Dear City Council,

At Providence Public Library's May 15 meeting, we received a petition with more than 3,000 signatures, as well as letters from Providence school children, all supporting neighborhood library services and urging the City and the Library administration to do everything in their power to preserve those services.

We also heard impassioned testimony from library patrons who talked about the lasting value of library services. One patron, Althea Graves, told the board, "Without libraries, kids who are struggling will fail; without libraries, adults who are striving will not succeed."

We assured library patrons that we would pass their sentiments, letters, and petition on to City officials, and we are hopeful you can act on these heartfelt pleas that recognize the value of municipal neighborhood library services.

While this outpouring of concern and support for the Providence Public Library is a testament to the wonderful work our staff is doing in the community, we recognize that only by working together can we map out long-term solutions for sustainable municipal neighborhood library services.

It was particularly encouraging to see several City Council members and the Mayor address the dozens of school children who came to voice their support at a pro-library rally at Knight Memorial Library last week.

Through accountability, transparency and access, the City and Library can create a network of library services for city residents. One key element must be honoring the Council's request for more control over the spending of taxpayer dollars on city library services. We agree with this principle and are considering options giving elected officials full responsibility for managing and spending taxpayer funds on municipal neighborhood library services. After all, City officials are the elected public servants responsible for appropriating taxpayer funds for basic municipal services.

We look forward to working with the City Council and the Mayor on a transition plan to ensure the best use for the City's municipal library budget. While there may be difficult financial circumstances facing both the Library and the City, we believe there are also opportunities to better serve the residents of Providence. The Library, with its great philanthropic legacy, remains committed to continuing to donate millions of dollars each year to ensure quality library services continue.

Sincerely,

Mary B. Olenn

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing neighborhood branches of the library remain open.
- A maintenance plan for all neighborhood branches is developed and funded.
- Each of the branches is staffed by qualified personnel.
- Each of the branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the branches has sufficient books & resource materials to meet the needs of its patrons.

Note: This Save Our Neighborhood Library Branches in Providence petition was submitted to
www.thepetitionsite.com by Deborah Schimberg.

WHY I THINK THE LIBRARY SHOULD STAY OPEN...

By: Tori Bassett

I think the library should stay open because you can get books that you don't have, and you can go on the computer. You can also work on homework and do projects with friends. You can also join a program with friends and have fun.

Tori Bassett

Why I think the library should stay open.

By Stephanie Leiva

I think the library should stay open because you can get help with your homework, read books. Rent movies and go on the computer.

Thank You

ANYONE WHO USES THE
FOX POINT LIBRARY, PLEASE
SIGN THIS PETITION IF YOU
WANT TO KEEP IT OPEN.

Nicole Eidelson

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

NW
C

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that: -

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- The existing 10 neighborhood branches of the library remain open.
- A maintenance plan for all 10 branches is developed and funded.
- Each of the 10 branches is staffed by qualified personnel.
- Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings.
- Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons.

Save Our Neighborhood Library Branches in Providence

We, the undersigned members of Save Our Branches, recognize that the Providence Public Library is undergoing a strategic planning process to plan for the next 5 years. We want to make sure that those responsible for making decisions regarding the future of our library system ensure that:

- 1) The existing 10 neighborhood branches of the library remain open
- 2) A maintenance plan for all 10 branches is developed and funded
- 3) Each of the 10 branches is staffed by a qualified librarian
- 4) Each of the 10 branches is open to the public for at least 35 hours per week, including Saturdays and some evenings
- 5) Each of the 10 branches has sufficient books and resource materials to meet the needs of its patrons

Dear Mr. Young,

First of all my name is Dominic Marton the loco west end community center is important to us. The Knight Memorial Library is your home, a place of freedom and dreams. I am in the eighth grade and go to Gilbert Stuart Middle School, which means the library is important to me and my school mates.

Knight Memorial Library is like a home to some of us in the community where I live.

Nothing is better then a community library where we go and spend your time.

I love Knights Memorial Library because it is closer to my house and very quiet.

Going to the library is cool and fun for everyone because there are home work helpers.

Hour after hour the library is there for us, to read, do new things and study.

Teachers give work that is not done; we go to Knight Memorial Library to get it done.

Students really need the library to do home work that needs to be done at home.

*M*onth after month we go to Knight Memorial Library to do and complete home work.

*E*very day at the library we get to make new friends and experience new things.

*M*any people go to the library to use the computer and have a little peaceful time.

*O*ur local library has done so many great and good things for us for a long time.

*R*eading comes first. That's why the library has all kinds of books and so many things to do.

I get a lot of ideas when I go to Knight Memorial Library to study or go to read.

*A*nd now I do not want to stop all those things because the library is about to lock up.

*L*earning is a fun that everyone needs to know in this world. People just need more time.

*L*ove and respect the Knight Memorial Library has taught us in life also goodness.

I really think you should not close the library because we need it to believe.

*B*ooks are ready when we need some thing to get us ahead of life and thing.

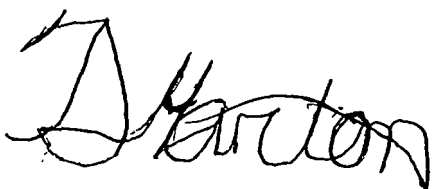

*R*eady to take book home or out the Knight Memorial are ready to give it to us.

*A*ll the people in my community go to the Knight Memorial Library to get movies.

*R*eading and writing is importing to your school and friends in the community.

*Y*es with the entire Knight Memorial Library we will not know what to do.

Things will not be right around us. The community will not be a safe place any more again. Will you not close the library for the love of every one in the community and students? Some people might say that the library is in the wrong community, so it should be closed. Well they are wrong! Every one is the same. No one is better than their friends or others. The library has helped us to complete a lot of things, so I hope that the library stay with us, please. The Knight Memorial Library is the only thing we have and cared for and also have respect for.

A handwritten signature in black ink, appearing to read "Dominic Marton". The signature is stylized with a large, sweeping initial "D" and a cursive "Marton".

MR. Ronnie Young
36 Parkis Ave.
Providence R.I. 02907

Dear MR. Ronnie Young,

I am writing this letter because the Knight Memorial Library needs to stay open for many people in this neighborhood. People come to the library for many reasons. For instance, like to do homework, get research for a school project, go on the computers, check out books, and after school programs.

The people in the library are concerned about children who come to the library to hang out. They might think they are taking advantage of the library and make it a hang out place.

Some students that go to Gilbert Stuart have to wait outside of the library because their parents may think it is a safe place for them to wait. They may hang out and that's when the people in the library start wondering why people are outside of the library when they could be inside.

If the library does close down then people will not have the will to go do the things they need to do.

Sincerely,

Tina Walton

Mr. Ronnie Young
36 Parkis Ave.
Providence, R.I. 02907

Dear Mr. Ronnie Young,

I heard that you were considering closing down Knight Memorial Library. I feel that if you were to shut down the library then you would leave a lot of people with no where to go and look for information or go on the internet or even to read books. Some people would have no other place to go cause some people have no transportation or can't get it. The school department has already taken so much from us that we don't want to lose anymore.

It almost seems like the school department doesn't even want us to have a good education. We as students and teachers

have already given up so much that
we can't afford to lose any more, and neither
can our education.

Sincerely,

Shirley Castillo

Eric Morel
Gilbert Stuart M.S.

Providence, R.I. 02907
April 27, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence, R.I. 02907

Dear Mr. Ronnie Young,

I am writting this letter to you because the Knight Memorial Library might be shut down. I want to tell you the reasons that we don't want this library to be shut down. First of all, I use this library to do projects and some adults go there to apply for jobs on the computers. Computers are the main thing that people go there for. It is helpful because research, job applications, Email, and shopping is done on the internet. Better yet, computers are used for kids programs and some people don't have internet access and so they go there to use internet.

