**ANNUAL
REPORT
OF THE
PERSONNEL
DIRECTOR**

**CITY OF
PROVIDENCE
1962 -- 1963**

January 16, 1964

To The Honorable Walter H. Reynolds, Mayor
and the Honorable, The City Council

As directed by and in compliance with the City Ordinance, I am submitting the annual report of the Personnel Department for the year 1962-1963.

This department, now in its twelfth year, continues to increase the efficiency of our public service by the diligent operation of sound principles of personnel administration.

Basic to any attempt to realize the objectives of a comprehensive personnel program is the support and cooperation of department heads and municipal employees.

Therefore, I wish to extend my sincere thanks and appreciation to the Mayor, the Members of the City Council, Department Heads and all city employees for the exceptional support they have given to this department during the past year.

Respectfully submitted,

Edward F. Moran

Edward F. Moran
Personnel Director

PERSONNEL DEPARTMENT ACTIVITIES

The Personnel Director of the City of Providence is responsible under the charter for the administration and control of personnel policies for more than 3200 employees who received \$14,730,882.76 in pay and benefits during the fiscal year 1962-1963.

Because of the complexity of this task the Mayor appointed during the year a three man committee to study personnel operations in the City. The Committee worked closely with the personnel department as well as with other city departments.

The recommendations of this Committee are either being carried out or were being studied during the time of this report. The effect of the changes has been to strengthen control over hiring, department record keeping, and employee performance and sickness records. A program of issuing official city identification cards complete with photograph to all employees started in September and is being completed in the new fiscal year.

New forms and processes being adapted throughout the city during the 1963-1964 fiscal year, resulting either from Committee recommendations or from studies made by this department or other city departments will result in continued efficient control of all personnel.

There follows a breakdown of the more important functions of this office. These can be divided into two headings: the hiring process, and the administration of benefits.

INTERVIEWS and HIRING

The hiring process in the city starts with filling out an application at the personnel office. During 1962-1963, 1870 applications were filled out and the applicants interviewed by the Personnel Director. When a department makes a request to fill a vacancy these applications are reviewed for qualifications and the best are sent for an interview by the department head. All people who are to be hired by the city are sent to the city doctor to see if they have the right physical qualifications for the job.

EMPLOYEE BENEFITS

The Personnel Director processes and controls Sick Leave, Vacation and Hospitalization benefits for City employees.

Requests for Sick Leave and Vacation benefits, with the exception of those for uniformed police and firemen, are received by the Personnel Department. These are recorded in the records kept by this department for each individual employee and checked for accuracy and completeness.

In cooperation with Rhode Island Hospital every city employee is assured reasonable medical care and treatment. The Personnel Director investigates and authorizes all requests for this care with the approval of the Mayor. In the past fiscal year, \$70,878.32 was paid to Rhode Island Hospital under this program:

OTHER ACTIVITIES

The Personnel Director is a member of the Injured Employees' Board and attends all meetings held. Each injured employee's case is carefully investigated and a report of such findings is made at the succeeding meeting.

The Director of Personnel attends all meetings of the Retirement Board in an advisory capacity. Every application for extension of service in lieu of retirement is sent to the office for investigation.

Each applicant is investigated and after all factors are carefully weighed, a report is submitted to the Retirement Board for confirmation or rejection.
