From: Merlin A. DeConti, Jr., *MAD* Director
Date: Jan. 29, 1992

This department has reviewed the plans for the proposed handicap ramp to be installed at 76 Dorrance St. on the City sidewalk, prepared by Dave Presbrey Architects.

The plans as submitted comply with the requirements of the R.I. State Building Code except for the fact that a two inch curb is needed at the side of the ramp in line with the rails. With that exception, this department has no objection to the handicap ramp as shown.
