CHAPTER 1991-2

No. 2 **AN ORDINANCE** IN AMENDMENT OF CHAPTER 21 OF THE CODE OF ORDINANCES OF THE CITY OF PROVIDENCE BY ADDING SECTION 21-19, ENTITLED: "CAPITAL EQUIPMENT BUDGET".

Approved January 4, 1991

Be it ordained by the City of Providence:

SECTION 1. Chapter 21 of the Code of Ordinances of the City of Providence is hereby amended by adding the following:

Section 21-19, Capital Equipment Budget.

(a) Definitions.

Financing Lease. A Financing Lease is any arrangement with vendors or financial institutions which involves the commitment of city funds from more than one fiscal year.

As part of the annual budget submission, the mayor shall present to the City Council a Capital Equipment ordinance detailing a budget for those items to be financed through financing leases in the upcoming year. Said ordinance shall list the items to be purchased for each department and the estimated cost of each item, and the payments to be made for each item in future fiscal years. This ordinance may contain a line item for Miscellaneous/Emergency items, not to exceed \$100,000, which shall be used to fund emergency purchases of equipment and absorb costs which exceed the original estimates.

The agenda for the Board of Contract and Supply shall indicate any items being purchased under lease-financing arrangements, and the City Controller shall certify that there are sufficient uncommitted funds from the Capital Equipment budget to purchase the item. No purchase order shall be issued in the absence of such certification.

The Capital Equipment Budget shall also include a listing, by department, of the payments under financing lease arrangements from previous years which are included in the operating budget.

SECTION 2. This Ordinance shall take effect upon its passage.
