February 12, 1976

The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

RE: Resolution No. 822
Dated-11/13/75

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: The the Traffic Engineer is requested to cause the replacement of all missing or damaged traffic regulation signs and "STOP" signs wherever needed, within the Twelfth Ward.

Disposition: At the present time, this department is unable to conduct a street by street survey to determine what signs are missing because of the fact that our office staff is quite small and our office vehicle is in an unrepairable condition. We would appreciate it if the councilmen in this ward would contact this office when such conditions occur.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Frank A. Tibaldi".
Frank A. Tibaldi
Traffic Engineer
