

RESOLUTION OF THE CITY COUNCIL

No. 512

Approved August 12, 1977

WHEREAS, death has taken from this life Doctor Charles Hugh Smiley, Late Professor of Astronomy at Brown University, whose broad knowledge of that science informed all and sundry of the Wonders of the Galaxy of the World, and

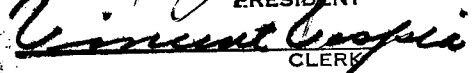

WHEREAS, a leader in scientific expeditions in the solar system, Doctor Smiley traveled Internationally, often accompanied by his charming wife, Margaret Kendall Holbrook Smiley, to work in the area of Lunar and Solar Eclipses, such work established him as a most respected Scientist, and

WHEREAS, Doctor Smiley, whose Doctorate was in Mathematics from Berkley University in 1927, had membership in the Phi Beta Kapa Society; he was a Professor of Mathematics at the University of Illinois and a Guggenheim Fellow, at the Royal Astronomical Society in London, England and a visiting Docent in Poland, and

WHEREAS, the honors of which he earned afforded him his Membership into the Royal Astronomical Society; the American Association for the Advancement of Science; the American Association of Variable Star Observers, of which he was a Past President; a Charter Member of the Institute of Navigation; a Membership in the American Astronomical Society; the Royal Astronomical Society of Canada; the British Astronomical Association of America and the International Astronomy Union,

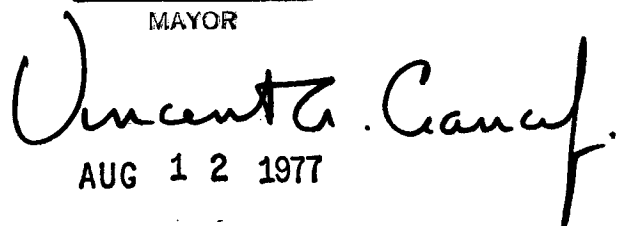

NOW, THEREFORE, BE IT RESOLVED, that in the passing from this life of Doctor Charles H. Smiley, an Astronomer without peer, the scientific segment of our society in Astronomy, while mourning his passing can, with pride, assess his myriad of contributions in the scientific field where his name has been indelibly inscribed, the City Council in meeting assembled, pauses in respect to his memory.
