Providence, Rhode Island 02903

Dear Mr. Lynch;

The members of the Town Council of the Town of Johnston held their regular monthly meeting on Monday- June 14, 1982. At that time it was brought to their attention that a Mr. Vincent Riccardi of 38 Maribeth Drive in the Town of Johnston has complained about seeing very large rats crossing over from Providence into Johnston. Mr. Riccardi runs every day and has reported seeing these and being very disturbed by it. The lot in question is a lot adjacent to 517 Killingly Street and they are crossing over into the Johnston land.

We are hereby requesting that your council take action to alleviate this problem and get rid of these pestilents.

Should you need any further information regarding this matter please contact Councilman Joseph Falvo at 521-4128 or write him at 2 Meadow Ave., Johnston, Rhode Island.

Your prompt attention to this horrendous situation will be most greatly appreciated.

Very truly yours,

JOHNSTON TOWN COUNCIL
