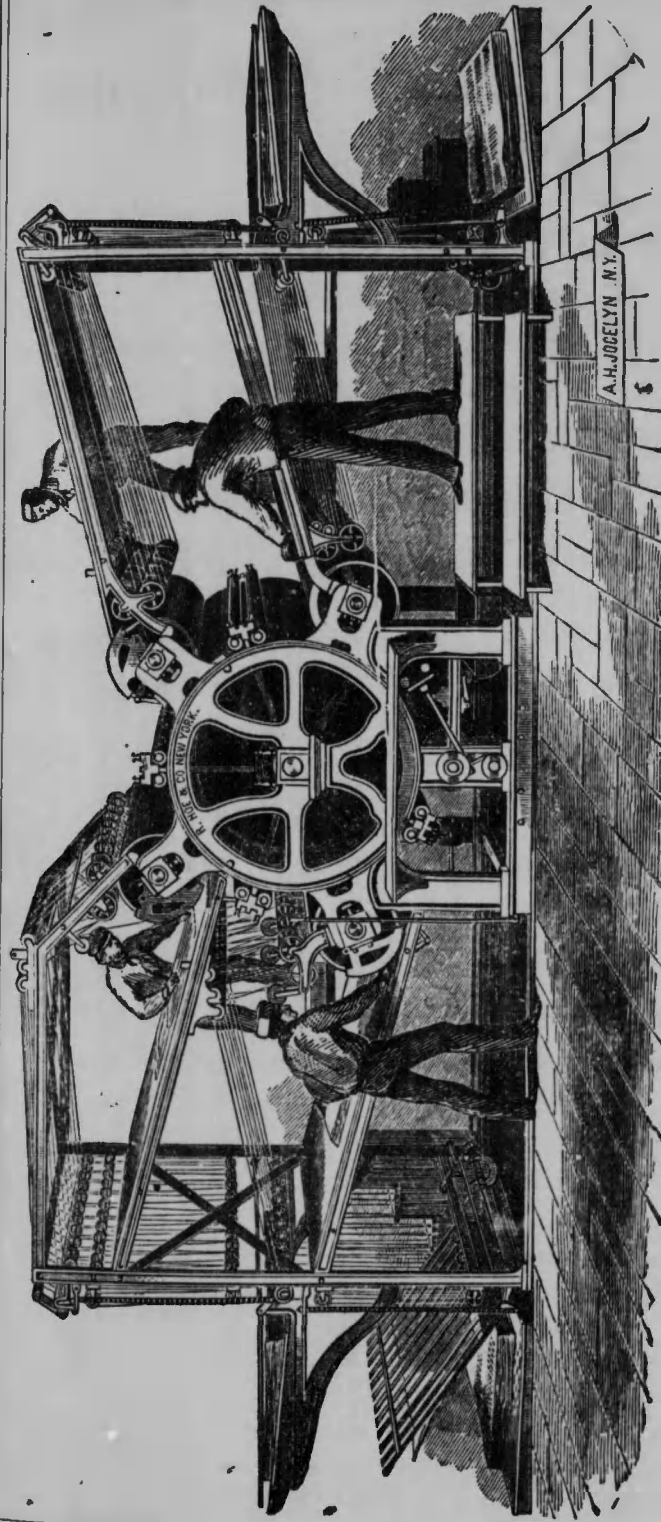

**THE SIX-CYLINDER ROTARY PRINTING MACHINE,**

Used for Printing the **EVENING BULLETIN**, at the rate of 12,000 to 14,000 per hour.

The circulation of the **EVENING BULLETIN** having increased so rapidly as to require faster machinery, the Publishers, a few months since, at large expense, added to their office a Six-Cylinder Type-Revolving Press, capable of throwing off printed sheets at a rate exceeding 200 per minute, and devoted that machine to the service of the Bulletin. The daily circulation of the **EVENING BULLETIN** now ranges from 13,500 to 16,000 copies, and when it reaches 20,000, still more rapid facilities will be furnished. The Bulletin reaches every considerable town and village in the State on the evening of its issue, and is a most effective medium of communication with the people. It is a complete newspaper in all respects; contains the morning as well as evening dispatches from every quarter of the world, and is furnished at the low price of SIX DOLLARS FEB ANNUM. Village Clubs receive liberal consideration.

