

RESOLUTION OF THE CITY COUNCIL

No. 392

Approved May 27, 2003

WHEREAS, The Council of the City of Providence proposes to request reallocating a portion of the President's 2001 tax reduction program called the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) to relieve the burden on local community taxpayers, and

WHEREAS, Rhode Island's cities and towns would receive approximately \$297.5 million to be allocated by population, and

WHEREAS, This amendment would require that at least 50% of the funds be used for taxpayer relief, while the remaining 50% of the funds would be allocated as the recipients see fit for the benefit of their constituents, be it budget relief or additional tax relief, and

WHEREAS, The City of Providence would receive approximately \$20 million, with at least \$10 million being utilized to reduce property tax burdens, and

WHEREAS, Any such program should include a requirement from Congress that states not reduce their state aid to cities and towns, which would negate any benefits to the property taxpayers.

NOW, THEREFORE, BE IT RESOLVED, That the Providence City Council does hereby support the City of New York's Proposal to reallocate \$80 million of the President's 2001 Tax Reduction Program called the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) to relieve the burden on local community taxpayers, and

BE IT FURTHER RESOLVED, That a stipulation be made by Congress upon acceptance and amending the EGTRRA Program, not to allow states to reduce aid to local communities as a result of this federal relief.