Books are the most important things that we need and if shut down the library, then we would have to travel for books to read or for school. The library is used each day, and since it's been there for decades, then we can

is a memory. Since it's an old library, then maybe instead of considering it to be shut down, it can be remodeled. Just as a suggestion, if people hanging in/out of the library then maybe, considering of hiring a real cop, and not some phony security guard that are just not strict enough to make kids go home. I hope that you change your mind.

Please don't close
down the library.

Sincerely,
Eric Morel

Akeena Knott
Gilbert Stuart M.S.
188 Princeton Avenue
Providence, R.I. 02907
April 27, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence, R.I. 02907

Dear Mr. Ronnie Young,

I have heard that your considering closing the Knight Memorial Library. It's most important to us students at Gilbert Stuart M.S. It's unfair to shut it down, it's where we go when we don't have computers and internet access. It's where we go to check out books and also to research and study. Haven't we gotten enough taken away from us already, like electives? In addition, we have less school supplies and respect.

When people think of the Providence School System they think of youths with no future. They are wrong. If you take the Knight Memorial Library away

From us you'll make those people right.
Some students parents don't have
cars to take them to a different
Library.

Even some adults use the Knight
Memorial Library for computer and
internet, completing job applications,
research, etc.

Some students won't have a
safe place to go after school and
Knight Memorial Library has after
school programs for kids and teens so
they can stay out of trouble.

Sincerely,

Akeena Knott

April 27, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence, RI 02907

Dear Mr. Ronnie Young,

I know you must be wondering why I am writing to you. I am a very concerned student from Gilbert Stuart M.S and I am against closing down the library Knight Memorial. The library to me is a very important process that helps children of all ages learn something new. If the library closes down then a lot of grades will lower down. I say that because kids have to go to the library to do projects and find research.

Usually kids have trouble with transportation, but your library is perfect because it's near a school full of kids that need help. It's also very important to adults because

they have to print things out and use the computer. Some people don't have access to one. It's very important if you keep the library open because usually little kids go there for story hour to learn something new. Where will the little kids go if there is no library? What will they learn if there is no story hour? Don't forget the fascinating books. Please don't close down the Knight Memorial Library because it's a very important part of our society. A lot of activities and programs are performed there like tutoring. Thanks for having time to read this.

Sincerely,
Jenny Keyes

Gilbert Stuart H.S.
188 Pruxton Ave
Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Parkis Ave
Providence, RI 02907

Dear Mr. Ronnie Young,

I am writing you this letter because I heard that you were going to close the Knight Memorial Library. I think you shouldn't because young kids go there once a week to listen to a story. They enjoy that. But if you close the library the young kids will be sad that they can't hear a story. Kids enjoy going to the library for After School programs, to do projects and to use the computer. People will be upset if they have to travel 20 minutes to go to a new library. The people that live near the Knight Memorial Library don't want

to leave. To go find a new library to go to.
They'll want to be at a library close to
their homes.

Sincerely,

Michaela Plunkett

Mr. Ronnie Young
36 Parkis Ave.
Providence, RI 02907

Dear Mr. Ronnie Young,

I am writing this letter to you because I have heard that you and the rest of the library staff are planning on closing down the Knight Memorial Library.

I feel that you guys are doing the wrong thing. The reason for this is because us kids use the library. Not just only kids, but adults too. We all use it. We use it for school works and many other things including research, checking books out, searching for jobs, and for after school programs. Another way we can use it is for

tutoring. Some kids may need tutoring for reading and that's exactly why the tutoring takes place at the library. It's the perfect place because of all the books there.

Therefore, I was just writing this letter to inform you in that lots of people and I do not want you to close down the Knight Memorial Library.

Sincerely,

Franselph Gurore

Renato Alvarado
Gilbert Stuart M.S.
188 Princeton Av.
Providence R.I. 02907
April 27, 2006

Mr. Ronnie Young
36 Park's Avenue
Providence, R.I. 02907

Dear Mr. Ronnie Young

I am writing this because I have heard that the library might be close called the Knight Memorial next to Gilbert Stuart Middle School. It should not be closed because kids and adults need it. We need the library, It's not fair! Do not close it.

We need the library because kids need it to get educated. We need the library so us, the people can use the computers for projects for school, and need the library to study. Also to check out books and movies.

Also the Knight Memorial Should not be closed because kids and adults can use it for emergency. Like go inside the library and ask the workers to tutor them on something. Also could go in there and ask the workers for a phone, to use it. In addition you can use the library as a emergency like use the bathroom.

Another reason you shouldn't shut down the library because it is the only near est one to kids and adults. It's because if you shut it down, kids and adults won't be able to go to the other library. Maybe because they don't got a car and also the other library is too far. Also should not close the library because kids and adults don't know another library.

So please do not close the library called the Knight Memorial. If you do, you are taking away kids and adults education, and the near est library to kids and Adults.

Sincerely,

Renato Alvarado

Gilbert Stuart H.S.
188 Princeton Avenue
Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Packis Avenue
Providence, RI 02907

Dear Mr. Young,

I am writing to you because I have heard that you're going to shut down Knight Memorial Library. I think that you shouldn't close the Knight Memorial Library. I think because students want to go on the computer, read, study, or even, they need research to do their projects, so they could be done and pass it in on time. Even older people needs it, because maybe they want to use the computer to get a job application or take out books for their kids.

Students really need the Knight Memorial Library to work and do their homework. Sometimes students go to Knight Memorial Library because they have an after school program. I think you shouldn't shut the Knight Memorial Library

Sincerely,

Peter Webb

Jennisis Garcia
Gilbert Stuart M.S.
188 Princeton Ave.
Providence, RI 02907

Mr. Ronnie Young
36 Parkis Ave.
Providence, RI 02907

Dear Mr. Young,

Don't you remember when you were young and you used to go to the library to check out some books, study hard to get into a good college? That what I want to do too. Get into a good high school. But you're closing the one library that has all my resources, that might help my future. That is the Knight Memorial Library.

Why do you ask to not shut down the Knight Memorial Library? Because think about the children who use the library for educational reasons, like checking out books for reports or just for fun. Studying for big test and needing their quiet time to concentrate that is one of the main things that the library is for.

Think about the employees you are dismissing? Librarians that love their job and love to help other kids to find the books their looking for? there really

nice people who care to find you're needs in the library. What about the computers! Kids even adults may have not had a computer at home or economical problems. So they rely on the library to do those things.

So think about it Mr. Young, there are many reasons to not shut down this library. Because to some of them it's their home. May be because of a library it got you this far to your position in society in Rhode Island. All I'm asking you is to not to shut down that has been here in RI for many generations. And I hope for more years to come.

Yours,
Jennisis Garcia

Mr. Ronnie Young
36 Park's Ave.
Providence, A.I. 02907

Dear Mr. Ronnie Young,

I am writing because someone told me that you are closing Knight Memorial Library. Is it true? Well one reason for it not to get closed is that kids might not have a place to do research on a project or even study for something. Another reason is that some of the adults use it to get new books to read to their children or they might use it to get information.

I don't want this library to get closed because it's the closest one to my house and my mom doesn't have a car so I can't drive somewhere else. I also can't take the bus. If you haven't noticed a lot of kids go into that library to do research or study.

Gaweling Vithaxay
Gilbert Stuart M.S.
188 Princeton Avenue
Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Park's Avenue
Providence, RI 02907

Dear Mr. Ronnie Young,

I don't want you to close down the Knight Memorial Library because everyone that lives near that library goes there to use it. Kids use the Knight Memorial Library's computers for school projects, and check out books to read. And for the people that live near the library, they're going to have to go to a different library that could be far away from their house.

Some kids go there after school so they can do their home work and meet with other kids to do project's research or study. Most people don't have computers

and books that they need to use. That's why we need the Knight memorial library. Some adults even go there to do things they need to do.