**KNOWLES, ANTHONY, & DANIELSON, Office, No. 2 Weybosset Street.**

**Four Cylinder Type Revolving Press, on which the PROVIDENCE JOURNAL is printed.**  
**The Providence Journal,**

DAILY \$8.00 per annum.  
 SEMI-WEEKLY (Monday and Thursday), \$3.50 in advance.  
 WEEKLY (Friday), \$2.00 in advance.  
*The JOURNAL is recognized as one of the best advertising mediums in the Country, and its prices are uncommonly reasonable for the service rendered.*

**KNOWLES, ANTHONY, & DANIELSON.**  
 Office, No. 2 Weybosset Street, Providence, R. I.

The Publishers of the **PROVIDENCE JOURNAL**, continue to bestow labor and expense in unobtrusive measure to meet the demands of the people of the City and State for a complete newspaper. Having secured a location central and convenient, they are constantly adding features of interest to their counting-room equipments, and increased facilities for newspaper making in their other departments. Their presses are capable of making twenty thousand impressions in an hour and their working force is large enough to secure the prompt publication of the news by day or night. The terms of subscription have not been advanced since the establishment of the **JOURNAL** in 1820, but have rather been reduced, as postage is now prepaid on newspapers sent by mail for which the subscription price has been remitted. The terms of subscription are as follows:

# Providence Press Company,

[INCORPORATED 1865.]

## PUBLISHERS OF THE PROVIDENCE EVENING PRESS,

(ESTABLISHED MAY 14, 1859.)

**The Business College**

OF PROVIDENCE, R. I.

A prominent member of the Associated Business Colleges of America, and

THE ONLY INSTITUTION IN RHODE ISLAND

WHERE

**Book-Keeping is Taught as a Science,**

AND WHERE

**THEORY AND PRACTICE**

Are so harmoniously blended that when a principle is enunciated its application is immediately shown.

WARNER'S

Bryant &amp; Stratton

BUSINESS COLLEGE

(National.)

PROVIDENCE, R. I.

The fundamental idea of this institution is the practical fact that MATERIAL WEALTH is an important element and instrument of Christian and refined civilization and power, and that the development and improvement of MAN are its grand objects. The course of instruction and training is based on this idea, and will continue to be enlarged as the standard of public intelligence and the revenue of the College warrant.

The course of study is Polytechnic, and is divided into Five Departments, as follows: Preparatory, English and Scientific, Commercial, Drawing and Design, and Penmanship.

**SPECIAL INSTRUCTION.**

Mechanical, Architectural and Free hand Drawing and Designing, Chalk Shading, Painting in Oil and Water Colors; also Writing, Rhetoric, Book-Keeping, Business Correspondence, Business Arithmetic, Letter Writing, Common and Higher English and Languages.

Address for particulars,

W. W. WARNER,

Principal.

*This is a specimen of my Writing  
 as taken from George D. Warner's  
 Manuscript, given to Toucey Kellogg*

The above specimen was written by me BEFORE receiving instruction at WARNER'S BRYANT & STRATTON BUSINESS COLLEGE, 164 Westminster street, Providence, R. I.

TOUCEY KELLOGG.

The specimen below was written by me AFTER receiving about 60 lessons at WARNER'S BRYANT & STRATTON BUSINESS COLLEGE, 164 Westminster street, Providence, R. I.

TOUCEY KELLOGG.

*[Faded handwriting, likely a second specimen of the same text as above]*

Personally appeared the above named Toucey Kellogg, and made oath that the above specimens were written by him as above stated.  
 GEORGE T. PAINE, Justice of the Peace.

### MATTRESSES, FEATHER BEDS, BOLSTERS, AND PILLOWS.

Save your Beds and make them nearly as good as New for **TWO DOLLARS** per Bed.

