Dear Councilman Alprin:

In a letter dated October 7 from Mr. Vincent Vespia, City Clerk, it was explained that the City Property Committee desired further information regarding the proposed lease between the City of Providence and the Rhode Island Episcopal Convention.

At the time land was condemned for the development of Scituate Reservoir in 1915, there was a total of 1200 buildings located within the condemned area including six cotton mills, one power house and car barn, 414 dwelling houses, 7 schoolhouses, and 6 churches. One of the church properties acquired belonged to the Episcopal Diocese of Rhode Island.

On October 1, 1948, the City Council authorized the Mayor to sign a lease between the City of Providence and the Rhode Island Episcopal Convention to enable them to erect Trinity Church on land owned by the City for water supply purposes in the village of North Scituate. This church was to replace the original one condemned by the City under the 1915 Act. The parcel contained 62,500 sq. ft. and the term of the lease was for a period of 50 years.

Under City Council Resolution #352 approved August 5, 1960, another lease was authorized for a period of 50 years between the City and the Rhode Island Episcopal Convention for an additional parcel adjacent to that one leased for the church which contained 37,258.22 sq. ft. This second parcel would enable them to build a school at a site immediately adjacent to the church.

DEPT. OF CITY CLERK
PROVIDENCE, R.I.

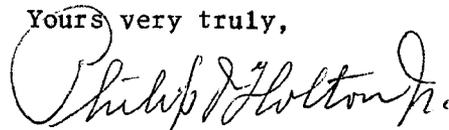

October 8, 1964

The proposed lease requested by the Rhode Island Episcopal Convention which is under consideration by the Council is to be used for a parking lot by the members of the Trinity Church. It will eliminate parking along the heavily traveled Route 6 in the vicinity of North Scituate. The use of this parking lot, no doubt, will exist as long as the church and school occupy their present site and for that reason, the term of the lease is for a period similar to the terms of the other two leases granted to the Episcopal Diocese.

This is similar to a request received from St. Joseph's Roman Catholic Church Corp. in 1955 who wanted to lease property owned by the City of Providence for water supply purposes in order to obtain a parking lot adjacent to their church in North Scituate. Under Council Resolution #468 approved August 5, 1955, the Mayor was authorized to execute a lease between the City of Providence and St. Joseph's Roman Catholic Church Corp. of North Scituate for a period of 50 years to enable them to build a parking lot to eliminate the congestion on Route 6 and Route 116 in the vicinity of North Scituate.

The Scituate watershed contains 92.8 sq. mi. and the City owns in fee slightly under 24 sq. mi. The purpose in acquiring these extensive holdings on the watershed was to obtain marginal protection around the reservoirs and prevent any pollution from entering our supply.

Yours very truly,

Philip J. Holton, Jr.
Chief Engineer