Sincerely,

Gaweling Vithaxay

Jairo Padrino

April 28, 2006

Mr Ronnie Young,
36 Parkis Avenue
Providence, RI 02907

Dear Ronnie Young,

My feelings for the Knight Memorial Library are strong. I don't want you to shut down the library. Therefore, it's not fair for the students who go there to study, check out books, or research. Some little kids go to the library, not just older kids go to the library but all of us. These little come to the library for story time, and they love it.

In addition, people that work there get money from the city so the library does not work alone. Some kids here at Gilbert Stuart go to the library for after school programs. Adults go to the library for

computers, Job applications, and etc. Students like me need those books for studying and to read. Last, some kids need this Library because it's the only library close to them.

Sincerely,

Jairo Padrino

Dear Mr. Ronnie Young,

I've heard the possibility that the Knight Memorial library is going to be shut down! I got really mad! I'm a hard working student and have to give up a resource that is very useful. My grades will go down!

I don't want to give up the biggest resource there is nearest to my neighborhood and school. In addition projects, research, book reports, reading, and also computer use. Some kids don't have computers at home and need for

The result of this is that
students need the library. Isn't
it!

Sincerely,
Juleidy Laro

Jairo Jimenez
Gilbert Stuart M.S.
188 Princece Avenue
Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Porkis Avenue
Providence, RI 02907

Dear Mr. Ronnie Young,

I heard that you are thinking about closing the Knight Memorial Library. When I heard this I thought that closing it was not fair.

We need the Knight Memorial Library, because this library helped use study for tests; this library helped use look up information and the Knight Memorial Library helps use with big projects we have to do for school.

The Knight Memorial Library also helps adults that need to find a job and sometimes adults need to find information

for the job they have. Even after school programs go to your library to learn about jobs that they want when they grow up.

And the Knight Memorial Library is not just for our middle school. Little kids like to come for stories. And that's why I want you to reconsider about closing the Knight Memorial Library.

Thank you,
Jairo Jimenez

Providence, R.I 02907

Dear Mr. Ronnie Young,

I heard you were thinking about closing Knight Memorial Library. That is unexceptable. Knight Memorial is right behind our school, Gilbert Stuart Middle School. Many of my classmates, as well as myself go there to do projects, reseach, and check out books. Now how do you expect us to do our projects?

This library keeps us out of trouble. There is not much to do. Now, if you distroy this library there will be less to do. We will not have the resoure of a library right behind

our school. Please think about it before
you do anything.

Sincerely,

Carmen Lugo

Dear Mr. Ronnie Young,

The Knight Memorial Library maybe closing down, Are you so kind, now I can't do my projects or read a book for fun. How do you expect us to get an education? A lot of people go there homes they don't have one, so they go to Knight Memorial.

Knight Memorial Library is a non-violent place. In this neighborhood there is violence and not that many places to go. This Library has made a difference in our Community. Also it has helped make positive memories for kids in our Community.

Please think about it, do it for the Comm-
unity.

Sincerely,

Tiffany Amarae

Dear Mr. Young,

I am writing this letter because I heard that Knight Memorial Library might be closing down. That is not a good idea and I got very angry when I heard that.

If some kids don't have computers at their houses and they need

to get research for a class, they need the library. When I never had internet access where else did you think I went? I went to Knight Memorial Library.

What about the after school programs that are held there? Are you just going to tell them "Oh sorry you are going to have to find some place else we are shut down."

I need to ask you a few questions. What are you going to make there if you shut the library down? Would you rather make something else than a place where kids can sit and study and do their work in silence? You think about that.

Sincerely,

Raymond Santos

Providence, RI 02907

Dear Mr. Young,

I heard that you want to shut down the Knight Memorial Library after it has been standing where it is standing now for decades and hearing that it was going to be shutdown was really dissapointing. I can give a few good reasons off the top of my head why you shouldn't shut down the library. One, because that library is the closest place with resources Gilbert Stuart has. If you shut down our library where are we supposed to go for information? The closest library besides Knight Memorial is the one in Olneyville but most parents aren't going to want to drive all the way to Olneyville.

So please consider not shutting down

the Knight Memorial Library. If my reasons aren't good enough for you, then please consider the other letters that you are going to receive or have already received.

Sincerely,

Edwin Vargas

Providence, R.I 02907

Dear Mr. Ronnie Young,

I think that you shouldn't close down Knight Memorial Library, because we all like to go there to do many stuff. I also think that you shouldn't think of closing down the library, because of the neighborhood. There isn't many places to go to like parks, fields, and now you want to take away our library, there will be less things to do and a boring neighborhood.

Although, I admit that I don't go to the library much, but there are many people who need to use it. Sometimes even I need to go, and when I do go that is the library I trust to go to Knight Memorial Library. For example, I go to do research, projects, look for books, etc. Imagine if its not there I would

need to go to another one that would be far away.
Not only do we students use the library, even adults
use it to get some research, fill up applications, read,
etc.

So now you know how I feel, but not only me, about
you thinking of closing Knight Memorial Library, and
hopefully you won't close it and understand our view.

Sincerely,

Mr. Ronnie Young
36 Parkis Avenue
Providence, RI 02907

Dear, Mr. Young,

I feel really bad that you decide you might close down the library. I think you are doing the wrong thing. If you close down then how are we (all that live in the neighborhood) going to learn and read books or go to the programs that's over there. Knight Memorial Library is a great library. People enjoy going over there. All I hope is for you to let Knight Memorial Library standing as the library it was before.

People go over there to play and sit outside and just hang around inside and be talking loud. It is O.K. if they do that just send them out and there will be nothing wrong with the people whom is working. Then next

time they will come back with more people
and I know they would love your library.
Your library is right behind us and one
day we could all take a trip to your
library. We love your library. Thank you!

Sincerely,

Chanda Huls

Mr. Ronnie Young
36 Park's Avenue
Providence, RI 02907

Dear Mr. Young,

I'm real disappointed that your closing the Knight Memorial Library because there isn't much things to do for us Kids. because most parks are all dirty with candy wrappers, glass bottles and dog droppings. So if you shut down the library the only thing we can do is stay home playing video games and watching tv.

One reason you shouldn't close the library is because of projects. If we have a project to do and we need information about our topic we can just go to the Knight Memorial Library if that's the only library near our house, go to the computer if we don't have one at home or pick out a book about it. We can also do our projects and homework there because it's a silent and quiet place to concentrate.

Another reason you shouldn't close the library is because of adults. Adults go to the library to go get information on a project if their in college. They also go to the library to get job applications.

There are more reasons for not shutting down the library but for now, please don't shut down the Knight Memorial Library, we need it to learn and to finish our goals to go to the next grade.

Sincerely,
Héctor Rivera

Mr. Ronnie Young
36 Park Avenue
Providence, RI 02907

Dear Mr. Young,

I am writing this letter to you to ask if you could please not close the Knight Memorial Library. If you close the library I wouldn't have nothing to do after school. I go there to do my researching and studying. If you close down the Knight Memorial Library are you going to build a new one? What will be there? How long will it take to build?

If you close the library and I have a project I would need your books to choose from. I think the Knight Memorial Library has more than our school library. Some kids need the computers too because many students don't have them at home. We need the computers for things like science fair projects.

So if you could please keep the Knight
Memorial Library up so everyone would be
happy.

Sincerely,

Dawn Hend

April, 27, 2006

Mr Ronnie Young
36 Parkis Avenue
Providence R.I., 02907

Dear Mr Ronnie Young,

I am writing because I heard that you wanted to close down the Knight Memorial library why would you do that? Many kids use that library especially when they have a Report to do and when they hear about a good book. If you close the library kids are going to have to go to other library's and some of the library's are far away, so some of the kids parents might not take them and they can't check out Books.

If you close the library kids won't have no where to go where it's quiet and somewhere where they can Read and do Homework and kids need to do Homework or else they would get in trouble with their teachers. Also kids go to the library

to stay off the streets and if you close it kids would be on the streets getting in to trouble.