**PILLOWS AND BOLSTERS ONE DOLLAR PER SET.**

**BED AND MATTRESS TICKS WASHED FOR 50 CENTS.**

All Orders will receive prompt attention if left at Nos. 14 and 16 Maple St., or addressed to **HORACE LUKE, Lock Box 287, Providence.**

## Save your Beds!

Now is the time to have your Feather Beds Renovated, when you are about cleaning house, by a Feather Renovator that surpasses all others. All moths are destroyed and removed, the feathers cleaned, and the fibres relieved from their matted position, giving to a goose feather bed an astonishing increase in bulk, often more than **ONE-HALF**; also removing all disagreeable scent which is so common to new feathers; and relieving them from all liability to moths, by the removal of all gummy and glutinous matter from the quill. Our facilities are such that at short notice we can take and return beds the same day, well dressed and ready for immediate use, for \$2.00 per Bed. \$1.00 per set for Pillows and Bolsters.

Ticks washed, and **WELL WASHED**, for **FIFTY CENTS EACH**. Mattresses Upholstered in good style. Orders left at Nos. 14 and 16 Maple Street, or addressed to **HORACE LUKE, Lock Box 287, Providence, R. I.**, promptly attended to. Beds called for and returned free of charge, in Providence, Pawtucket and Central Falls.

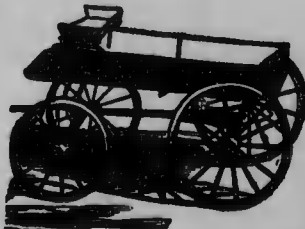

Orders where there has been sickness and death, where the disease is not contagious, promptly attended to.

THE PROVIDENCE

# STEAM CARPET BEATING ESTABLISHMENT,

No. 117 Summer Street.

**ECONOMY, NEATNESS, AND DISPATCH!**

### Old Carpets made to look Nearly as Good as New!

The undersigned having purchased the exclusive right for this State, to use the **Patent Carpet Cleaning Machines**, which have been in successful operation for a number of years in most of the principal cities of the Union, and having had eleven years' experience in this business, feels confident, now that he has opened an establishment in this city, that he can give entire satisfaction, and would respectfully solicit the patronage of the public.

By this method of Cleaning Carpets they are uniformly beaten their entire length and breadth, by revolving flexible whips, which will not injure the finest fabric, yet *thoroughly expel all the Dust and Moths*. The dust and dirt, as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an **EXHAUST FAN**, which also removes and carries out of the room any moth or larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

Orders sent by Mail or otherwise to the Factory will receive prompt attention.

**All Work Guaranteed.**

### PRICES FOR CLEANING CARPETS:

Ingrain and Three-Ply.....	5 cents per yard.
Brussels and Tapestry.....	6 " " "
Velvet and Aubusson.....	7 " " "
Axminsters and Turkeys.....	8 " " "
Taking Up Carpets.....	1 " " "

Carpets called for, Cleaned and Returned without regard to weather. Cartage free. Carpets Taken Up and Relaid when desired.

Representing Total Assets, \$35,077,000.

Insurance furnished for any amount required, on all insurable property, at current rates of premium, in Companies that comply with the laws of this State.

P. S. — The lowest rates may always be regarded as a certain guide-post to the poorest insurance, and the insured will be likely to find it out in case of loss. Dwelling Houses, Household Furniture, and Farm Property insured for a term of years, at low rates of premium. Losses honorably adjusted and promptly paid, as usual, at our office as above.

THE BEAUTIFUL  
**FROSTED ZINC CORINTHIAN MONUMENTS.**

The only monuments in the world (except Bronze) that will not change in color and lose their beauty, absorb the green from trees, turn dark and dingy by exposure, become moss-grown, disintegrate and go to ruin. These MONUMENTS are FULLY WARRANTED to do neither. Cast from pure NEW JERSEY ZINC, THE BEST IN THE WORLD, and the most indestructible of all known material for monumental purposes, and being by nature as fine as silver, as readily receives the popular and well-known "FROSTED OR SATIN FINISH." Beautifully CRYSTALIZED and OXIDIZED, which gives them a sparkling and Granite-like appearance, and GUARANTEED TO REMAIN AS UNCHANGEABLE AS GOLD.

