I can think of no purer joy than the birth of a son and this particular summer has been a particularly good

time to have that birth because I can think of no purer devastating pain than the death of a loved one, in my case, my mother. So, I just want to publicly thank the Council Members for their support when my mother passed away and their support again on the birth of my son. I know that I am not sure if I would have personally been able to rebound quite as well from my mother's death but for the birth of my son, so I just wanted to publicly thank everyone."