Mr Young you say that you are closing the library because its not been used enough well your wrong because lots of kids go there and check out books. It is not fair that you will close it to the kids that do use the library also its not only kids that use the library, adults use it to so why would you close something that the community uses.

Sincerely

Edwin Garcia

Edwin Garcia.

April 27, 2006

Mr. Honnie Young
36 Parkis Avenue
Providence, RI 02907

Dear Mr. Young,

You should not close Knight Memorial Library that is the only place I could concentrate on my work in there and get my books for any homework I have. The library is almost next to my house and is easy to get there because its close and I could go right after school and get the stuff I need for anything at school.

You probably want everyone to go to the library maybe I'm not the kind of person who goes to the library everyday. But, I go sometimes for important things that I need or things that I need. You know I know not only kids goes to the library adult does. Why? well for some reason they need to use the computer for what is for job applications, research, things that they need etc.

I just want you to know to think about what are you
doing so one more time you should not close down Knight
Memorial library.

Sincerely,

Amanda Salazar

April 27, 2006

Mr. Bonnie Young
36 Parhis Avenue
Providence, RI 02907

Dear Mr. Young

I heard that Knight Memorial Library has to be shot down because they're claiming that it's not used enough well. I am very disappointed on whoever came up with this crazy idea. I think that Knight Memorial shouldn't be shot down for a lot of reasons.

My first reason is that kids at school have projects to do and they need to check out books or use the computer for research. Many students in Gilbert Stuart go wait in Memorial to wait for their bus on cold weather. Adults go there too to get their job applications, research, and stuff like that done.

My second reason is that some afterschool programs take place in this library. One of them would be the chess program, which many of my friends are involved in. Afterschool, some students like to get their homework done before they get home because if their house is as noisy as the streets of New York. You can take me as an example. I usually go to Knight Memorial because he never let me use "his" computer.

So if you ask me how I feel about Knight Memorial shutting down, I would tell you that it's a bad idea and you must be out of your mind if you do so.

Sincerely,
Claude Mumbere

Mr. Ronnie Young
36 Parkis Avenue
Providence, RI 02907

Dear Mr. Ronnie Young,

I feel very disappointed to hear that the Knight Memorial Library may be closing. I believe that students including me don't use it that much, even though it's not fair for the kids who do go to the library to do things like to study, check out books and research. There are not many things to do in the neighborhood afterschool so students go to the Library.

Imagine Knight Memorial Library closed, what will kids do? How about when students need books, have a project, or need to concentrate, Knight Memorial Library is there. If you close it, what will happen? Kids are going to have a rough time in school.

Now are you able to see that kids do use
Knight Memorial Library, not all of the time but when
they need it.

Sincerely,

 Sojahing Marte

Providence, RI 02907

Dear Mr. Young,

I think it's really unfair that the Knight Memorial Library might close down if plenty of people go there. So why close it? That library is good for a lot of things including after school programs, studying, and computers. Lots of people don't have computers also, lots of people use their computers for lots of things. Since that library is right next to the school it's the perfect place to go to for homework, too.

The Knight Memorial Library is great the way it is and where it is. People count on that library to be there for them when they need it. I know lots of people are going to be upset if it closed down. I believe it will change a lot of people's lives.

PROVIDENCE, RI 02907

APRIL 27, 2006

Mr Bonnie Yang

36 PARKER AVENUE

PROVIDENCE, RI 02907

Dear Mr Bonnie Yang,

I heard about the idea of
closing down Knight Memorial
Library. I strongly disagree!
It's not fair! It's our only
neighborhood library.

Knight Memorial is where
kids and adults go to do
research or use computers,

etc. When I go to Knight Memorial I feel safe like many other kids and maybe even adults.

Knight Memorial is the only library most of us can't count on. See we get alot of group work so many of us meet at Knight Memorial to do our work right after school.

I would pick Knight Memorial over any other library for many reasons. But my number 1 reason is that there's many ways to get to Knight Memorial. If you don't have a ride there's always the city bus to leave us at the door, or we can walk. It's not so far from many of our homes.

Yet I have to ask why
would you take down
Knight Memorial? What
are you planning on put-
ting up? Can it really
be more important than
a library? I think not!

I hope I felt you then.
Knew about how important
Knight Memorial is and
means to us. And I really
hope I was able to change
your mind.

Sincerely,

Wendy Cress

Steven Ortiz
Gilbert Stuart M.S.
188 Princeton Ave.
Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence RI, 02907

Dear Mr. Young,

You should not close the Knight Memorial Library!
A lot of people use the computers for project and job applications. You are preventing the community from going to a safe place after school. They also go to the library to do some research.

A lot of people use the library to use the

computers because they dont have any at home. You will be the reason why the students will be failing their tests. The reason is because alot of kids go there to study in a quiet place. If you close the library you will be taking that away from them.

A lot of after school programs are held at the library to read and study. So if you close the library the after school program will have nowhere to go. It will also take a long time for them to find a place to stay.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steven Ortiz', with a stylized flourish at the end.

Steven Ortiz

Providence, RI 02907
April 27, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence, RI 02907

Dear Mr. Ronnie Young,

The Knight Memorial Library should stay open. If they close the Knight Memorial Library students, adults, and parents will be very upset about the Knight Memorial Library to close. Why will they close the Knight Memorial Library when there is a school right behind it. I'll give you two reasons why the Knight Memorial Library shouldn't be closed.

One main reason why it should stay open is that kids with no computers at home, they need the ones in the Knight Memorial Library. Kids can do

research for their projects.

The Second main reason why they should not close down the Knight Memorial Library is because if they close it down they'll be closing down a learning environment. When you enter a library you don't see fighting, you see kids doing homework. Students do homework with other students and teach one another what the other has trouble learning.

That is why I don't want the Knight Memorial Library to be closed down. For the sake of students, Think about what I wrote and then make a DECISION !!!

Sincerely

David Gonzalez

David Gonzalez

May 1, 2006
Mr Bonnie Young
80 Parkes Avenue
Providence, RI 02101

Dear Mr. Young,

Hello my name is Terra Clements and I attend
Ollivet Stuart. My grades have really sunk down.
but I am determined to get them up. If you take
the Knight Memorial Library away you not only taking
it away from me you taken it away from every single
kid that walks through those doors. You really need
to take a big look at these kids how are you going
to just shut down on them. 99% of those kids you
see don't have a computer inside their house. The
way I see it the kids that walk through that
library want to be somebody in life. They don't
want to be bruno on the streets. And I know
this for a fact no kid right here, right now
in the 21 century wants to go to school and do homework
but you know you should be glad that there are some
kids here in Providence that want to achieve they
in life. Kids hold the future by you tearing down
libraries is only leaving a worse future for those
ahead. I know that I would never want to drive
by this area and sadly have to say to my children
that building once was a library but unfortunately it
was torn down to make another gas station so
the families can loose money and nothings left.
If you destroy the library you destroy the
kids, you destroy the future

May 1, 2006

Mr. Ronnie Young
36 Parkis Avenue
Providence, RI 02907

Dear Mr. Young,

I don't want the Knight Memorial library shut down, ~~beca~~use a lot of kids go there to use the books and computers. Kids that live near that library goes there to use it for school project. They use the computers for research and check out books to read. After school kids go there to do their homework and study.

Another thing why the Knight Memorial Library shouldn't be close, is that adults sometimes go there to use computers and do their ~~work~~ work ~~at~~ over at the library.

Sincerely,

Gaweling Withaxay

May 1, 2006

Mr Bonnie Young
36 Parkis Avenue
Providence, RI 02407

Dear Mr. Young
~~Dear Mr. Young~~ I think that we should not close
down the Knight Memorial Library because
many people use that resources for school projects,
writing papers and etc.. Also, the library at the
school is very small and has little books but
knight memorial is big and has many books. Also,
Knight Memorial library is always filled with
people because many people use that place as a
resource. If they close it down then many people
will have ~~a~~ nowhere to go.