# TO COTTON MANUFACTURERS.

YEARS of practical experience in the Card Room have convinced me that the success of a Cotton Mill depends largely on the thorough PREPARATION OF THE SLIVER, as the great evil of *Imperfect Drawing* causes WASTE in all subsequent operations.

## HAYDEN'S DETECTOR STOP-MOTION

Prevents Roller Laps, and Single Drawing Bunches, and Cut Drawing; saves nine-tenths of the Waste and Top Roller Covering in like proportion; one-half the labor in attending Drawing and Railway Heads is saved; it insures a *Sliver of uniform weight throughout.*

These MOTIONS are easily and quickly applied to all Frames in operation, and will save the cost in six months. Over *Eleven Thousand* are in operation in Mills in America. The Invention is secured by the following Patents, issued by the United States to D. W. HAYDEN: *Feb. 20th, 1872, July 14th, 1874, November 24th, 1874, August 3d, 1875.*

The great success of Hayden's Patent Detector Stop-Motion has naturally produced imitations and infringements. To protect my interests as guaranteed to me by the above Patents, I do hereby give notice to all using such Motions that I shall hold the users of Stop-Motions infringing on my patents responsible.

**REFERENCES:**—Elmwood Mill, Providence, R. I.; Wauregan Mills, Wauregan, Conn.; Whitin Machine Company, and Charles P. Whitin, Whitinsville, Mass.; E. A. Straw, Amoskeag Manufacturing Co., Manchester, N. H.; also, Stark and Langdon Mills, Manchester, N. H.; Harmony Mills, Cohoes, N. Y.; H. F. Stafford, Stafford Mills, Fall River, Mass.; Washington Mills, Gloucester, N. J.; Pacific Mills, Lawrence, Mass.; Androscoggin Mills, Lewiston, Me.

### A FEW OF THE MANY TESTIMONIALS RECEIVED:

"I consider your invention a valuable addition to the Frame Draw, and have purchased the right to use on all our frames.  
E. A. STRAW."

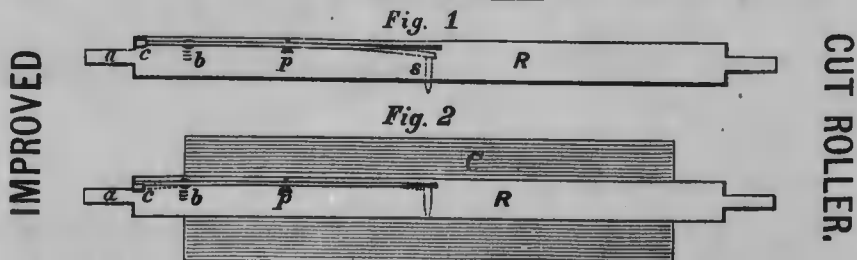

"The undersigned are now using the Hayden Patent Stop-Motion at Smithville, Scituate Manufacturing Co., Ashland Manufacturing Co., James Y. Smith Manufacturing Co., and recommend the Motion as the most perfect of any ever used, and will save their cost in any year's operation of a mill.  
JAMES Y. SMITH, NICHOLS & ROGERS."

"FALL RIVER, July 22d, 1875.  
D. W. Hayden, Providence—Dear Sir: You will please put your Stop-Motions on Drawing Frames and Railway Heads in the Barrowsville Mill at your earliest convenience. Yours resp'y, F. H. STAFFORD."

"OFFICE OF STAFFORD MILLS, FALL RIVER, Jan. 18th, 1876.  
D. W. Hayden, Esq.—Dear Sir: Please send us eleven more of your Stop-Motions to finish up our mill. Yours truly, F. H. STAFFORD."

