RESOLUTION ITEM 5

Councilman

The following memo is a response to resolution 5 to be heard at the 5/22/18 Public Works Committee Meeting

1. Resolution Requesting the Traffic Engineer to cause the installation of crosswalks at Valley St., Broadway and Westminster Street, including the installation of Pedestrian Crossing Flashing Lights and proper signage.

Response: I have clarified with Councilwoman Matos that one of the locations for the pedestrian safety improvements is the crosswalk on Westminster St. at the intersection with Service Road. Service Road is the next intersection east of Troy St. We will review pedestrian safety improvements including flashing pedestrian crossing signs at this location. We will communicate with the councilwoman to see if there are additional locations associated with this Resolution.
