VETOES BY HIS HONOR THE MAYOR

Communication, dated June 30, 1975 Informing the City Council of his Disapproval and Vetoes of the following:

An Ordinance Making Appropriation of Ninety Three Million, Eight Hundred Four Thousand, One Hundred Twelve Dollars (\$93,804,112.00) for the Support of the City Government for the Fiscal Year Ending June 30, 1976, as Amended.

An Ordinance Establishing the Classes of Positions, the Maximum Number of Employees and the Number of Employees in Certain Classes in the City Departments and Repealing Ordinance Chapter 1974-55 Approved December 20, 1974, as Amended.

An Ordinance Establishing a Compensation Plan for the City of Providence and Repealing Chapter 1974-54, Approved December 20, 1974, as Amended.

With the power granted to me as Mayor under the Charter of the City of Providence, I am this day vetoing the appropriation ordinance, the personnel ordinance, and the classification Ordinance as amended and passed by the Providence City Council and submitted to me for approval. I do so for the following reasons:

First, because this proposed budget does not contain sufficient funding for the contractual obligations which the present leadership of the City Council and the former Mayor entered into prior to my taking office; obligations which begin on July 1, 1975 and which add substantially to the personnel costs for the majority of the city employees.

Second, because this proposed budget does not take into account an 11 per cent annual inflation rate which will add significant amounts to ordinary and necessary purchases of line items.

Third, because this proposed budget includes the politically motivated elimination of important directorships, such as finance director, commissioner of public safety, and both the director and the deputy director of the Bureau of Vital Statistics; while at the same time creating a totally unnecessary post of administrative assistant to the City Council, at a cost to the taxpayers of \$12,000 per annum.

Fourth, because this proposed budget includes the circumvention of the functions of the office of the city assessor stipulated by State law. The City Council has utilized for its own purposes erroneous assessments to arrive at a \$55.50 tax rate. It has not taken into account the proven 90 per cent collection rate which has clearly been the norm for the previous three years in the City of Providence, and has used instead a collection rate of 100 per cent, which is obviously foolishly utopian and fiscally irresponsible. Moreover, it has not acted in accordance with its own levy ordinance by which the city assessor assesses and apportions (sets the tax rate) the tax to the taxpayer.

Fifth, because this proposed budget includes a revenue item for \$500,000 as surplus to be created from the Item 0 account by a freeze on hiring of employees necessary to the full efficiency of this administration.

I take this action as Mayor to underline my belief in responsible and responsive government.