Sincerely
Richard Daluz

May 1, 2006

Mr. Ronnie Young
36 Park's Avenue
Providence, RI 02907

Dear Mr. Young, I think Knight Memorial Library should stay opened because a lot of kids that need help with their school work can go to Library so some body can help. They should keep that Library open for kids that live close to it so it would be a close distance to them. And if they do shut it down the kids that live close to the Knight Memorial Library will have to walk to a new Library. Also the people that work there will lose their jobs.

Sincerely
Elliott Winslow

William W. W. W.

Mr. Young

36 Park St Providence, R.I. 02907

4/6/27

Dear Mr. Young

I heard that they are closing your library in July, and that's really bad because other kids need books and that you need votes so I might not be able to control them from closing that library but I can put in my vote to you and I hope you can keep that library open and the reason why is because it is very good order and clean library people like to hang around there and the library is just a good library.

The library is very clean and really really has most of everything in that library and also the library has trash can to throw away your trash and they should not close it and good place.

Sincerely
William W. W. W.
Gilbert Sward
Middle School
Good luck
With the library

4-27-06

Mr Young
26 Parkis ave
Providence RI 02907

Dear Young

Why do the people want
to take out the public library?
That is ~~not~~ a good idea because
you have to think about the
kids if they have projects to
do or if they want to read
a book how are they going to
get it if the library is closed.

If you do take out
the library ~~more~~ kids are
going to stay in the streets
and do bad things. What about
if they want to go to a
quiet place the only place they
could go to is the library.
Also the best place to meet other
kids is a library. Sometimes
if they want to go to use
the computer and check something
they can't because it would be
shut down. Where are people going
to work ~~at~~ if the library is
closed.

Sincerely
Noemi Fernandez
Cathart Elementary Middle School

Providence, RI, 02907

Dear, Mr. young I think The
Library Should not be closed
because when a kid needs to
do a project and he or she needs
to use a computer and at home
They donot have one They can
go to the Library or if They need
to do a book report on any book
They can go to the library and have
Some body help them find a book.

Also if They have alot of homework
and They dont know how to do it
and no body can help them at home
They can go to the library and
have some body help them to have
a public library is very important
The library is not only for kids
is also for grown people.

Sincerely

Jeffrey

Gilbert Stuart Middle
School

Mr. Young
36 Parkis Ave
Providence, RI, 02907

Dear Mr. Young

Why library should stay open
Because people need to sign library
card for there kids. And people could take
out book because they want to read
and take out. When kid get out of
school they just go to the library
and do there home work. Because
in the library it quiet and so
people could do there work.

Important reason why library should
stay open. Because it could take kids
off the street and making no trouble
on the neighborhood. When kid or adult
need to do there project because
they might not have computer at
home then they just come to the
library. When kids are boring they
go to the library and play activities
or writing.

Sincerely,

Bee Nova

Mr. Young
36 PEEKS AVE

Providence RI 02907
Dear Mr. Young

Hello this is Daisy Oliveira and
I'm writing this to tell that you
shouldn't take down the library
because a lot of people go there and do
things in there and you will
make kids disappointed because they read
there and learn a lot of things
and use the computer for
projects and do home work.
You just need to leave it as it
is cause you will make a lot
of kids mad. You will make
the people who work there get
another job and it close for a
lot of time and take a while
until they get picked and that
will be missed up cause they
probably work there for a long time
and you decide to mess it
up for them.

Sincerely
Daisy O.

Gilbert
Staub
Middle School

Mr. Young
33 Parks Ave
Providence, RI 02907

Dear Mr. Young,

I am here to tell you that the Memorial library should stay open. I say that because when I go there I go there to check out a book for information or use the computer also I do my home work there. That was one of my reasons.

I also think that the Memorial library should stay open. Is because all the people that work there is going to be displaced. Also the programmes there are really good. I also think that were are the kids that go to the programmes, were are they going to go.

Sincerely,
Christopher Cruz
Gilbert Stuart +
Middle School

Mr. young
36 Park St Ave.
Providence, RI, 02907

Dear Mr. young,

I think the Library should stay because most people rely on that. Some kids don't have no books or no computers to do their work. For some people this is the closest Library to their house and the other Library's are far from their house.

Your library should stay open because what will people do when your library will close. I think you should keep it open because sense I was a kid I went there and I don't know what other library to go to.

Sincerely,

Ansly Hertilien

36 Parkis Ave
Providence, R.I 02907
4/28/06

Dear Mr. Young,

My name is Michael Espinal I live
around the Library that you are going
to subown. I have been in there a coubb
of time and it a good place for
kids to learn.

When I was there I made new
friends. I did my whitting papers on
the computers that are there.

When I was there I saw kids learning
how to read, that library is a good
place for kids. you should think twice,

From Michael
Espinal
to Mr. Young.

4-27-06

Mr. Young
36 Parkis Ave
Providence, RI 02907

Dear Mr. Young, I think that they should not close the library because of the kids they need somewhere to go when they bored and they can go to play games, go on the computer, do homework, and stay out of trouble.

Also when you are at the school library and sometimes there are books you cant find so you will have to go to a public library.

4-26-68

MR. Young
36 Park Ave
Providence, R.I. 02717

Dear Mr. Young

I think you had better call the Knight
Memorial Library because we need a place to go
After school and on there spare time and to keep
Kids off the streets if they go to the library then
is a less of a chance to get approached by drug
members and asked to join a gang or strong drugs
in the streets and ruin there neighborhood

Sincerely
Learrie Benson

Hmily Mengler

Dear Mr. Young,

Why are you shutting down the library? I think you shouldn't because people go to the library to use computers, do homework, to research and to read books. And the workers can have a hard time finding another job. And lots of people live near there and can just walk there without using a car. even though lots of kids hangout there but don't close the library because of us. You should think about it again.

Sincerely,
Amy.
8th grade
Gilbert
Stuart.

Dear Mr. Young

I think the Library should stay open because it helps people find out about different things like jobs, information, projects, science and other different things.

I think another important reason why the library shouldn't close is because if it closes people might try to go to a library on a different side of the fence that live in the neighborhood of Knight memorial library.

Sincerely:

Met Miller:

Gilbert Steward

4/27/06

Dear Mr. Young

I think the library should stay open because people need to go there to do the work and researches on the Computer. Some people go there to read and to do the internet access and some kids go there to get pick up but any ways I think you should keep the library open so people could do what ever they need to do read books check out movies go on the computer do your homework, and play games quietly that's all I'm asking for just for you to keep the library open.

Sincerely

Julissa Tayne

Pr. 6

Dear Young,

I think you should not close the Knight Memorial library. There are a lot of students that need that library to study, socialize, be on the computers and more. The Knight Memorial is special to some kids. Especially those extra smart kids. They go to do research.

Sometimes people go to the library to fight though. People from Gilbert Stuart middle school. That's about the only bad thing that goes on at the library. But other than that, the library is a fun place to go. So don't close it. It's a place that gets filled up of people that go over there to learn, or get their work done.

Sincerely, Idaly
Martinez

From:
Gilbert Stuart

4/28/00

Dear :
Mr Young

The most important reason why the library should stay open, is because when people need help with a project or homework they go to the library. Knight Memorial Library is the closest library to most people's houses plus it's right behind a school.

Another reason why the library should stay open is because most kids, have nothing to do at home or they have problems between their family. They go to the library to spend some time reading a book or something. When people have projects and there's nothing on the computer they usually go to the library.

P.S

I hope it's not true what I'm hearing about the Knight Memorial library.

Sincerely
Fabiana Rodriguez
Gilbert Stewart Middle School

April 28, 2006

Dear Mr. Young,

I think you should not close the Knight Memorial Library because students need a place to study. Some children do not have a computer at home and they might need to come use the computers. For some children that is very important.

If kids are at the library then they won't be in no ~~trouble~~ trouble. They will not be destroying any property or doing any fighting. I can go get info about research and topics I need to look up. I would appreciate it and everyone else if you do not close the library.

