Dear Sir:

RE: Boundry Street Sewers

The Department of Public Works has reviewed the petition to build a main sewer drain in Boundry Street, and has concluded that the sewer can be constructed at an estimated cost of \$27,000.

It is recommended, in conjunction with construction of said sewer, that the entire length of Boundry Street be ordered built and curbed to properly upgrade the area.

It is noted that no funds are presently allocated for such work and that necessary funds are required prior to consideration for construction.

Sincerely,

A handwritten signature of Lawrence P. McGarry is written over the typed name.