"WAUREGAN, CONN., Dec. 31st, 1875.  
D. W. Hayden, Esq.—Dear Sir: In response to your inquiry of how I like your Stop-Motions, I will say, we are running your Motions in all our Railway Heads and Drawing Frames, with good results. One boy or girl attends to the front of twenty-four cards, 2 Railway Heads, the back and front of twenty deliveries of drawing, thus passing over from the front of the cards to the back of the Slubber 6,500 lbs. per week, and does it easily, without any assistance. You are at liberty to do whatever you like with this statement, or refer any party to me or to the Motions, as they are running in No. 1 and 2 carding-room, Wauregan Mill, Conn.  
Master Carder, MARCELLUS GOULD."

For further information apply to D. W. HAYDEN, 2 LAFAYETTE ST., Providence, R. I.

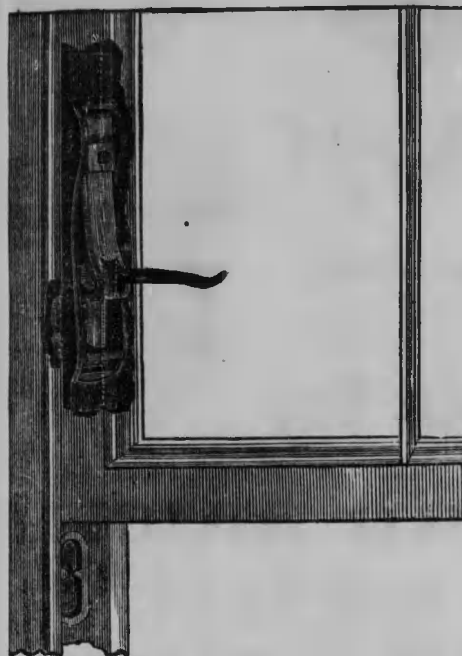

Manufacturers have long felt the need of something BETTER to wind up the Cloth on the Power Loom. With this Roller no more cloth wove on a bias felt with black oil and gudgeon grease, will be made. The cloth is pulled forward in an exact straight line from the yarn loom and wound tightly and squarely upon the Cloth Roller, with a uniform length on either selvage, and will fold up square on the measuring machine. In Fig. 1 R, Cloth Roller; a bearing C, thumb-piece, as seen at dotted S; b, spiral spring, acting on the lever at its outer end; P, pin or pivot, on which the lever vibrates freely; the Spur that holds the cloth passes through the Roller on the opposite side from the groove, as shown at S. It will be seen that the operation of the Roller is as follows: The Roller is laid in its place upon the sand roller in the loom, the end of the cloth lappor around in the usual way, and the loom started, and by the turning of the roller the Spur is pushed in, so that it catches or penetrates one thickness of cloth; this operation is repeated at each revolution, until a sufficient number of layers have been pierced and held tightly and firmly, and the roll of cloth is built up square at both ends, unsoiled, unworn, unblemished. In Fig. 2 (like letters denote like parts,) is shown the Roller filled up with cloth, as shown in C. Observe the spur is withdrawn from the cloth and within the surface of the roller. By the depression of the lever at the thumb-piece C, the roller is free to be withdrawn from the cloth. Note that all the parts of this invention are completely protected from carelessness or violence, being iron-clad. The Spur is of steel, hardened at the point, and after a run of more than twelve months shows no sign of wear. This Roller is rapidly coming into general use, and has the universal approval of all manufacturers and weavers who have used or seen it. The cost is from \$1.25 to \$2.00, according to the length of the roller, &c. Old rollers can be altered at less cost. Letters-Patent applied for. For further information apply to

ART WORK IN GRANITE.

## THE SMITH GRANITE COMPANY,

WESTERLY, R. I.

THE SMITH QUARRIES of Westerly abound in Granite of the most delicate tint, almost a pure white, of fine grain and even color, perfectly sound and free from any trace of dark spot or cracks. Each side of the stone presents the same face, while it is neither too hard or too soft to admit of the finest work. Another quality, and a very important one when used for monumental work, is, that the granite WILL NOT CHANGE IN COLOR. In the production of GRANITE STATUARY, where the color, quality, and soundness of the stone is required to be absolutely perfect, the granite from these quarries is known to be invaluable.