Diandra Roberson

Providence, RI, 02907

Dear Mr Young,

The library should be open because
it keeps kids off the streets. If the library
closes, kids are going to be on the streets.
Kids start fights when they have nothing
to do. The library keeps kids out of gangs.

The library should be open because
kids that need help with their homework.
people need a place to study in case they
don't have a home. If you don't have a
computer you can use it at the library.

Sincerely
Chris Valdez

Dear Mr. Young,

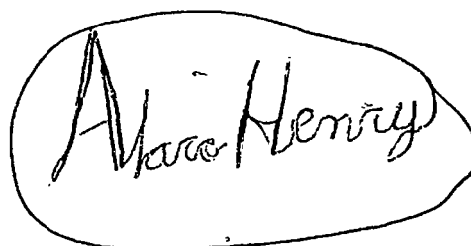

Hello my name is Henry Alfaro. I'm a student in Gilbert Stuart Middle School. My teacher has told us that you are going to close the Knights Memorial Library. With all due respect I do not think you should close the library. I think that you can't close the library, because it's a place to read, and learn.

Well Mr. Young, I would love to tell you why you shouldn't close the library. Over the years I've been to the library I have had great experiences, and I don't just say that about me. Others have had them too. Well my reasons for you not to the Knights Memorial Library is that many people use the library when its either to read, or to have some quiet. Also mostly kids use the computers, and also the books. When it's either to read or play on the computers. But mostly they use the library to do their home work. Even though that it might not look like kids care about the library but they do. Because in the library some kids feel safe, yet others use it as a resource to get connected to there homes, just to stay in the library. So if you were to close the library you won't just hurt kids. You'd be also hurting the community.

Well Mr. Young do you see what I mean? You don't have to close the library, because it's a good place for kids, and even adults. But allow me to tell you one little story, that happened to me in the library. You see I had a science project due in two days. So I headed down to the Knights Memorial Library to see if anyone could help me. When I got to the library they helped me get some books that help me on doing my project. So do you see that the library shouldn't be close? It's nice to hang out and it helps people with lots of stuff, also it is a great place to learn.

Thank you for reading my letter.

Sincerely,

A handwritten signature, "Alvaro Henry", is enclosed within a hand-drawn oval. The signature is written in a cursive, slightly slanted style.

April 25, 2006

Dear Mr. Young,

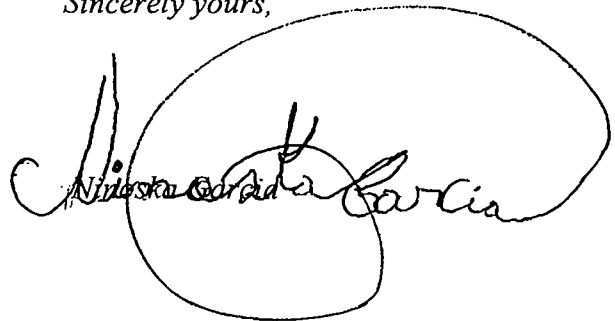

Hi, my name is Ninoska Garcia and the Knights Memorial Library is a really important place for me. This library is a really important part of my community. That is why you shouldn't close it.

It is important because it has many programs for people of all ages to attend. There are many schools that are close to this area and the students need that library for a lot of things. For example, doing homework and using the internet. The library is for people to study, to be in a safe place, or even hang out with friends.

If you close the Knights Memorial Library many kids like me will be on the street were they could find problems. Instead you could leave the Knights Memorial Library open and the kids will not get in trouble. They wouldn't get in trouble because the library is a safe place where children or even adults could be safe.

I go to one of the programs in the library. The program is called "Dead or Alive?" Thanks to that program I learn a lot of things about animals and Native Americans, plus I am in a safe place. One of the things I learn is that different tribes of Native Americans survived and acted in different ways. Learning this and many more things was interesting for me and I want other children to have the same experience that I had. If you close the library many kids will not have a lot of opportunities for interactive programs. What advantages will my community have if you close the Knights Memorial Library?

Sincerely yours,

A handwritten signature in black ink, reading "Ninoska Garcia". The signature is written in a cursive style with a large, looping "G" and a long horizontal stroke at the end. The name "Ninoska Garcia" is printed in a small, faint font directly beneath the signature.

April 27, 06

Dear Mr. Young,

Please do not close the library. My name Angel Pena I come from Gilbert Stuart Middle School I am in the eight grades. I don't want the close the library because every Friday I going with my family to reading book. And I go to the library because is a safe place. And I do my homework and went I don't understand something they can help me. And went I get project they help me with the project and they let me use the computer to do my project.

If the Knight Memorial Library was close, my family and I would not be able to go again. It is the only library that is close to my house and my family is going to be unhappy and me to.

This community needs the library to stay open because some people need it to do the homework, to reading book to be safe in the place and we can get book for free. And that is a quiet place we can be patient in there they help us to be a better person. And that Library is special for us. And this is no way to solve problem closing the library.

Sincerely,

Angel Pena

4/27/06

Dear Mr. Young,

Please do not close the library. My name is Domingo Ramirez. I come from Gilbert Stuart Middle School. I am an eighth grader. And the library helps all the kids to learn and when you don't have a computer you can go to the library and use it. And you can watch movies for free with your family and friends. The library is really big and you have a lot of space in the library. You can meet new friends to help you on your work.

For

example, when I got a movie I watched it and my parents liked it so I keep getting more movies. And that's why I don't want the library to be closed because without the library I won't read any more books and that library made me read better.

The families are always helping their kids with their home work. The community is helping some kids that need help with their home work or with their project for they can have a education in their lives. And there are two elementary schools that go to the library and 2 high schools that like the library.

The Knights Memorial Library is helping the kids that don't know how to read the library can help them. If the library is not open then the kids that don't know how to read then they can't go to the library and that's bad for. All the kids in the school are going to be so mad because of the library is closed. And the kids in other country when they come they are not going to anther stand the words in America.

Sincerely,

Domingo Ramirez

April 28, 2006

Dear Mr. Young,

My name is Larissa Alves. I came from Gilbert Stuart Middle School. I'm in the eighth grade. Please do not close the library!

Mr. Young imagine you can support all the community with this library. The library is a safe place where you can't be dangerous because some police women work in the library, and you can have a lot of thing for free, example: movies, books, and you can go to the internet, can be good when you have a science project with all the information you need in the library. Sometimes I go to the library and do my homework on the computer or somebody helps me.

This is important for the community to Knights Memorial Library open. I'm not talking only about Gilbert Stuart Middle School, but two Elemental Schools and two High Schools who can be affected by that. Imagine all those kids who can't have a library like Knights Memorial Library?

Sincerely,

A handwritten signature in black ink, appearing to read 'Alves', with a long horizontal line extending to the right.

4-28-06

Dear Mr. Young,

My name is Fabian Ochoa I come from Gilbert Stuart Middle School. I am in the eighth grade. Is good for us and are communities because the Knight's Memorial Library is a safe place. If you need something they can help you. The Knight Memorial Library got a lot of great things like programs for kids and for the adults. They support the community because there are part of our world.

And some time the people go to the Knight Memorial Library because they won't to half a good time. And the people Thad comes from another country they can get help you in the langue. Another School need this Library open because the won't to lard more about the Knights Memorial Library. Also the Knights Memorial Library name is rally good because I think that they gat a lot of books about Knights. Or it was a man that was very Brave man that fought for us.

If that Knights Memorial Library is going to but the grade down for the students close that student grade are going to gat bad because the students go there to do there work. I gat a teacher the has bend in this school for 7 year in the School.

Sincerely,

Fabian Ochoa

4-28-06

Please don't close Knight Memorial Library!

