SUBJECT: Referral No. 1533 - ZONING CHANGE AT 222 SMITH STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, April 28, 1966.

This referral is a request to change Lot 74 as set out and delineated on City Assessor's Plat 67 from an R-4 Multiple Dwelling Zone to a C-1 Limited Commercial Zone. The lot in question contains 3,765 square feet of land.

The Master Plan proposes high density residential use in this area.

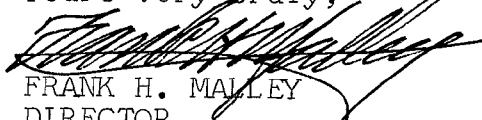

On an inspection and photographic survey it was determined that the property in question is a paved parking lot capable of accommodating approximately 12 automobiles. Immediately next door is a parochial elementary school. The neighborhood in general is in fair to poor condition.

Any further commercial use in this area would be most detrimental. The surrounding residential area is densely populated, the traffic is heavy and parking is a serious problem. This would also create a clear case of spot zoning. Therefore,

The Commission

VOTED: To recommend that this petition be denied.

Yours very truly,