**POLISHED WESTERLY GRANITE.**

When it was discovered that this granite was susceptible of a beautiful and dark polish that would even mirror ones face, extensive preparations were made to engage in the art of polishing. Improved heavy machinery and skilled workmen to operate it were at once secured. The Company's efforts in this line have been amply rewarded by the increasing demand for their polished monumental work. The question is often asked "how long will this polish last." As nothing but the natural face of the granite is left after the process of polishing, the *action of the weather makes no impression upon it, neither is the polish dulled by the hand of time.* For Monumental purposes nothing has yet been found that has proved more appropriate than the White Westerly Granite. Its unchangeable beauty renders it as attractive as it is enduring, while it never fails of giving entire satisfaction.

# SCHOLFIELD'S Commercial College,

No. 137 Westminster Street,  
PROVIDENCE, R. I.

This institution was founded by its present proprietor, A.D. 1846, and has been in successful operation thirty years.

The object and aim of this institution is to impart to both sexes a

## **BUSINESS EDUCATION,**

embracing WRITING, BOOKKEEPING, the COMMON ENGLISH BRANCHES, MECHANICAL and PERSPECTIVE DRAWING.

## **DAILY LECTURES**

will be given before the Students by the Principal, on COMMERCIAL LAW, POLITICAL ECONOMY, PARTNERSHIP, AGENCY, BILLS OF EXCHANGE, MERCANTILE CORRESPONDENCE, ETC., ETC. This institution approximates nearer to actual business in its plan of teaching the Science of Bookkeeping than that of any other institution in America. No Text Books are used, and each Student is favored with Separate and Special Instruction. For further particulars, call or send for our Illustrated Circular and Catalogue. Address,

A. G. SCHOLFIELD.

*As indisputable evidence of the merits of this Institution as a Business College, I submit the following Testimonial from a few of its Graduates:—*

## **TESTIMONIAL.**

The undersigned, at various times pupils of A. G. Scholfield, Teacher of Book-keeping, cheerfully bear testimony to the following facts:

- 1st. His method is *scientific*, indicating a thorough acquaintance with the fundamental principles on which the various systems of Book-keeping are based.
- 2d. His system is eminently *practical*, well adapted to give his scholars a thorough insight into the various transactions of business life; and all his illustrations and solutions are made in such a plain and impressive manner as to leave every essential point perfectly intelligible to the pupil and fasten it indelibly upon his memory.
- 3d. His mode of teaching is *original*. Following no "illustrious predecessor," he adopts his *own* rules and examples, which, though simple and easily understood, are nevertheless *thorough* and *comprehensive*. With a knowledge of the best methods by other authors, he brings to the work, what we esteem of far greater value, *his own mature experience* as a practical accountant.

In conclusion, we would only add our *entire confidence* in Mr. S. as a *man* and a *teacher*. His long experience, close application, faithfulness and unwearied devotion to his favorite pursuit, entitle him, as we believe, to the entire confidence and liberal encouragement of this enlightened community.

**SAFETY COIL BOILER,**

With Improved Machinery, applied to Boats of all sizes, whether for  
Business or Pleasure.

These Boilers are **ABSOLUTELY SAFE.** FRESH or SALT water is used, the boilers being fed through the bottom of the boat. The Machinery is light, simple, and easily managed; the whole weight of Boiler and Engines being scarcely more than the weight of the water in ordinary boilers developing the same amount of power.

They are specially adapted for use where **GREAT SPEED, SAFETY, ECONOMY OF SPACE,** and **RAPID DEVELOPMENT OF POWER** are required.

They have been endorsed by three Boards of U. S. Government Examiners, and a launch built by this Company for the U. S. Torpedo Station at Newport, R. I., under a guarantee of **NINETEEN MILES IN AN HOUR,** was accepted by the Government after a trial, during which a run of over **TWENTY MILES IN AN HOUR** was made.

For Pleasure Yachts the Safety Coil Boiler is the Lightest, Speediest, Safest.

Boats built and equipped throughout with **SAFETY COIL BOILERS,** Engines, and all fittings complete, including the Herreshoff Improved Propeller Wheel. Engines and Safety Coil Boilers fitted to boats already in use. Prompt attention paid to all orders addressed to