Hi dear Mr. Young,

My name is Laura Espailat. I am an 8th grade student at Gilbert Stuart Middle School. Like you know this note is especially very important for you because you could listen to my friends at Gilbert Stuart Middle School and others schools. Mr. Young I have being hearing that you wanted to close Knights Memorial Library for ever, ever, ever. That can not happened to all people that need it specially kids that need to finish their homework from school. I know that some of my reasons will be almost the same as others or more of curses because that's almost a home for all people ages. My first reason is we could have programs, quiet place to study and a place to hang out. Now if you have the pleasure to know specificity my reasons more far far don't close Knight Memorial Library.

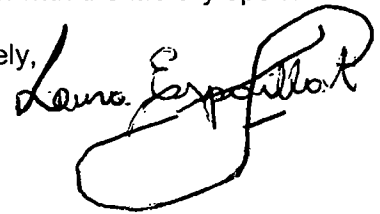

My first reason that you know is we should steal have programs in the Library because if our parents are working we could staid in the Library waiting they could pick up us. As us doing activity with the programs. That's why you Mr. Young should not close the Library for our communities please don't let our future that is school goes down because your Library gave us more opportunities. We could use the computers because you could give to us free internet and finish our works. That would help some kids and me please.

Some kids have a lot of people in their house and they don't have the quiet they want to be peacefully. In the library Mr. others people from all ages and me like to do our homework there because nobody bothers you and if you need help there's people could help you. Please again don't close Knight's Memorial Library.

Mr. Young you know our community it's not a safe place. Like you know living in this community you know what happens especially alcohols, drugs and fight with people death in Rhode Island. In Knights Memorial library we feel safe and a place to hang out without worry if something could happen.

Now Mr. Young at the end of my message to you I will hope you don't close Knight Memorial Library. Other people and I would not get tired of convincing you. If you close the Library we will be in will be in a bad situation for all people. If you leave it open you are doing me not only I all people a big, big favor and a big pleasure. Now is time to wait for your opinion. I hope will be open the Library. What do you think will happen with the Library open?

Sincerely,

A handwritten signature in black ink that reads "Laura Espailat". The signature is written in a cursive style with a large, looping flourish at the end.

4-27-06

Dear Mr. Young,

My name is Yajaira Contreras. I have seen people who learn in, and enjoy the Knights Memorial Library. I have been a student in the Gilbert Stuart Middle School for two years. As you know the Knights Memorial Library is in the back of my school. So it is a good place to be because we can do projects, use the computers, and they can help you to do homework.

I think if you close the Knights Memorial Library there will be a lot of problems. One problem is that students with out computers will not be able to do their projects and they will lose a helpful place. Also when students have problems, the Knights Memorial Library is there to help them. For example, one time I was at school and I had trouble because my mom didn't pick me up. So I went to the Knights Memorial Library and they let me call my mom.

However, if you don't mind, think for a minute about how many people can learn in the Knights Memorial Library. How many people don't have a computer to do their projects? Who else has free programs to keep us interested? Please reconsider your though about closing the Knights Memorial Library.

Sincerely,

Yajaira Contreras

April 26, 2006

Dear Mr. Young,

Hello, my name is Clara Feliz. I have been a student in Gilbert Stuart Middle School for three years. Knights Memorial Library is the closest library that I can go to from my house. And I think that Knights Memorial Library should not be closed down.

The reason that I think you shouldn't close the library is because students can go to the library to do their homework. They have computers that everybody can use, and everybody can go to get books. So the library helps the community a lot. Some people like to be in a quiet place to think, read, or even only to relax for a while.

When I was in 6th grade I didn't have a computer. I had to do a research for a project in the computer, so I went to the library. And you could use the computers for free! This year I have to do book report. Sometimes the book that I want to read isn't in the school library. I go to Knights Memorial Library, I tell the librarian the book I want and she would get it for me. There're a lot of more reasons of not closing down the Knights Memorial Library. So, do you think closing down the library would be a good idea for the community and for the students in this neighborhood?

Sincerely,

A handwritten signature in black ink, appearing to read 'Clara Feliz', with a stylized flourish underneath.

4-26-06

Dear Mr. Young,

I am writing this letter with the purpose of you changing your mind about the libraries being closed. The libraries are helpful and a part of our community. Some kids rely on the library for information. And the library helps all the people with information. It isn't just kids, but everybody who has use for a library.

The reason I am involved is that I know my grade will drop more than expected if the library closes. And it won't just be me, you can count on that. We depend on it for research on projects, and as a place to study for tests and quizzes. And what will happen to the people that work there? Will they have enough money for the rent or their food?

So Mr. Young will you leave our libraries open? We would really appreciate it. Our grades will not drop and we will know that you are a good person. Because imagine what will happen if you do close the Knight Memorial Library? It will be catastrophic don't you think?

Sincerely,

A handwritten signature in cursive script, reading "Eduardo DelaRoca". The signature is enclosed within a large, hand-drawn oval. A long, thin horizontal line extends from the bottom left of the oval.

April 26, 2006.

Dear Mr. Young,

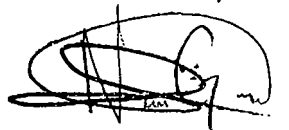

Hi, my name is Nilsa Gonzalez. I'm an 8th grade student at Gilbert Stuart Middle School, and I have been there for 2 years.

The reason I'm writing you this letter is to tell you how important the Knights Memorial Library is for me and for others. I think you shouldn't close the library, because having that library is easier to go to when our school library is full or closed. We can go there and do some things like: read books, use the computer, get movies, get books, and even meet some friends. The best part is it is for free.

I would like to tell you one of my best experiences in that library. Last year my science teacher assigned the class a science fair project, but my problem was that I didn't have a computer at home to do the research and to type it. So my mother took me to the Knights Memorial Library and asked the librarian if I can get a library card. The most exciting thing was that she did not just give me a card, she also give a card to my mother. Now my mother goes there and gets some books to read. This library didn't just help me, but my whole family.

In my opinion, I think the Knights Memorial Library should not be closed, because we can also use the phone if we are in a hurry. Another good thing about the library is that our parents can go there and take English classes and things like that. So, do you still think that the Knights Memorial Library should be close? Is that good for the community? Think of that!

Sincerely,

A handwritten signature in black ink, appearing to be "Nilsa Gonzalez", written over a horizontal line.

Dear Mr. Young,

This is Gloria Marton writing you from Gilbert Stuart Middle School. I am writing this letter because I want the library to please stay open because the library helps students study. It's a quiet place to study. You can use computers for researching information. You can find any information that you need in the library, so I think it is very important for you to please leave the library open. If you close the library, we will not be able to do our homework there, and our grades will go down. I am appealing to you. Please let the library stay open.

It is a safe place, and the library helps people in the neighborhood. If you close the library people will not be able to get transportation to go to another library. The library is a happy place for people because people want to learn. Mothers that have little kids that don't go to school can take their kids there to read to them.

All we are trying to say is, "WILL YOU PLEASE LET THE LIBRARY STAY OPEN."

Respectfully,

Gloria
Marton

4/28/06

Dear Mr. Young,

Hi my name is Gabriela Encinas, I come from Gilbert Stuart Middle School, and I am the eighth grade.

Mr. Young writing that letters me and all the people in my grade the three hours. For say that please do not close the library. Because in the library all type the book that us teach and learn to increase our vocabulary that the vocabulary can teach us. And the library Knights Memorial Library to be for because any work that the teacher give us work or for to do another things for to do and always go to the library because there have all the necessary information to do our work or look for s books.

Mr. Young we ask for please that does not close the Knight's Memorial Library. Already only two months for that finish the school. Please not close the library you know that the occupation for much things the school.

Sincerely,
Gabriela
Encinas

4-28-2006

Dear Mr. Young,

My name is Ricardo Cabrera. I come From Gilbert Stuart Middle School. I am in the eight grade. Please do not close the library! If you close the Knights Memorial Library many kids won't have a place to go to study and find information.

