Re: Tax Abatement - Bridgham St.

From: MARC CASTALDI

Upon review of the BRIDGHAM STREET Abatement Application two problems come to my immediate attention. The first problem refers to the actual application. The letter addressed to you from FINAN & GOURKE mentions three properties located on BRIDGHAM STREET but only two applications are submitted. Secondly, the property must be rehabilitated and occupied for at least one year before any abatement for taxes can be considered. Also a certification form from the division of minimum housing stating that the property comply with minimum housing standards is a must.

I spoke with attorney EDWARD GOURKE and told him that the collector's office would place a holding code on the three properties to prevent them from appearing on tax sale and allow the houses to be rehabilitated for occupancy. Therefore, at this time it is premature to present these properties before the City Council for tax abatement.

Dear Councilman Lombardi:

As attorney for Fleet National Bank, the holder of a mortgage on the above properties, I am writing about the attempted transfer of these properties to the Providence Jaycees.

It is my understanding that you are filing a petition with the City Council to abate the back taxes on these properties. The present owners, the Thakurs, are willing to deed the properties over to Providence Jaycees, and Fleet is willing to discharge its mortgages for a nominal consideration.

These matters have been on the Housing Court Calendar since 1990. The court is anxious to resolve the outstanding violations and see that the properties are transferred and rehabilitated.

The case has been scheduled to the calendar of February 23, 1993. Judge Brodsky asked me to convey the urgency of this matter to you. We request that this matter be given top priority.

Thank you for your cooperation. If there is anything I can do to be of assistance, please do not hesitate to contact me.
