SUBJECT: Referral No. 983 - PURCHASE OF A PORTION OF LOT 505 ON
ASSESSOR'S PLAT 76

Gentlemen:

This referral is a request by the City to purchase a portion of Lot 505 on Assessor's Plat 76. The area in question contains approximately 220.104 square feet.

On the field trip it was found that this portion of Lot 505 is located at the rear of Esek Hopkins Junior High School, and this area is no longer used for this water bed due to a new channel that was constructed.

Since the Louisquisset Expressway has taken a portion of Hopkins Park play area the enlargement of Metcalf field becomes a more important factor, also, our Master Plan calls for this playfield enlargement. Therefore, it is recommended by the City Plan Commission staff that the City purchase this area for the enlargement of Metcalf field.

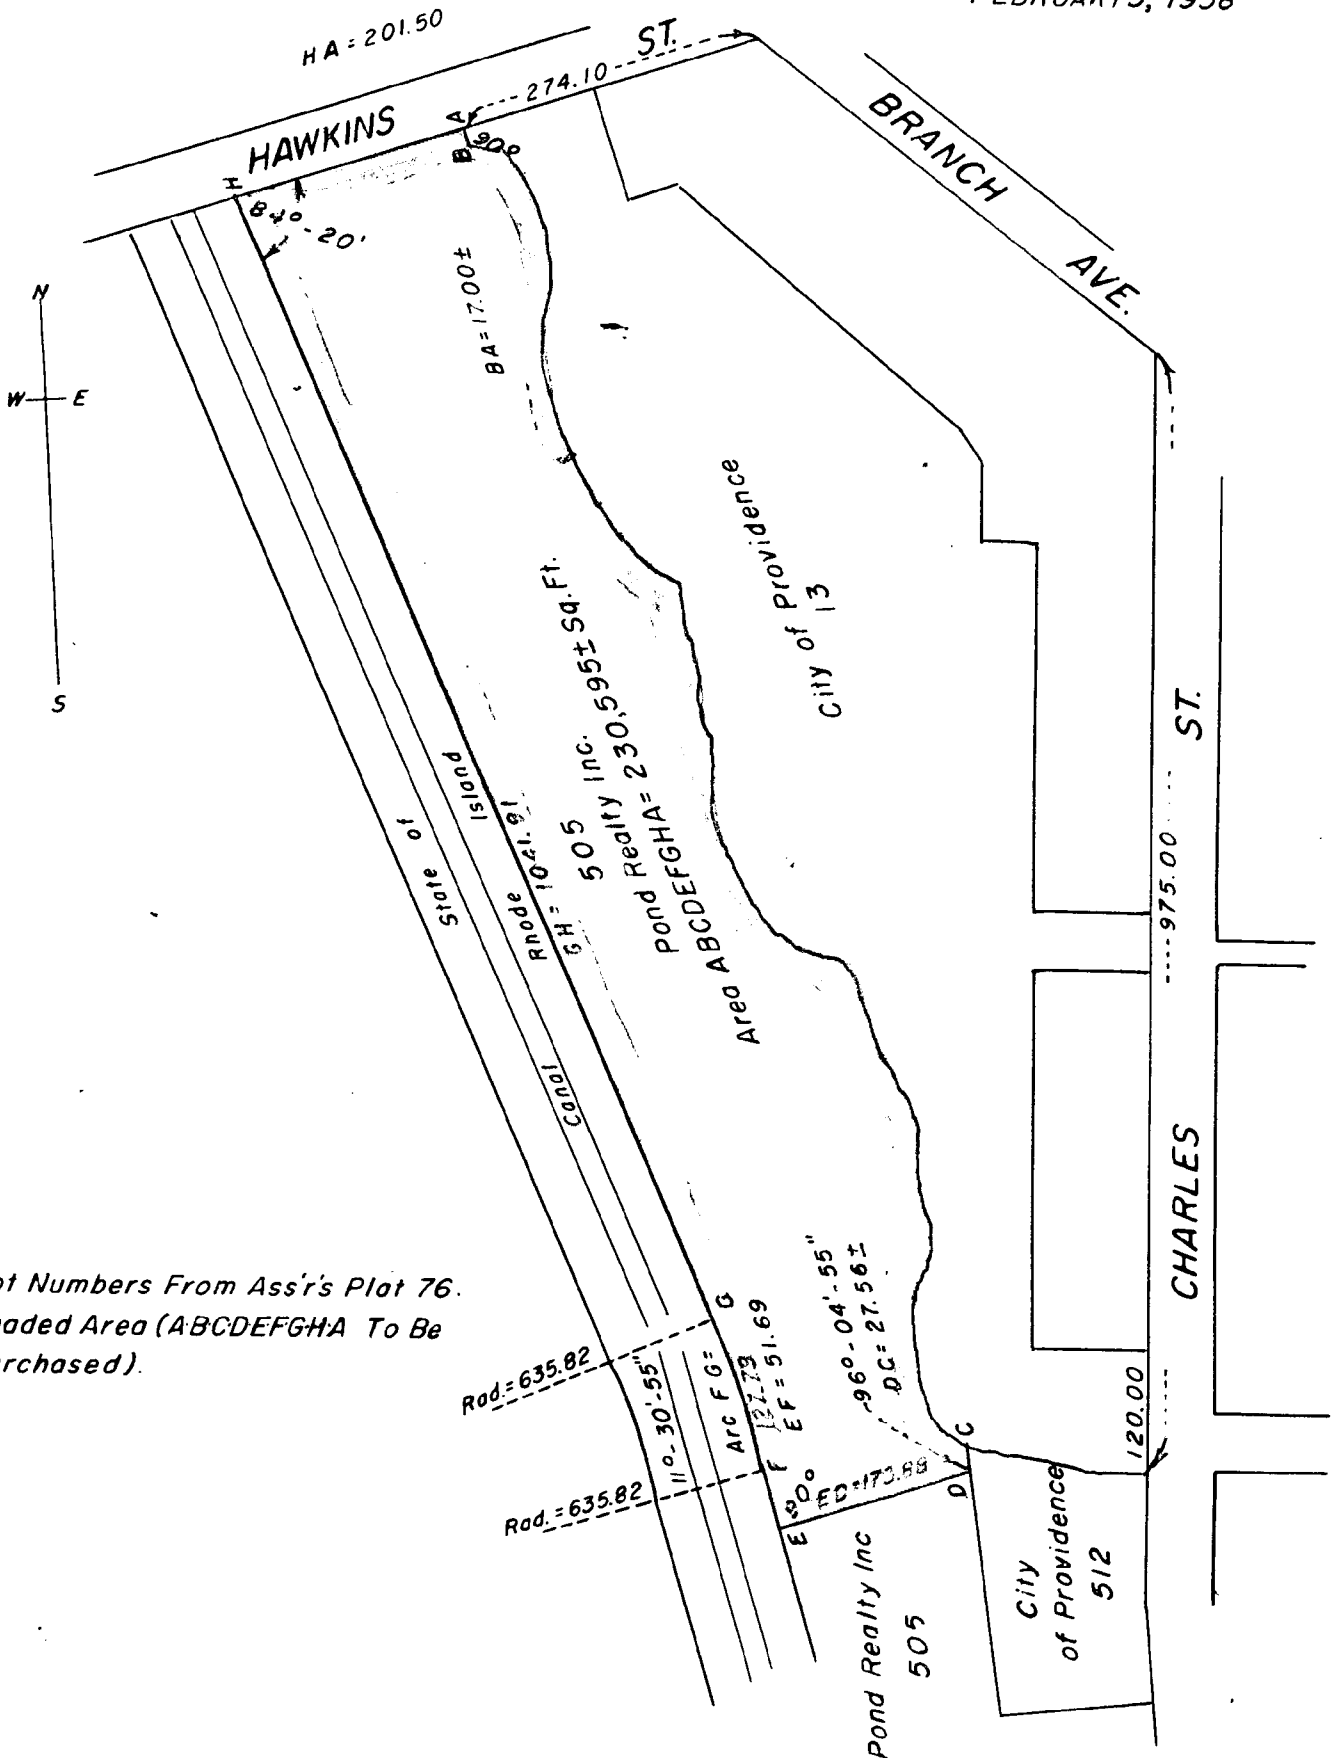

Very truly yours,
