Dear Mr. Vespia:

I am enclosing Resolution to the Providence City Council together with an easement proposed to be given to Gilbert J. and Helena Closterman for the purpose of maintaining an existing drain pipe discharging into a nearby brook and underdraining the foundation of their residence on Lot No. 73.

Lot No. 82, which is identified on our Condemnation Map as Parcel No. 1532, was acquired by the City of Providence in fee simple from Wesley H. and Hazel A. Patnode. In the adjoining Lot No. 73 belonging to Gilbert J. and Helena Closterman, an easement was taken at the same time for the construction of the Supplemental Tunnel and Aqueduct. At the time of the taking, there existed the drain pipe passing through property acquired in fee simple by the City which the Clostermans are requesting be maintained under easement provisions.

We would appreciate this being presented to the Council at their meeting on Tuesday, August 16.

Yours very truly,

Philip J. Holton, Jr.
Chief Engineer