This library helps a lot of people when they are lost or when they need information about a project. This library doesn't just help Gilbert Stuart kids, it helps the community, and I t also helps adults too. This library has a program for 3 and older kids and that helps them to get ready for the next level. If this library gets closed it'll take away the chances that other people could have to go to the library for the first time. If the library gets closed the grades may go down a little because a lot of kids don't have internet and the internet helps them do any kind of project and like that we can learn better and easier.

If the Knights Memorial Library gets closed it won't just affect Gilbert Stuart it'll affect two elementary schools, two high schools, and one community center near by. Most of the high school kids will be more affected because they get a lot of homework. But that doesn't mean that they are the only one that can use the Knights Memorial Library everybody should be able to use it. If this library gets closed most of the kids won't have a good and quiet place to hang out and study. If the library doesn't get closed the grades will be increasing a little but is better than if they go down.

Sincerely,
*Ricardo
Cabrera*

April 26, 2001
188 PRINCETON
AVENUE

Dear MR. young,

please do not close the knights memona library, because I hear people talk that the knights memona library will be close down. Frist of all my name is faith Smith and I am attend Gilbert Stuart Middle School and I am in the 8th grade. I am write you this letter not because the knights memona library is cost to my school, no, but because it help student like me, it help middle school, Elemeatary school, high school and ~~the~~ ^{everyone in} the community.

My main reasons of me write you this letter is to tell you make the knights memona library to stay open. I like that library because gave learning opportunities to people that want it. kids read book to their self, and get book to read. In the knights memona they help people do home work if you ask for it. The library ever help people that not live round the community and support the community. So the knights memona library, if we lost it help my life, school, and going on the computer with out your help and alot of school round us. Why will the or child left behind? because we want to make or child feel bad, taking the library

04-28- 2006

Dear Mr. Young,

My name is Sharon Blagboh. I am a student at Gilbert Stuart middle school. I am in the eighth grade. My reasons of me writing you this letter is to make you know that the knights Memorial Library means a lot of things to the community, and to the students. The knights Memorial Library is a good place. So please do not close it.

This is some of the reasons we want the knights Memorial Library open. Students can do their home work and they can get help from the people in the library. The knights Memorial library is a quiet place. They have learning opportunities, and you can meet new people there too. There are other schools that need the Memorial library too. They are Alfred Lima Elementary, Fortes Elementary, the West End community center and other schools. They can make you do your home work on the computer and your projects. You can also look for jobs and do other things on the computer. Not every body has a computer at home. So think about that. There are people from all over the world need the knights Memorial Library.

This knights Memorial library have people to help you with your home work and to do other things. They have people that can help read in English. One day I was looking for a book to do my science projects, I went to the knight memorial library. I ask them to help me and they did. My grade was good because they help me. I can also say that the knights Memorial did a lot of things for me and my family. So this is why we need the Knights Memorial Library open.

Do you think closing the Knights Memorial Library will be a good thing? Think about that.

Sincerely

A handwritten signature in black ink that reads "Sharon Blagboh". The script is cursive and fluid, with the first name "Sharon" and last name "Blagboh" clearly legible.

4-28-2006

Dear Mr. Young,

My name is Jhoseline Alvarez. I am in eighth grade. I study in Gilbert Stuart Middle School. I am writing this letter for convincing you, for don't close the Knights Memorial Library, because is very important for the community and too for the kids that study in a school and they need help with the homework.

My reasons because I am writing this letter is for you don't close the Knights Memorial Library because as lots of kids, children, boys and girls they all the people they need the library so they can do homework.

My reason is too that some people like to stay in the library because they have an experience. I have one and is very interesting. When arrive to this country I don't any body and I don't have a friends whit who talk and a library and I don't nothing about a English and there I learn something, I remember which was my first word, was learn.

Mr. Young I wish that all the words that I am writing to you, you think about it.

Sincerely,
Jhoseline
Alvarez

April 28, 2006

Dear Mr. Young,

Please do not close the library. Hi my name is Arianna. I come from Gilbert Stuart Middle School. I am in the Eighth grade.

I want say the Knight Memorial Library is important for the community and for me. Don't close the library because not only the Gilbert Stuart Middle School and the community needs the library. There are two high schools and two elementary school besides Gilbert Stuart in this area. I know they do not want the Knight Memorial Library close.

My reason that I want the library stay open is that I do not have a computer. If you close where I will do my science project or use the computer?

My opinion is that this can affect to the community and the students. If you close the library, how you will help the community? Please from my heart don't close the library. Thank you!

Sincerely, 

Arianna Martinez

April 27, 2006

Dear Mr. Young,

My name is Agustin Leonardo. And I come from Gilbert Stuart Middle School. And I'm in the 8th grade. Please do not close the library.

People do their homework there. And people like to play games on the computers. And the Knights Memorial Library is a quiet place. And it has internet in the library. It a helpful place to read and talk quietly in there. And meet new friends or your other friends.

I read at the library, I meet my friends at the library, and play games at the library on computers. And do your homework and print pictures for my project.

The library is a quiet place to read or use the computers. It a safe place for people and if this library is closed no body can learn. They have phones in

The library and they have movies for free. It will be bad because if the library close people can not do their work and get books or read books and get movies too. If you got a sister they can help you but if you don't have a sister that will be bad because the library got to say open so we can learn. And the library is the important thing for students to learn and read and get a library card.

Sincerely

Agustin, Leonardo

4-27-2006

Dear Mr. Young,

My name is Sharon Cuello. I am an eighth grade student at Gilbert Stuart Middle School. I want to tell you to please do not close the Knights Memorial Library. This library is very important for all the students and the community. Is good for us and the community because if we have to do something like homework, projects things like that and we have to use the computer the Knights Memorial Library is there for us to do our work. And for those who does not have computer the Knights Memorial Library is there for them. Mr. Young a reason that I'm telling you this is because students and the community need this library open. One day I had a project on science class, but my computer was damaged, and I was very sad because I didn't want to have a zero in this project. But then I said wait there is the Knights Memorial Library next to my school, I can do my project there, then I did my project and I had a good grade. That's one reason why you have to leave the Knights Memorial Library open.

Mr. Young many bad things could happen to many students and to the community if you close this library. For example: students grade can go down/decrease, maybe some people will have to take the city buss to go to another library. It can have many problems. We really need this library. Do you think we will like our grades to go down? I don't think so. So please leave the library open.

Mr. Young the community needs this library open. This is the only Knights Memorial Library around here, and we have schools around here that needs this library. This Knights Memorial Library gives the community many opportunities. This library has many programs that teach us many very important things. And it is a very safe place. For example: if you have to make a phone call you can go to the library and call for free. If you need any information about something you can go to the Knights Memorial Library and get what you want. This Knights Memorial Library is very important for all the students and the community. Don't you think so?

Sincerely,

A handwritten signature in cursive script, appearing to read "Sharon Cuello", with a long horizontal flourish extending to the right.

April 27, 2006

Dear Mr. Young,

My name is Sophanha Tor. I come from Gilbert Stuart Middle School. I am in the eighth grade. Please do not close the library! I think all students want every library open because it can help all people in United States, and all students can do home work, read books, and the library can give knowledge. Some people go to the library because they can find books or newspapers to read for a job, and they can watch movies about anything in world.

Students in America can use the library for free because some students go to anywhere because they want to learn. The Knights Memorial Library is the city library and it is near my school. When it opens I can go into library with my friends. When I go to home, the library can help some people to know English.

I think all students want library open in vacation too, and you can have new friends .They can do work or use book, computers when you want, and it is quiet place.

Why libraries close?

Sincerely,

Sophanha Tor

Chevin Gubern

Mr. Young

4-27-06

Dear Mr. Young,

The most important reason why library should stay open because it keeps a lot of kids out of trouble cause it keep people busy. Somewhere go when you need to concentrate and work on something like a Report or Essay. It's a quiet place who would wanna close down something like that.

another reason why the library should not close because people make lots of friends there. What happens when they close it down it all lost. do they want kids to lose all that and feel bad. do they?

Sincerely,
Chevin Gubern
Gilbert Stuart middle
